Hughes. Harcourt and Company, 307 Royal Bank building, received the following wire at the close of the Chicago market yesterday:

There was an erratic market in corn with a wide swing in prices. There was liquidation of long stuff early and recessions in values met stop-loss sell-ing which forced a big break from previous close. Most of this loss was recovered later on covering by shorts and renewed buying by country houses. Primary receipts 219,000 bu.; last year 583,000 bu. Weather conditions continued unsettled, but a Kansas dispatch said some farmers were beginning to plant.

HUGE WINTER WHEAT CROP IS IN PROSPECT

U. S. Government Report Shows Further Improvement in April Condition.

Washington, May 8 .- An increase dur-

the winter wheat prospective production was shown today when the department of agriculture announced its forecast for a crop of 899,000,000 bushels based on conditions existing May 1.

Prospective rye production was forecasted at 122,946,000 bushels, an increase of almost 22,000,000 bushels over the April forecast.

Winter wheat production based on April 1 conditions was estimated at 837,000,000 bushels, and rye production at 101,000,000 bushels, while last year's winter wheat crop was 558,449,000 bushels and the rye crop 89,103,000 bushels.

Condition of winter wheat compared with 99.8 per cent. of a normal on April 1 this year, 86.4 on May 1 last year, and 85.4 the ten-year May 1 average. The condition of rye compares with 90.6 per cent. of a normal on April 1 this year, 85.8 on May 1 last year, and 89.8, the ten-year May 1 average.

The winter wheat acreage compares with 49,261,000 sown last autumn and 36,704,000 harvested last year.

BRAZILIAN LEADER IN ACTIVE MARKET

Maple Leaf Sells at Record Price-Bid for General Electric Advances.

Brazilian was the centre of attention Brazilian was the centre of attention in the Toronto as well as in the Montreal market yesterday, the price advancing here to 58%s, the highest level of the year, altho under the level attained in the upturn which followed the signing of the armistice last November. More than 1,500 shares of Brazilian changed hands on the Toronto exchange, and transactions in Montreal were also heavy. The opening price locally was 57½, an overnight advance of 1%, but, after touching 58%, there was a reaction to 57½, the closing being at this price, unchanged from the opening, Brazilian exchange is being quoted around 14½d, and as the average price for two years was 12d. or less and 16d, might be considered a fairly normal rate, it can be seen that a good deal of improvement has taken place, as the adverse exchange rate in war time was the chief factor in keeping Brazilian's earnings below dividend requirements, an appreciation in the price of the shares is not unatural.

Another leading feature was Maple Leaf, which set up a high record in the history of the stock, selling as high as 160%, a gross gain of 2¼, and closing at 159½. Dealings in Maple Leaf amounted to nearly 1,600 shares. Milling stocks also boomed in Montreal yesterday, the movement being associated with the report that the government has agreed to pay the mills an advance of 25c per barrel for standard grade, spring wheat flour delivered up to the end of June, Canada Bread was influenced also, advancing slightly over a point to 23¼ and closing at 23. Cement ruled strong for a time at 67½ but fell back to 67. closing unchanged. Barcelona moved upward to a limited extent in sympathy with Brazilian, reaching 10%, but sagged again to 10½. Mackay was firm at from 81½ to 81½. Canadian General Electric sold a little lower at 112½ but the bid afterwards rose sharply to 114½. In Montreal there were sales of General Electric at from 114 to 115.

Listed mining stocks attracted unusual attention, nearly 1,100 shares of Nipissing being dealth in at from \$10.75 to \$12.75. and in the Toronto as well as in the Mont-
