ROPS FIRE POINT BLANK ON SATURDAY AND SUNDAY INTO RIOTERS A MOSCOW

Many Are Killed and Wounded—Arrests Number 200 and Many Are Beaten to Death by Cossacks—Police Have Full Power to Prevent Assemblies.

London, Oct. 8.—Special despatches to the London newspapers describe a desperate state of affairs at Moscow Saturday and Sunday.

Many persons were killed or wounded in the rioting on the Everskygoy Boulevard, at the site of the monument to the poet Alexander Pushkin, and in the great square fronting the main railway, where the troops used sabres and rifles, firing point blank into the rioters.

The authorities have issued a proclamation giving the police absolute power to prevent assemblies.

The correspondent of The Standard describes how many of those arrested were made to run the gauntlet of a double line of Cossacks in a long, narrow courtyard, the soldiers brutally striking them with knouts and butts of rifles until they dropped, fainting or dead at the end of the line.

300,000 OF RUSSIAN TROOPS TO FRINGE CHINA FRONTIER

Tokio, Oct. 8.—It is reported here that Russia will station 300,000 troops on the Chinese frontier after peace has been declared, partly because she is apprehensive of the soldiers joining the maquisards at home and partly in anticipation of the Chinese.

It is expected that the railway obtained by the Japanese from Kwang-chengtae southward, although it will require an initial investment of about \$12,500,000, will ultimately become a paying property, chiefly because of the revenues derived from the Yental and Fushan collieries.

The Russian gunboat Caldamak, which was sunk at Port Arthur, was refloated yesterday.

The German steamer Karl, for Nicolavsk, was seized Saturday near the Tu Islands.

The navy department announces the seizure of the Russian steamer Amur, bound for Vladivostok.

NEW NATIONAL ARMY SCHEME MILITIA FOR HOME DEFENCE

Plan Which Great Britain is to Have Will Scatter Barracks Thru Country.

London, Oct. 8.—The Daily Chronicle announces this morning that Arnold Forster, secretary of state for war, is working out with an army council, a new scheme to organize a "national army," a quarter of a million men to be composed mainly of militia and supplemented by regulars and volunteers available for foreign service.

The project, the paper says, includes the building of barracks throughout the country for the new force, with special depots, and that it is proposed to equip home defences with the Territorial army, and the defence of the coasts to the royal garrison artillery.

BERNER IS AN EXPLORER FINDS A BAY AND A CAPE

Names Them for Prefontaine and Laurier—Nansen Backs Him in Polar Search.

Montreal, Oct. 8.—(Special.)—Capt. Bernier arrived at Sorel to-day on board the Arctic, which has been in northern latitudes for two years past. He reports that they did not have a case of sickness after leaving Sydney.

They confirm the report that Major Munds left their party two weeks ago at Chateau Bay, Labrador, and will return to Fullerton and Churchill on Monday. They wintered at Era Bay and explored a good deal. They discovered a new bay in longitude 76.25, and in latitude 62.25, which they called Prefontaine Bay. They also bayed a newly discovered point of land Cape Laurier.

On Oct. 7 that Capt. Bernier despatched his first couriers at Fullerton, and it was April 10 when they returned.

Capt. Bernier is still desirous of reaching the pole. He has had a letter from Capt. Nansen, approving of his plans and declaring he will put the Fram at Bernier's disposition and will accompany him into the bargain.

BRITAIN OFFERED A FLEET WHEN FRANCE WAS TROUBLED TO RESIST GERMAN MOVE

Paris Matin Prints Sensational Story of Recent Events Which Is Not Denied in London—Temps Opposes British Alliance.

Paris, Oct. 7.—A marked reaction in public sentiment has followed the Franco-German accord concerning the canal conference. Many of the leading newspapers are renewing their campaign of criticism against Germany. This is due principally to Chancellor Von Buelow's open statements favoring a Russo-German rapprochement.

The Matin asserts that Great Britain conveyed definite assurances to France of her readiness to mobilize the British fleet with a view of adopting aggressive measures if Germany attacked France.

The necessity for the maintenance of a Franco-Russian alliance is vigorously urged in the course of a leading article in the semi-official Temps, which points out that the public opinion in both countries is unanimously in favor of the continuance of the alliance.

