

ACTIVITIES OF MANY SORTS

Toronto provides an abundance of opportunities for all to experience the "meeting place". Harbourfront, on the lakeshore, is host to art galleries, theatres, flea markets, restaurants, boutiques, condominiums and marinas. More than 3.5 million visitors come to enjoy its 4,000 year-round arts & cultural activities. Outdoor summer concerts abound. It's one of the many venues used by the city-wide du Maurier Ltd. Downtown Jazz festival, a 10-day event in June showcasing nearly 1,000 local and international performers of nearly every style of jazz, from fusion to dixieland.

A 10-minute ferry ride from Harbourfront brings you to the Toronto Islands, an oasis of parklands and beaches, cottages, marinas and kilometres of bicycle and walking paths. From there, you have a panoramic view of the city skyline, shaped by the monolithic CN Tower, the world's tallest free-standing structure, and the majestic SkyDome, the world's

first multi-purpose stadium with a fully retractable roof.

Further down the lakeshore is Ontario Place, a modernistic amusement and educational park built above the water. Highlights include the Cinesphere — a theatre that projects IMAX films on a six-story high screen, and a summer's worth of outdoor concerts in its amphitheatre. In June and July, Ontario Place is host to the Benson & Hedges International Fireworks Festival, where the skies above Lake Ontario are ablaze with a spectacle of music, thunder and light.

The Exhibition Place nearby is home to the Canadian National Exhibition, the world's largest annual fair, in late summer, and to the Royal Agricultural Winter Fair in November, host of the celebrated Royal Horse Show. The grounds are also the site of the Molson Indy in July, a fierce competition that challenges the international superstars of Indy car racing.
