Sad Accident.

Special to The Toronto World.
KINGSTON, Ont., Feb. 19.—Walter Babcock, 22, son of Ira Babcock, Bath, lost his life on the lake in a brave attempt to save the life of his brother, Oscar Babcock, 15, who wandered out on some ice.

WORKS ESTIMATES
SOMEWHAT REDUCED

Nearly Third Taken Off

CLEANING SNOW COSTS

Reduction Made, But Commissioner Says He Will
Require More Yet.

The works department estimates received quite a shock yesterday when about one-third of the total amount was deducted by the committee. The total was \$3,384,081, and the reduction \$1,090,775. Of this amount \$105,775 was taken off the maintenance accounts and \$985,000 off capital expenditure. The amount required for hydrants and valves was reduced \$11,500; reconstruction of pavements still under guarantee by \$30,214. A permanent chlorinating building, to cost \$15,000, will not be built, the item being struck out. In capital expenditure the following items were killed: New bridge on Spadina road, \$40,000; bridge on St. Clair avenue east, \$245,000; high pressure fire system extension, \$500,000, and the remodeling of St. Andrew's market, \$100,000. The estimates of this department have yet to come before the board of control, and it is more than probable that they will be subject to further pruning.

Street Cleaning Cost.
The estimates of Commissioner Wilson of the street cleaning department came before the committee yesterday afternoon when \$21,597 was taken from the total of \$1,248,656. The most interesting item in these estimates is that for snow cleaning. To date it has cost the city \$41,700 for this work and it is not done yet.

City Architect Pearce's estimates for the year, amounting to \$78,346, were passed by the property committee without any reductions. Last year's estimates were \$74,094.

At the present time Toronto has about a two and a half million dollar overdraft, and if the estimates for this year do not receive more cutting than they have so far it would look as tho the tax rate will be higher.

Water in Abundance.
The 54-inch conduit across the Island connecting with the tunnel across the bay has been completed and is being put in, so that Toronto is now sure of an unlimited supply of water from the lake. The new intake has a capacity of 65,000,000 gallons making a total of 150,000,000.

Chief Thompson's estimates for the fire department this year are \$499,231 against \$575,000 last year. The increase is due to the raising of salaries. A permit has been issued for the erection of a 325,000 office building on the east side of Yonge street, near Isabella. R. C. Bustard is the builder.

U.S. HAS GRIEVANCE
OPINION OF FRANCE

German Note Termed Simply
Refusal to Comply With
Protests.

Canadian Press Despatch.
PARIS, Feb. 19, 5:55 p.m.—All the evening papers devoted considerable space to the German reply to the American note concerning neutral shipping in the war zone near created by the German proclamation.

The semi-official Temps in a leading article says that Germany is making a supreme effort to avoid the consequences of an inevitable food shortage, and that whatever be the extenuating circumstances and judicial appearances by which Germany surrounds its pretensions, the United States can only refuse to bow before methods of war menacing to the neutral countries. The United States, continues the Temps, certainly will not lend itself to the plans of the Germans, who want to use them against England and her allies in order to prolong the contest for universal domination. The Conservative Republican Journal des Debates concludes that the reply is simply a refusal to comply with the protests of the Washington cabinet.

"This is reported to have caused in the United States disappointment and indignation," says the paper. "The first surprise us because nothing else could be expected from Germany, and the second is natural and justified."

SHOE CONTRACT PROBE