The article adds that the accord with Italy and Great Britain, and the ally annoying misunderstandings, which both were the natural outcome of events and that France ought cat-

SENATOR FULLFORD IS HURT HIS CHAUFFEUR WILL DIE

Auto in Which Brockville Manufacturer is Riding, Collides With Trolley at Newton, Mass.

Newton, Mass., Oct. 8.—In a collision between an automobile and an electric car here to-day, Senator Geo. P. Fullford, a wealthy manufacturer of Brockville, Ont., was seriously injured, while his chauffeur, Louis E. Verrall, of Albany, N.Y., sustained a fractured skull, and is not expected to live. Wm. T. Hanson of Schenectady, N.Y., was also injured, but not seriously.

The automobile, a large gasoline touring car, was coming down a hill in the direction of Boston just as a car on the Boston and Newton street railway tracks was crossing Beacon-street in the direction of Newtonville.

On account of the buildings on the corner of the streets those in the car and the automobile could not see each other until too late to avoid a collision. The car was going at a fair speed, while it is said the automobile was coming down the hill at a 15-mile rate.

The heavy touring car struck the electric car in the side. The force of the collision overturned and destroyed the automobile and smashed in the wooden side of the heavier vehicle. None of the passengers on the electric car was hurt, but all the occupants of the automobile were thrown out, the chauffeur striking on his head. In addition to the fractured skull, Verrall received serious internal injuries.

Senator Fullford had his left leg badly wrenched and twisted and suffered from numerous cuts and bruises. Mr. Hanson escaped with bruises and a bad shaking up. Up to tonight Verrall had not regained consciousness, and at the hospital it was said that his death was expected hourly.

The automobile swerved out of the road into a marsh and capsize. Mrs. Palmer and Frances are not dangerously hurt.

AUTO SWERVES INTO MARSH 1 DEAD, 1 DYING, 2 HURT

Detroit, Mich., Oct. 8.—A special from Athens, Mich., says Walter Palmer of Athens was instantly killed, Chauffeur Blake of Kalamazoo was fatally injured, and Mrs. Walter Palmer and Frances, his wife, were badly bruised in an auto accident to-day.

The automobile swerved out of the road into a marsh and capsize. Mrs. Palmer and Frances are not dangerously hurt.

IN FIGHT, USES REVOLVER TWO VERSIONS OF CAUSE

George Porter Has Bullet in Thigh and Thomas Real Arrested After Hard Chase.

Thomas Real, who gives his address as 116 Eagle-street, Buffalo, N. Y., was locked up yesterday on the charge of shooting with intent to kill.

George Porter, 427 East Gerrard-street, is the man who received the bullet. It went into the thigh, but so far it does not look as if the injury will amount to much.

Real's story is that he was walking with a young chap, whose name he does not know. At Fort Erie, Ont., he doesn't. His companion spoke to Porter. Porter lost his temper and struck Real. Real drew his revolver and shot Porter. He says he did not mean to do it and was only drawing the gun as a bluff.

Porter says he was in Riverside Park with two girls. Real made an insulting remark, which he resented. He snatched the gun from Real's hand and slapped his face. They went out on the street to continue the argument. One of the witnesses was Joseph Roddie, 401 East Gerrard-street. He snatched the gun from Real's hand and shot Porter. He says he did not mean to do it and was only drawing the gun as a bluff.

BROKEN SAW FOOLS ESCAPE.

Brandon, Man., Oct. 8.—(Special.)—An attempt was made on Wednesday night to liberate Edward Murphy, who is awaiting trial for stealing \$500 worth of diamonds from Mathew's Jewellery store on Aug. 2 last. Apparently Murphy had been hidden in a room in the rear of the store, and during Wednesday night an attempt was made to saw him out of his cell window. It would have been successful in opening the way of escape had the saw not broken. Next morning the police shot the door down and up to the last moment was supposed available for the purpose. Many persons finding the door closed and locked, went away thinking there would be no meeting.

Finally the council chamber was secured and a meeting held there the much smaller than it would have been had the town hall been secured as expected. It was, however, a representative meeting and unanimous in its condemnation of our Dominion legislators' late raid on the "public chest."

