TWENTY-SECOND YEAR

INCREASED INDEMNITY PARTY LEADERS AGREED UPON IT

Sir Wilfrid Moved It Himself—Some Members Talked Against It, But There Was No Strenuous Opposition in the Voting

—Party Lines Cut No Figure.

Ottawa, May 20.—(Special.)—The House, without much ado, to-day voted its resolution to increase the indemnity of \$1500. The Premier himself moved the resolution, and members from \$1000 to \$1500, beginning with the present session. Sir Wilfrid justified the increase by the example of the Australian Commonwealth, which granted \$2000 a session, and the increasing length of sessions at Ottawa, which kept members from their vocations for from four to five months in the year, instead of two or three months, as in 1873.

Mr. R. L. Borden supported the resolution, on the same grounds.

Various Opinions Expressed.

Mrs. H. H. (Mrs. H. H.) and J. H. H. (Mrs. H. H.) argued that the question of an increase should have been submitted to the people.

Mr. Johnston (Cardwell) said that, having pledged himself during the campaign as opposed to the raising of the indemnity, he proposed to oppose it now.

Mr. McGowan (C. Wellington) said his constituents were opposed to the increase, nor was it a party question, because The Globe Mercury (Liberal) strongly opposed it.

BUFFALO'S GREAT SHOW OPENED WITH ELABORATE CEREMONIES

Vice-President Roosevelt Was the Principal Personage of the Day—Grand Parade to the Grounds—Over 100,000 People.

Paid Admission—Congratulatory Messages.

Buffalo, N.Y., May 20.—In the presence of a vast concourse of people, with ceremonial both conventional and novel, the Pan-American Exposition was to-day formally dedicated. The day was fair and bright, and the dedicatory ceremonies were planned this great enterprise in a flattering success. The day began with a parade, in which there were men from nearly every country in the world, and ended with an aerial bombardment from firing boats and a brilliant electrical illumination. Between the two were the formal exercises of the dedication, with oratory that took its theme from the lesson of the day, prayer for right, music, song and poetry. The city was bright in a dress of flags and bunting, the Exposition group is brilliant in color, the moving crowds were in holiday garb, and the whole effect was highly pleasing. The record of attendance for to-day was fully up to the expectations of the most enthusiastic. There was no complaint over delayed exhibits for there were spectacular things enough to weary the most ardent sight-seer by the coming of night.

The parade that formed at the City Hall and marched by way of the main thoroughfare to the Exposition grounds was an interesting spectacle, and thousands of persons lined the route.

Vice-President Roosevelt was the guest of honor, and when he reached the hall the parade was started with a volley of aerial bombs. Two thousand troops, who got their time from four bands, led the way, and after them were a hundred carriages with officials and guests. Behind them came the concessionaires from the Midway, Western Indians mingled with the children of the tropics, the Orient and the Mediterranean, and gave the procession its truest touch of color. They were in native dress and had a score of artistic floats, and 15 bands furnished them music.

At the Grounds.

The entry of the procession to the Exposition grounds at noon was a magnificent spectacle. The crowd in the grounds at that time numbered 75,000, and the greater part of it was massed in the esplanade. Dozens of great war kites carrying flags and streamers floated in the air. The troops were halted in the fore court and then formed in double columns across the bridge of triumph. The officials and guests left their carriages, marched through the lines of troops, and then continued on in a rapid, close course to the esplanade beyond. President Milburn of the Exposition and Vice-President Roosevelt led the way, and the crowd cheered them as they advanced. A hundred yards from the Temple of Music they halted, and at the other end of the esplanade several thousand carrier pigeons were suddenly released. Confined at first by their own numbers, they circled low in wild flight, and then gradually soared upward on graceful wing. High up, where they got their bearings, they parted and took flight to every quarter of the compass.

The Dedication Exercises.

The exercises began at 12:45 o'clock with the reading of the Declaration of Independence by the 71st Regiment Band. The venerable bishop, Charles H. Fowler, led in prayer before the altar, and the President of the Exposition, Mr. Milburn, read a series of congratulatory telegrams from Central and South America and Canada, and their reading provoked cheer upon cheer.

Congratulatory Telegrams.

Director-General Buchanan of the American Exposition Company received telegrams of congratulation from the Governor-General of Canada, President McKinley, the Presidents of Haiti, Colombia, Peru, Argentina, Uruguay, Paraguay, Argentina, the Dominions Republic and the Governments of Jamaica and Martinique.

The Governor-General of Canada directs me to express to you his hearty congratulations on the opening of the Pan-American Exposition, which His Excellency sincerely hopes may be in every way successful.

(Sgd.) Harry Graham.

Alde-Camp to Governor-General.

To-day's total admissions from 8 a.m. until 11 p.m. were 101,875. This does not include several thousand persons who came in on the Lincoln Park entrance with the parade.

GOING BACK TO SOUTH AFRICA.

Lieut. Temple Returns on Private Business and Not as a Soldier of the King.

Lieut. Reginald Temple of the 5th Highlanders has decided to go to South Africa, but not to become connected with any military force. Lieut. Temple stated last night that he intended shortly to leave for the country where he recently saw service as a member of the Royal Canadian Regiment of Infantry, but was not yet decided upon what occupation he will follow.

Preparing for Duke of York's Visit.

The Royal Canadian Yacht Club is bound to be on time in the preparation for the coming visit of the Duke of York, and has just let a contract to the Sigsbee Company to install a plant that will enable the club to turn night to day at their new electric light plant.
