

DEFENCE PROGRAMS, PRODUCTS, RELATED EQUIPMENT AND SERVICES

Defendory '90 (National Stand)

Piraeus, Greece – October 2-6, 1990

Defence Products

This biennial event promotes defence equipment, plus electronic and automotive products. EAITC's objective is to promote Canadian technology and products in military communications, military vehicles, NBC, aircraft and marine navigation equipment and training equipment. Defendory '88 was attended by 33 000 visitors from 70 countries. Fifteen Canadian firms exhibiting on the Canadian stand reported sales projections of \$15 million.

Security '90 (Information Booth)

Essen, F.R.G. – November 20-23, 1990

Security Equipment

This fair is the prime tool for reaching the security equipment market. It brings together suppliers and buyers, including police and fire authorities, who are not susceptible to other marketing methods.
