CONFIDENTIAL

"Witness believes there was a Pilot in charge of the Steamer at the time the collision took place. She was on her way to her berth at that time. The Island wharf projects slightly into the stream. When witness spoke of the payment of the several items of the account, Plaintiff Exhibit No. 1, he did not mean to say that the money passed through his hands. Plaintiff Exhibit No. 2, he did not mean to say that the money passed by him and paid through the Plaintiff's Office. Was not present at the payment of all the items of that account. Believes he saw two of the items paid, those of \$24 00, 25, and 100, \$1 00, 25. Witness never saw two Ocean Steamers come back other in the Channel opposite the Island wharf. Can speak positively as to the day the collision took place."
