the spirit that not only gratifies the palate, but satisfies the calls of nature. In no invigorating cordial compounded for organic disorders are there the same stimulating influences and tonic virtues as are to be found in Wolfe's Schnapps, a distilled spirit which possesses natural ethers of supreme worth where the organs of the body demand a tonic corrective.

RHEUMATISM KEPT HALF-MILER AT DORVAL LAKES LAST, LONG ODDS

Suffered Tortures Until "Fruit-a-tives" Cured Him

McMillan's Corner, Ont., Sept. 30th, 1910.

"Your remedy, 'Fruit-a-tives' is a perfect panacea for Rheumatism. For years I suffered distressing pain from Sciatica or Sciatic Rheumatism, being laid up several times a year for days at a time. I went to different doctors who told me there was no use doing anything—it would pass away. They gave me mustard plasters and other remedies that did me no good. Plasters bring no effect on me—except to blister me and make raw spots. I took many advertised remedies without benefit, but finally, about two years ago, I got 'Fruit-a-tives' and they cured me.

Since then, I take 'Fruit-a-tives' occasionally and keep free of pain. I am satisfied 'Fruit-a-tives' cured me of Rheumatism and they will cure anyone who takes them regularly. If this letter would be of value to you publish it." JOHN B. McDONALD.

Indeed, this letter is of value to us and to the thousands of sufferers from Rheumatism, Sciatica, Lumbago and Neuralgia. It points the way to a certain cure. 50c a box, 6 for \$2.50, trial size 25c. At dealers or from Fruit-a-tives, Limited, Ottawa, Ont.

"Since the law prohibited warships from remaining more than a month in territorial waters, the senate authorized the said ships to remain, but with the understanding that those remaining should not entail an attack upon the dignity and sovereignty of Mexico. Such authorization limited them to a period of six months, dating from April 25 last, and it was not thought advisable to renew this authorization upon the approaching expiration. Other ships, which made visits of courtesy and not of vigilance, have been received by the Mexican authorities according to international laws and customs.
