## STED RUNNER IN DOCTORS CARE, WILL RUN NO MORE

**Sullivan's Foot in Bad Shape—Ring, Turf, Bowling  
Baseball and General Sporting News for the  
Times Readers**

James P. Sullivan, one of the fastest break down in the power plant that left the city in darkness.

He has probably run his last race. He taken to Bellevue Hospital, New York, today to undergo an operation in an effort to save his right foot, which he injured in a race two months ago. He will be in the "baking process," which necessitates his confinement in the hospital for several weeks.

He three mile race at the Canadian championships in Montreal, last September, Sullivan struck a stone in the first lap of the race, which injured his ankle and tendon. Despite the severe suffering he continued the other miles and finished first, hanging a Canadian record. After the race his ankle swelled to twice its normal size, and with great difficulty he was able to reach his dressing room.

On his return home he consulted a physician, and after three weeks' treatment was able to hobble about. While the swelling was reduced sufficiently to enable him to walk, the foot was not fully cured, and ten days ago it began to trouble him again. So large did it become and so intense was the pain he suffered that he was confined to his bed. With each succeeding day it grew worse, and despite the efforts of two physicians he got little relief.

After a consultation with his family doctor he decided to go to Bellevue. Dr. Sullivan and Langer were hopeful that amputation would not be necessary.

The C. A. A. U. is not allied—nor has connection with the A. A. U. of Canada. But at no time has there been any understanding between the two. Between the Federation and the A. A. ## CLAIMS UNITED STATES CAN DO WITHOUT OUR PULPWOOD

The Philadelphia Item expresses the opinion that there is no danger of the United States paper industry turning to Canada, in the event of a tariff that would shut out Canadian pulpwood from the United States market.

In an interview in Denver recently, A. E. Millington, general manager of the Canadian Pulp & Paper Company, the largest ground wood mill in the world, said within a year or two the United States will have exhausted its supply of lumber available for pulp from the forest, and that in that extremity the closest point of relief will be Canada, which now stands ready to supply the world for all time to come.

Commenting on his statement, the Item says: "We are inclined to think Mr. Millington's words are the expression of a wish rather than of a fact. The United States has a vast area of land, and there is no reason why it should not be able to obtain a newspaper supply, but we take no such view. We think the sources of the United States on this point are greater than some Canadian give us credit for. But for the moment we summarize the situation as it appears to a good many onlookers. Mr. Millington

## Don't Cough! It's Dangerous!

'Father Morrissey's No. 10' will stop the Cough and Cure the Cold

Are you one of those who say, "O, it's only a little cold," and let it cough hang on, doing nothing for it? If you are, just think a minute. It is true that most coughs, if left to themselves, will leave you better a while, but they leave you with the delicate lining of throat and lungs weakened, in easy prey to the next cold. Every cold you neglect makes it easier for the next one, and hard to get rid of it, and it doesn't take many such colds to give you Catarrh or some serious lung trouble.

'Father Morrissey's No. 10' Cough Cure and Lung Tonic is a preparation of roots, herbs and Balsams that prevent all this. It promptly clears away the mucus, removes the irritation and inflammation that causes the coughing, and heals the inflamed and delicate membranes. Besides, it tones up the whole system and gives you strength to resist the next attack.

Trial bottle, 50c. Regular size, 50c. At your druggist's, or from Father Morrissey Medicine Co., Ltd., Chatham, N.B.

## SURELY SETTLES UPSET STOMACHS

**Indigestion, Gas, Heartburn  
and Dyspepsia Go and You  
Feel Fine in Five Minutes**

Every year regularly more than a million stomach sufferers in the United States, England and France take Peppermint Cure and realize not only immediate but lasting relief.

This harmless preparation will digest anything you eat and overcome a sour, gassy or out-of-order stomach in minutes.

