TEACHERS' BUREAU!

THE wise teacher does not spend time and money in running round looking for a position. The wise board of school trustees knows that it cannot always select the right teacher from a number of applicants. Both know that the more prudent and satisfactory course is to leave the matter in the hands of experts.

The Manager of the EDUCATIONAL REVIEW Teachers' Bureau believes that he can render good service to Teachers and Boards of School Trustees in filling vacant positions. He wishes the Bureau to stand entirely on its merits, and hopes to win for it, by straight and honorable dealing, the confidence of the public.

No charge will be made trustees desiring to secure teachers, and both trustees and teachers are invited to notify the Bureau of vacancies.

Teachers wishing to register are requested to apply to the address below, with stamp, for circulars as to terms, etc. Address all communications to EDUCATIONAL REVIEW Teachers' Bureau, St. John, N. B.

G. U. HAY, Manager.
