FRIENDS NOTICE A BIG CHANGE IN HER.—"I Feel Stronger Than I Ever Did," Says Toronto Woman.—Tanlac Proves Meant.

Still another highly esteemed Toronto woman relates her remarkable experience with Tanlac. This time it is Mrs. A. Blissengett, residing at 215 Jarvis street.

"My friends, who used to sympathize with me on account of my illness, are now congratulating me on how healthy and well I look," said Mrs. Blissengett recently. "Tanlac surely must be the greatest medicine in the world. At the time I began taking it, I only weighed one hundred and twenty-four pounds, and now I weigh one hundred and sixty-six."

"About two years ago I began suffering from what is commonly called a general rundown condition. My appetite left me, and my stomach was so weak and upset that I could not eat a thing without feeling nauseated afterwards. In spite of all I could do, I kept losing weight. I felt tired out all the time, and finally got so weak I simply had to stop trying to do my housework. I went to the country, but after spending some time there I came back home feeling as bad as ever, if not worse. Then I tried more medicines, but it seemed that the harder I tried to get well the worse I got."

"Passing by a drug store one day, I happened to notice the Tanlac display in the window, so I went in and bought a bottle, and the first two or three doses helped me. Soon my appetite had a new start, and my indignation began to lose its grip. By the time my first bottle was gone, I was sleeping better and felt more rested and refreshed on getting up in the mornings. Then I bought another, which made such a great difference in my condition that I bought another, and so on until now I am like an entirely different person. My appetite is so keen that I can hardly get enough to satisfy me, and every sign of indigestion has left me. I am actually weighing more now than I did when I first began taking it. I did even when my trouble started two years ago. I am feeling stronger than I ever did, and have never felt finer in my life. Tanlac has given me such excellent health, and I feel so grateful for it that I can't help but think of others who need it like I did. I wish I could tell them personally about it."

Tanlac is sold in Toronto by Tamlyn Drug Stores and by an established agency in every town.
