is the kind you should specify. Heathization is science's newest discovery in food sanitation. It is a method of making ice cream which drives out the air and replaces it with a pure, clean, germless atmosphere, infinitely purer than air.

Air, you know is never pure. It is often laden with all kinds of impurities. So mixing air with our ice cream, sugar, fruits and flavoring used in making ice

### TRANSPORTATION NOT THE KEYNOTE

Produce and Sell More—Market Our Climate-Get Settlers - Let St. John and Halifax Lead.

(Maritime Merchant.)

The slang of the Bowery of today becomes woven into the vocabulary of the whole people of the United States tomorrow. The styles that you see on Fifth evenue this month, you will see in the frontier towns of the Far West a few months later. This illustrates the fact that the people of the larger places always influence the people of the smaller ones; that is to say, you can influence the country from the city, though you cannot so successfully influence the city from the country.

cannot so successfully influence the city from the country.

And this being so it is interesting to know that an effort has been made by the Boards of Trade of Halifax and St. John to come together and attempt things for the general good of their respective provinces. The effort to bring about last week's joint conference, we understand was initiated by Mr. Fred Pearson, and much credit is due to him for the success of the movement to date. There is no doubt whatever that there are numerous things which St. John and Halifax working together can do, but that is not to say they will not be rivals, and very keen rivals, in several connections. Listening to the speeches made at the banquet to the delegates the other night, we were impressed by the fact that the uppermost topic in the minds of the different speakers seemed to be the subject of transportation. A PIANO RECITAL.

"A successful piano recital was given on Thursday evening in the Queens quare Methodist schoolroom by some of the pupils of Mrs. J. C. Rayworth. Solos and duets were well played and the pupils showed the result of careful training. They were ably assisted by Miss Myrtle Crawford, reader, and Miss Mighted Bustin, soprano. A silver collection was received for church purposes, and during the intermission a large bunch of tulips was presented to Mrs. Rayworth by Stanley Goodwin, on behalf of the members of the class. After the close of the programme a social half hour was enjoyed, and refreshments were served. The following took part in the programme:—Eleanor McBeath, Robert Stillwell, Lois Peters, Pearl Noddin, Doris Sargeant, Evelyn Mooney, Vida Lodge, Angeline Gregory, Eleanor Holder, Frances Henderson, Beryl Lawson, Maud Lawson, Augusta McGrath, Edith Brown, Dorothy Belyea, Mary Kirk, Mary Roderick, Audrey Gregg, Emma Chown, Roberta Craft, Stanley Goodwin, Evelyn Hanson and Vicars McLaughlin.

Purse of Gold Presented R. H. Sancton by His Fellow Employes at W. H. Thorne & Co., Ltd.

The presentation of a purse of gold was made in the offices of W. H. Thorne & Co., Limited, yesterday afternoon to Robert H. Sancton by Roy Willet on behalf of his fellow employes in the firm. Mr. Sancton is retiring after forty-two years of service. In a few words Mr. Willet expressed the sincere regret of the staff at the retirement of one of its oldest members and the earn-

Although taken by surprise Mr. Sancton made a fitting reply. He expressed his appreciation of the thoughtfulness shown in making him the presentation and assured his fellow employes that their kind action would ever retain a bright place in his remembrance.

He spoke a few words of advice to the younger men, saying that a good amploye was both honest and faithful.