If your meals don't digest, or if what you eat lays like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Get from your pharmacist a 50-cent case of Peppermint Cure and take a dose just as soon as you can. There will be no sour, gassy, no belching or undigested food mixed with acid, no flatulence or heartburn, fullness or heavy feeling in the stomach. Nausea, Debilitating Headaches, Distress or Intestinal Griping. This will all go, and besides, there will be no food left over in the stomach to poison your breath with nauseous odors.

Peppermint Cure is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large 50-cent cases contain more than sufficient to thoroughly cure almost any case of Dyspepsia, Indigestion or any other stomach disorder.

Tim Sullivan are the latest victims of the East Boston boxer.

Rudolph Uehls is making quite a hit in Australia and the Sydney Sportsman has the honor of possessing championship belt.

By making a good showing against Batling Nelson in a decision ten-round affair and defeating George Muscatelli, a physical culture model is what might be termed a fair boxer, but he is far from a world beater.

Freddie O'Brien, the Chelsea pugilist, who on Monday night gave the main bout with Al Belmont before the National Athletic Club, in South Boston, was arrested Tuesday night, charged with assaulting Belmont.

Detroit is figuring on a new catcher for next year with major league experience, and there are good reasons for believing that "Big" Clarke, at present on the Cleveland payroll, will be the man.

For two months Clarke's name has been mentioned in a general way at the Tiger headquarters, but only within the past few days have these rumors taken actual form. It is now understood here, on semi-official authority, that Nava has made up his mind to purchase Clarke outright. No trade will be done, and if the deal goes through it will be a strictly cash basis.

Inhabitants of Cuba who have been ravaged by the brand of the Havana club, four with the Almandares and four with the Fe team.

Two of the Cuban, Mordocai Brown and Jimmy Archer, will be taken on the trip. The other clubs represented on McAllister's list are Brooklyn, Pittsburgh, Philadelphia and Boston.

On the world's champion Pittsburgh team Brown's co-workers will be Christy Mathewson of the Giants and Babe Adams of the Pirates.

**The Turf**

A. L. Aste, known as "the bookmaker," has retired from the turf. He will sell his string of sixteen racers. He will retain a slight interest in racing and keeping Gold Lady, now a brood mare, and in sending Jacqueline, his fast filly of last season to the stud.

The passing of Aste from the turf removes one of the picture figures in the sport. The fact that his horses competed against the thoroughbreds of wealthy men of the country proved the old saying "All men are equal on the turf." During his career as an owner he had many cup winners, his chief prominence came through his sale of the two-year-old colt Nastrutium to the late W. C. Whitney for \$50,000. In Aste's colors Nastrutium had beaten Mr. Whitney's great mare Blue which brought about the sale of the colt.

Local horsemen have organized for some winter sport and have secured the right to maintain a speedway in Queen street. The new organization is known as the Queen Valley Driving Club, and has elected officers as follows:

**Wrestling**

Buffalo, N. Y., Nov. 25.—Frank Gotch failed to gain a single fall tonight from Zylaso, the giant Pole, within an hour and thereby lost the match, the conditions of which required Gotch to win two falls within the hour. The Pole displayed great strength and an excellent knowledge of

**Football**

Walla Walla, Wash., Nov. 25.—Five football players were injured, two seriously today, in a game between Washington State College and Whitman College. Clarence Morrow, right guard for Whitman, sustained three broken ribs.

Philadelphia, Nov. 25.—Wallowing and sliding around on a field that was several inches deep with mud, slush, ice and pools of water, the university of Pennsylvania football team defeated Cornell in the annual game on Franklin field this afternoon by the score of 17 to 6. It was a poorly played game for which the weather and field conditions were in a great measure responsible.

Twenty thousand persons braved the elements and witnessed the game.

**Bowling**

Two interesting bowling games were played in the Victoria Bowling Academy yesterday afternoon. In the Newspaper Composers' League, the Telegraph quarterette defeated the Sun men by 801 to 556, securing all four points.

