

INTRODUCTION.

TORONTO, February 28th, 1901.

The Committee on Names and Addresses, appointed some time ago by the Upper Canada College Old Boys' Association to make out a roll of the college, with addresses of "Old Boys," so far as they could be obtained, has completed its labours for the present and has embodied the results of them in the publication now issued. The members of the Committee beg to thank very heartily all of the "Old Boys" who have so willingly and readily co-operated with them by giving information and by sending corrections which have made it possible to improve greatly upon the proof copy sent out in June last. As even a cursory glance will show that there are still many gaps to be filled up, it is earnestly hoped that every "Old Boy" into whose hands this Roll may come will not only keep it by him for reference, but will read it carefully through and send such corrections as he can to the convener of the Committee, whose address appears upon the wrapper and in the list of officers. It is also hoped that the short sketch of the Association which has been added to the Roll will be a source of information to some who may, perhaps, not have understood its aims heretofore.

The Association has done good work in the past, and, with a larger membership, will be capable of doing still more in the future for the old school. Happily a new era of prosperity has dawned for the College, so that, with a constitution which has removed it from political control, the distinguished man at its head now has ample opportunity to work out his ideals for a great national public school, which has for its constituency not only "Upper Canada" but the whole of the Dominion, and indeed lands beyond our own borders
