In Prince Edward Island.

Owing to his conceded ability, Coach Dee said he was taking particular pains to get him ready for the trials in Moncton next week, hoping that he would be successful in making the Canadian team. However, this morning, he said, Francis refused to obey orders and went about his work indifferently. Mr. Dee said he then disciplined him. Unless this athlete changes his attitude, Mr. Dee said, he could return to his home.

In conversation with a Times-Star reporter today, Mr. Dee said the people of the Maritime Provinces were inancing the camp, so that the boys would have grave proportionity of returning the camp. of the Maritime Provinces were financing the camp, so that the boys would have every opportunity of getting into the best possible condition to vie with the leading athletes of the Dominion. He said that it was no easy task to get athletes ready for such a big event and in order to get the best results there must be perfect co-operation. He said if he showed partiality he would destroy the morale of the team and he had no intention of doing any such thing. He said it was immaterial to him whether the offender was Francis or any other athlete; all must obey the rules or else go home. He said that he reported the affair to A. W. Covey, president of the A. U. of C., and would look to him to see that his word was law.

With reference to the work today, Coach Dee said the boys had been out for their run early this morning and, following a rest and breakfast, indulged in a good work-out. He is enthusiastic over the showing they are making and is confident that there will be some surprises in store at Moncton.

May Get Foley.

Mr. Covey announced this morning that an effort would be made to secure the services of Tom Foley to train the winners of the boxing events in the preliminary trials here next week. Mr. Foley has been instructing the Hallfax entrants and has been in charge of a training school for some years. He is a former champion boxer himself and is conceded to be an excellent instructor. He is expected here next week with the Halifax boxers and an effort will then be made to have him take over this important past.

Walter O'Toole, coach of the wrestling squad, announced this morning that his charges would appear in exhibition bouts in the Y. M. C. A. next Monday evening. It will be a private showing for the benefit of local officials conducting the big meet.