The Dufferin and Victoria hotel teams also played a three string game, which was decided by total pin fall, and resulted in a victory for the Dufferin bowlers by 1172 to 1183. Quite a number of ladies witnessed this game, and the excitement was intense.

The scores in the Newspaper Composers' League match were as follows:

**AGRICULTURAL SOCIETY ANNUAL**

Owing to the storm yesterday afternoon the annual meeting of the St. John City and County Agricultural Society was not as largely attended as was expected. Frank V. Hamm was re-elected president for the ensuing year. R. R. Patchell was chosen secretary-treasurer for the ninth year in succession.

The directors reported referred to the death of two of the oldest members of the board, Robert McLean and Thomas Clark.

Seed oats, it was stated, were obtained from P. E. Island and the west, the yield from them being up to expectation. Thanks were expressed to W. H. Barnaby for the prize of a silver cup given by him in the society's recent fair.

The financial statement showed a balance on hand of \$73.75.

The following board of directors was chosen: Dr. Thomas Walker, Dr. T. Fred Johnston, S. T. Golding, W. I. Fenton, R. R. Patchell, D. A. Pocock, B. Y. Nixie, James Morland, Hiram Lemon, W. R. McFate, James Wilkes, William Mullin, James Smith, J. M. Donovan, W. E. Newcombe, James Merritt, William Donovan, F. V. Hamm, John Ross, D. R. McLean, Samuel Creighton, Edward Young, Albert Stephenson, G. Fred Stephenson.

The officers of the society are: Frank V. Hamm, president; B. V. Nixie, 2nd vice; Wm. Mullin, 3rd vice; J. M. Donovan, 4th vice; Edward Young, 5th vice; R. R. Patchell, secretary-treasurer; S. T. Golding, corresponding secretary.

## PRESENTATION TO D. A. SINCLAIR OF I.C.R. LAST NIGHT

**Gold Watch and Address—  
Gift for John P. Kiernin**

There was a pleasing function in the I. C. R. hall last evening when the mechanical staff presented D. A. Sinclair, the retiring mechanical foreman, with a splendid gold watch and an address. Mr. Sinclair retires on superannuation allowance after fifty years spent in the service of the road. For thirty years he has been mechanical foreman, and this is the third presentation made to him. In all his service he never had a mark against him and he leaves the road with a record such as few men possess. At last evening's function George W. Speer, president and there was an informal programme, consisting of addresses by William McLeod, W. H. Anderson, C. McFarlane and Gerald R. McCafferty, and a song and dance by B. J. Case.

The presentation address was read by G. R. McCafferty as follows:

It is with feelings of regret that the employees of the mechanical department of this station learned of your decision to retire from active work. Having started in this department when it was in its infancy and being an active and prominent member of it from that time up to the present, we get to look upon you as a fixture, it is hard to realize that there must come a time when our labors cease.

When we think that God in His goodness has seen fit to endow you with health to enable you to work continuously for over half a century, and that although you have never given by your responsible duties yet you are in perfect health, we cannot help but feel that faithfulness and integrity are sure to bring their own reward.

The majority of the employees now here have grown up under your tuition and encouragement, and that you have given us a constant with discipline, has gone far to make our daily intercourse pleasant and profitable.

We trust that you may be spared many years to enjoy your well earned rest, and can assure you that our best wishes will ever be with you.

We ask you to accept the accompanying gift as a token of the kind feelings that have always existed between us, and hope it will act as a talisman to ever keep green pleasant memories of the past.

GEO. W. SPEER, Chairman.  
G. R. McCAFFERTY, Secretary.

The watch, which is a particularly handsome one, bears the following inscription: "Presented to D. A. Sinclair, by the I. C. R. foreman, on his retirement from the I. C. R., Oct. 20, 1909."