Such men as M. C. Bogart, J. R. Fraser, Ira B. Higgins, T. Jamieson, L. M. E. B. Switzer, F. Van De Bogart, R. M. Bracco, Manly Jones and Charles Anderson, who had never before stood united on a political platform, were unanimous in condemning alike members of the government and of the opposition in the Dominion house.

In fact the meeting was an open meeting and every member of the Dominion house should be driven from public life.

At the close of the meeting the following resolution was offered and adopted and passed without a dissenting vote:

Moved by M. C. Bogart and seconded by C. W. Neville, that this meeting of the electors of Lennox and Addington deprecate in reference to the salary and indemnity of senators and members of the commons.

The additional salary of the premier up to \$10,000 we consider sufficient remuneration. The question of a salary to the leader of the opposition is certainly debatable, but if a salary is granted to him, up to \$5000 we consider sufficient, and that placed on such a footing that he shall not appear as a paid servant of the government.

2nd. The increase of the commons we most strongly condemn. The members were elected on a sessional indemnity basis of \$1500, and we do not believe they represent their constituents in voting their own increase.

3rd. The salaries of judges must have been satisfactory judging from the number of applications for vacancies that occur on the bench. Therefore why the increase?

4th. The superannuation of the ex-cabinet ministers is most unwarranted. That men who have received good salaries while in office should be charged on the country for any amount in excess of a system vicious and damning in its effects.

5th. The whole act is so inconsistent with the principles of the Liberal party and so out of harmony with their election pledges that we cannot see how they could become parties to it.

Therefore, we respectfully ask of and expect the government to introduce legislation at the next session of parliament to reduce the commons of senators and members of the commons to the amounts paid before the last increase, and abolishing the superannuation of ex-cabinet ministers.

And we hereby pledge ourselves as electors to use our vote and influence to oppose any candidate who will not, if elected to parliament, pledge himself to his vote and influence, endeavor to have the salary grab act of last session repealed.

LENNOX AND ADDINGTON ELECTORS RECORD "HEARTY CONDEMNATION"

In Public Meeting Uniting Hitherto Political Opponents "Iniquitous Legislation" of Salary Grab Is Denounced and Pledge Taken to Vote Against Any Candidate Who Supports It.

Napanees Express: A public meeting of the electors of the riding of Lennox and Addington was held in the council chamber Saturday, Sept. 30, to discuss the "recent action of the Dominion parliament in increasing the sessional indemnity, paid to members and in pensioning ex-cabinet ministers."

The town hall had been promised for the meeting and up to the last moment was supposed available for the purpose. Many persons finding the door closed and locked, went away thinking there would be no meeting.

SHIPPED A LOADED GUN.

Baggageman's Violence Causes Explosion and His Serious Injuries.

Montreal, Oct. 8.—(Special.)—James Woodhead, a baggage-man at the Windsor station of the C.P.R., was shot in the face and arm to-night by the accidental discharge of a shotgun he was handling as baggage.

The gun was shipped in a canvas case. The owner had forgotten to unload it, and when Woodhead threw it into the car it went off.

Swallows Acid, is Dead Thought It Was Castor Oil Druggist's Error Alleged

Michael Qualey Did Not Remove the Wrapping From the Bottle and Dose Was Fatal in Less Than an Hour—Young Assistant Filled the Order.

The dead man had been in the habit of taking castor oil for colds, buying small quantities at a time.

Coroner McConnell was called in and considered the circumstances warranted an inquest, which will be held to-night.

Qualey was 26 years of age and leaves a widow and one son, 14 years of age. He was a mechanic, employed at the corner of Queen and Bathurst-streets.

Druggist Fullerton first learned of the affair when two men came into the store yesterday afternoon. They told him about it and showed him the bottle daily labelled "carbolic acid," and bearing his own name.

Mr. Fullerton said last night: "I cannot see how the mistake occurred, unless Arthur Ferral, the lad who clerks in the store, misunderstood the order. He is a bright boy of 16, who helps about the store, and often when I am out he will put up simple orders. He must have mistaken the order. There is an absolute possibility of his having mistaken the stuff. One pours like water and the other pours as slowly as molasses."

"I do not know where I was at the time, but I know that I did not put up that order."

When Mr. Fullerton was seen last night in his hotel, he declared that he had no recollection of the order of his clerk, whom he had not seen since learning of the death of Qualey.

