The locals played errorless ball and were never in danger of being at the short end of the stick. Kirkpatrick pitched the afternoon game for the Commercial, allowing but two hits while Evans won the second game. Both games were witnessed by only small crowds. BOWLING.

Clerical League.
At a meeting of the Clerical Bowling League, held last evening, reorganization for the season 1921-1922 was perfected and it was decided to open the league on September 26 on the Victoria Bowling alleys when the Dominion Rubber Systems will play Goodwin, Ltd. The following teams have entered the league: Dominion Rubber Systems, Waterbury and Rising, Railway Mail Clerks, N. B. Telephone Co., Goodwin Ltd., R. P. and W. F. Starr, Atlantic Sugar Refinery, McClary Manufacturing Co., S. Hayward Co., and Red Rose Tea. The latter two are newcomers, taking the places of Vassie & Co. and Scovill Brothers, who have withdrawn. All games will be rolled on the Victoria alleys and it is probable that three series will be played, instead of two. Keen interest is being taken in the league and while it is the baby member of the bowling fraternity, it will undoubtedly prove to be one of the most popular. A schedule for the first two weeks has been prepared and at a meeting to

That the boat to the right has the right of way, according to marine rules, but that harbor (maritime) rules were relaxed and disregarded during the exhibition regatta period, was testified by Deputy Harbor Master Allen, at the Pyrie inquest last night. These relaxations included permission to speed at more than ten miles an hour, and allowing craft to have anchor. "It was a case of 'happy-go-lucky,'" he said. Arthur Claus, driver of the boat which caused Pyrie's death, contended that he had the right of way according to speed boat regatta rules, because he was in the lane opened among pleasure boats to give the fast racers a chance to turn and reduce their speed. Both boats were off the racing course when the collision occurred. Skimming along at a speed of some twenty-five miles per hour, rounding the bow of the "Oriole" and then crashing into the "Clair" with a knife-like slash of beautiful timber and engine, the \$30,000 worth of first-class motorboats sinking below the waters of the bay.

was the story in brief as told by many witnesses last night at the morgue. It all happened so quickly that no one apparently could prevent it; not even skilled and tried engineers, and yet in some fifty seconds \$50,000 and a human life were thrown away.

Time to obtain more details in regard to the accident which resulted in the death of John Arthur Pyrie, speed boat designer, of Montreal, at the exhibition motorboat races on September 6, was asked by Chief Coroner Geo. W. Graham's jury at the morgue last night. The inquest was adjourned at 11 p. m. after three hours of testimony, much of which was confusing in various ways, but which in the main points, that is the evidence given by those in the accident, seemed fairly clear.

Inquiries from Counsel McReur for the crown, and W. K. Murphy for Arthur J. Claus, who drove the Leonard VII., which collided with the "Clair III," in which Pyrie was, all tended to draw out the fact of which boat had the right of way. The last witness called was Deputy Harbor Master John Allen. "In ordinary circumstances," stated Mr. Allen, "I would say the 'Clair' would have the right of way, but being on the right in a case like this I don't think you could really apply the rules of the road. The vessels made one or two circles after finishing their course, and there were several vessels anchored around, all of which was contrary to law. There are no rules which could apply in this case." This evidence was regarded as expert opinion as to the applying of the rules.

AMHERST COMMENT

ON C. A. A. U. ANNUAL (Amherst News).
The announcement that the annual meeting of the Maritime Province Branch of the Canadian Amateur Athletic Union will be held in Amherst October 14, has been the cause of considerable talk in local sporting circles. On account of its central position Amherst is the most natural place to hold the gathering, and the additional fact that the town boasts one of the largest amateur associations in the maritimes makes the choice of the officials particularly appropriate. Although the agenda of the meeting has not yet been announced it is certain that one of the chief topics of discussion will be "Independent athletes." Amherst, Moncton, New Glasgow and Halifax will have some strong arguments to put forth on this question, and it is possible that the whole unfortunate mixup will be settled for good and all. Another line of contention will be the interference of upper Canadian and western officials in maritime sport. Many predict a change in presidents. Mr. Cover, who has been keen for retention of this office. The present vice-president, Dr. Yeo of Charlottetown, is being mentioned as the most likely successor, should Mr. Corey decline a nomination. Bill Ross is the choice of a good number of others. In the opinion of some President Corey will retain the reins of office for another year, the job being such an unpopular one in many ways that it will not be possible to secure a successor to present officer, even if one were desired. At any rate, a warm discussion of things in general, and principally hockey, is bound to take place. That Amherst is to be the centre of proceedings is a matter of much satisfaction.

POLICE COURT.

Yesterday afternoon in the police court, the case against Mrs. Winnifred Lane, colored, who was charged with selling liquor to another colored woman, was taken up, together with one against Benjamin Dunlap, charged with selling to Mrs. Lane. Dunlap pleaded guilty and was remanded. Mrs. Lane pleaded not guilty, and evidence was given by Sergeant Rankine and Policeman Killen. They testified that the accused had two bottles concealed about her person one in her undershirt and another in her stocking. She was charged with selling to Mrs. Diamond, but asserted that Mrs. Diamond, to the best of her knowledge, evinced a decided preference for extract of lemon. Mrs. Lane was remanded. William Butler, charged with assaulting his wife, was again before the court and was again remanded. In connection with the case in which James Howell was assaulted in East St. John, it develops that he was not robbed as at first supposed. He had received his pay, amounting to \$383, and at the hospital yesterday morning had \$325, and accounted for \$58 more. The name of one of his assailants is said to be James, a mulatto, and the other is thought to be a white man. Howell was discharged from the hospital last night.
