Buy Your Blue Suit at the Simpson Store To-morrow

"My boy, it's all right to look at the front page of The World for news, but if it's economies you're looking for, turn the paper over.

"To-morrow Simpson's are selling their best blue suits at eleven-ninety-five! Now I'm a blue suit crank, wear no other color the year round, and my opinion is that you can't buy better clothes than these best blue suits of theirs—they're made throughout of custom materials, and I buy two suits a year for twenty dollars apiece.

"It's most unusual to see these fine clothes of their own manufacture selling at eleven-ninety-five. But I suppose they're swept in with the stock-taking clearances."

Just eighty of them offered at this price; navy blue and black worsteds. Pure indigo dye, fast colors, best trimmings; buttonholes, collars, etc., hand made. Eight a.m. in the men's store Wednesday \$11.95