John P. Kiernin, who has been seven years in the employ of the I. C. R. freight yard here, left the I. C. R. service yesterday. On the occasion of his departure he was given a farewell party by Mr. H. H. Hatch, chief clerk, acting for Mr. Kiernin's fellow clerks, presented him with a handsome silver mounted calash pipe, suitably inscribed. Mr. Kiernin leaves to take over the business formerly carried on by his late father.

**AT ST. LUKE'S**

The meeting in St. Luke's church last night in connection with the 140th anniversary was made all the more interesting by the presence of Rev. W. R. Armstrong, who thirty-eight years ago was curate of the church, when Canon Harrison was rector in 1872. Rev. Mr. Armstrong delivered a very interesting address full of reminiscences of the years he spent in St. Luke's. Another clergyman, whose presence lent the gathering a new interest, was Rev. A. E. Watkins, of Chipman, Newcastle Bridge. Rev. Mr. Watkins has volunteered for missionary work in South America and will leave for the scene of his new labors about the first of the year.

Last spring the congregation of St. Luke's pledged themselves to send out a missionary and give the sum of \$1,000. In addition to Rev. Mr. Watkins, Miss V. Hamm was re-elected president for the ensuing year. R. R. Patchell was chosen secretary-treasurer for the ninth year in succession.

The directors reported referred to the death of two of the oldest members of the board, Robert McLean and Thomas Clark.

## FIRST VOTE IN PARLIAMENT AT OTTAWA YESTERDAY

**Large Majorities Against Opposition on Two Divisions—Lancaster's Bill Again—House Sits Till Midnight**

Ottawa, Nov. 25.—The commons indulged in two divisions and spent five hours of today's sitting in disposing of a number of private bills on the order paper relating to amendments of the railway act.

Mr. Lancaster, the chief protagonist in the commons for legislation for the protection of level railway crossings, resubmitted his time-worn bill of the past three sessions, requiring railway companies to protect all level crossings in thickly populated districts. In view of the legislation passed last year, empowering the railway commission to order crossing protection in any case and to apportion the cost between the railway company and the municipality affected and the federal fund of \$200,000 a year, provided for the purpose, he restricted his bill this year to relieving the municipalities from bearing any share of the cost.

The minister of railways urged that the bill of last session should be given a fair trial before the house adopted any new principle. He moved the six months' postponement of the bill, and after a long debate Mr. Graham's motion was carried by eighty-seven to fifty-three on a straight party vote. The first division of the session, therefore, resulted in a Liberal majority of thirty-four.

A bill by Mr. Northrup to empower the railway commission to compel a railway company to carry out any agreement it may have made with a municipality was defeated. The bill was intended to apply to a particular case of thirty years standing in Ontario and Hon. Mr. Graham held that it would be improper to legislate for the satisfaction of a private grievance. The motion to defeat was carried by 107 to 60. The house adjourned at midnight.

**EMPIRE HAS TROUBLE MAKING DOCK AT HALIFAX**

Halifax, Nov. 25.—Wireless telegraphy was made to do good service with a passenger on the C. P. R. steamer Empress of Britain, which arrived from Liverpool today, as she lay in Halifax harbor. Among her passengers was David Hogarth, M. A., who comes from England to deliver a series of lectures before branches of the American Archaeological Institute. He was down for a lecture in Halifax for Saturday night, but did not know that this date was chosen, a change having been made in the original arrangements, accordingly Mr. Hogarth remained on board, intending to proceed to St. John.

The steamer's steering gear, on account of the high wind, was damaged in docking, and after the mails had been discharged she hauled into the stream to make repairs.

The Halifax committee only then learned that Mr. Hogarth had not come ashore. The sea was running very high, so that a boat could not get to the harbor, and it was impossible to get out to the steamer. A wireless message was then sent to the steamer via Cape Breton, at the P. N. E. station, and was received by her off the railway wharf. Mr. Hogarth got the message and later in the afternoon a tug took him off, so that he will be able to keep his Halifax engagement on Saturday. The Empress of Britain sailed for St. John at 11 o'clock tonight.
