Most of the members of last year still are with the club and several new members have signed during the last few months. The St. George's senior baseball team helped

considerably to put the club on the map, and despite some discouraging reports, the club is going strong. At the present time the club team in the Wellington Bowling League has secured a good start. So soon as quarters can be secured, a basketball team will commence practices and the club wrestlers and boxers will get into condition. Several of the club's skaters will wear the club colors this winter and the possibility of senior hockey team is being discussed. Tonight the club will give a dance in the Oddfellows hall to raise funds. Along in the early part of next month the club will stage a big amateur boxing exhibition on the west side. Later on, application may be made for the boxing championships. Soon after New Year the first big carnival will be held in the new ice arena. What the club needs now is quarters. If these can be secured, the west side will have an efficient athletic association.

Chicago, Nov. 10.—The Chicago National League Baseball Park will be enlarged to increase the seating capacity from 17,000 to approximately 32,000, at an estimated cost of \$300,000, William L. Veck, president of the club has announced. Work will begin immediately, he said. New sections for the grand stand, lengthening of the foul lines from the present 340 and 290 feet to 360 feet each, increase in the size of the playing field to make it the largest in the United States, and a cutting away of 3 feet of earth from the surface of the field. President Veck declared would make the park the best baseball plant in the country.

McKenna a Fan.
One afternoon at a baseball game was enough to make a thirty-third degree fan of Rt. Hon. Reginald McKenna, former British chancellor of the exchequer, and now chairman of one of the largest banks in England. The ex-minister, who visited the U. S. in early October to attend the bankers' convention, and one of the strictly American things which he saw was a ball game—during the world's series between the Giants and the Yankees. More than that, Babe Ruth autographed a baseball for the distinguished Briton and, according to Mr. McKenna, it was "a case of love at first sight" with the Babe.

In the following excerpt from a letter to Raymond E. Jones, first vice-president of the Bank of Manhattan Company, Mr. McKenna describes his conversation to Babe Ruth and baseball: "I have received a marvellous memento of my first and only visit to a baseball game. Never did anyone become a full-developed 'fan' so rapidly as I. It was a case of love at first sight with Babe Ruth, and I shall cherish the memento you have sent me of a glorious afternoon. Please think Colonel T. L. Huston for me."

GOLF.
Losses in Final Round.
Percy W. Thomson of this city, who participated in the autumn golf tournament at Pinchurst, N. C., was defeated yesterday in the final of his division by E. H. Wiseloff of Montclair.