THREE HUNDRED VILLAGES DESTROYED BY EARTHQUAKE

Reconstruction Will Cost Thirty Millions and Pope is Distressed by Outlook.

Rome, Oct. 7.—According to the latest official reports, three hundred villages were destroyed by the recent earthquake in the Province of Calabria. Reconstruction work, it is estimated, will cost about \$30,000,000, and funds contributed up to the present time amount to \$400,000.

The Pope is much distressed because of the situation, especially now that the severity of the autumn weather is felt among the inhabitants of the stricken districts. His Holiness to-day received the Right Rev. Francis Bourne, Roman Catholic Archbishop of Westminster, in audience, and thanked him warmly for opening a collection among the clergy of Westminster, adding "all good Catholics through the work should imitate him."

"I do not know where I was at the time, but I know that I did not put up that order."

When Mr. Fullerton was seen last night in his hotel, he declared that he had no recollection of the order of his clerk, whom he had not seen since learning of the death of Qualey.

COLORED PARSON TURNS PYROMANIAC

Sets Fire to Home and Church and Whole Town Nearly Goes.

Richmond, Va., Oct. 8.—Rev. Coleman Boone, pastor of the colored Baptist Church at Buchanan, last evening became violently angry or insane, broke up all the furniture in his house and set fire to it, and then went to the church and set fire to that and took his seat in the pulpit to await results.

The church, the parsonage and another dwelling were destroyed, and it took heroic efforts to save the town.

Naming Hughes for Mayor Is a Plan to Stifle Inquiry

By New York Republicans

Nomination Said to be Desperate Attempt to Limit Its Scope—Counsel Gives No Encouragement and Party Managers Are Moved to Energetic Wire-Pulling.

New York, Oct. 8.—This is the situation in the city campaign: four weeks from election day; George B. McClellan is the only nominee in the field for mayor; Charles E. Hughes probably will continue to refuse; William J. Hearst, selected by the paid tickets radicals as their standard-bearer, is hesitating and likely to decline; the Citizens' Union independent conservatives have retired from the contest; the fate of District Attorney Jerome, nominated as a pet candidate, is in doubt; that the nomination of Mr. Hughes was due to a desire to prevent the insurance investigation from "going too far" and in the hope of limiting its scope, was widely believed yesterday. Edward H. Harriman and other witnesses who have indicated a decided interest in politics, are yet to be examined.

Mr. Hughes was nominated by men who knew in advance he would refuse. The decision was made by a caucus of the party managers, who were not admitted upon him as a desperate situation by desperate means. He repeated his refusal after the convention and is expected to reiterate it to-morrow when he will give his "final answer." Mr. Hughes has been named as a candidate in politics, are yet to be examined.

ELECTION IN MID-NOVEMBER SCOTT IS GIVING THE HINT

Would Be Favorable for the Getting Out of a Big Vote—Prospects.

Regina, Oct. 8.—(Special.)—Persistent reports combined with hints dropped by Premier Scott, indicate that the elections will not be delayed much after Nov. 15. By that date the farmers will be practically thru threshing and will have made considerable headway with the fall plowing and the weather will not be so bitterly cold as to chill enthusiasm. The selection of such a date, indeed, would show that Mr. Scott contemplates the fullest possible record of public opinion by the ballot.

As the elections will be fought under the old territorial franchise act, which depends entirely on agriculture, the effort to force through the new franchise act is an open secret that many Republicans believe is a "pulling the rug out from under" and that "something ought to be done" to clear it. It was pointed out that if Mr. Scott's administration should fall to clear up any of the insurance scandals, the failure would be attributed to the influence of his cabinet managers. Also, it was recalled, E. H. Harriman is soon to be examined in relation to the Equitable and Mr. Harriman and Mr. Odell are close friends.

Mr. Hughes remained unshaken in his determination not to accept the nomination. In accordance with his agreement in that capacity to abstain from any nomination had been made and he would add anything to the statement at the conference, in which the announced prospect that he had met and met away of tried and faithful supporters to the new's camp is certainly causing alarm at the headquarters here.

Powerful Influences at Work. Powerful Republican influences were set in motion both for and against Mr. Hughes' candidacy. The managers of the local Republican committee were pulled every wire they could reach to induce him to change his mind. They appealed to Washington, where there are so many from both President Roosevelt and Governor Higgins they received no more.
