"MISCHIEF E." BRINGS \$700

Prize Heifer Is Sold to a Wisconsin Breeder at Auction Sale of Thoroughbred Stock-Minister of Agriculture Addresses the Holstein-Friesian Association and Blames Tubercular Infection.

TORONTO, Feb. 6.—That not only were twenty per cent. of the deaths from tuberculosis of children under five years of age directly attributable to bovine tuberculosis, but that in a great percentage of the cases among adults the tuberculosis bacilli from

great percentage of the ca.2sa among adults the tuberculosis bacilli from milk had entered their system when children and had not ta.en effect until a number of years afterward and thus not attributed in the records as due to bovine tuberculosis, was the contention made by Hon. Martin Burrell, Minister of Agriculture, in an address to the Holstein-Friesian Association of Canada at the fifth annual banquet last night.

The Minister challenged the charge that had been made that this change in the Health of Animals Act would hurt interprovincial trade.

"British Columbia is the only province in the Dominion to grapple with bovine tuberculosis by destroying animals effected and giving compensation to the owners," said Hon. Mr. Burrell. "In order to make their work effective they asked the Dominion Government not to allow infected animals into that province. It was a moderate request and one that might well be granted.

C. C. James made a strong plea in favor of the farm. Every year, he said, the rural population was becoming depleted through the attractions of the west and the benefits of city life. He strongly protested against the western movement, as the Ontario farmer who had previous to this time been a mixed farmer, on his removal to the west became a wheat farmer only. In this way, Mr. James showed the double loss sustained by the western trend of Ontario and eastern farmers.

The other toasts of the evening were replied to by Hop Dan Darker.

the western trend of Ontario and eastern farmers.

The other toasts of the evening were replied to by Hon. Dan. Derbyshire, Prof. G. E. Day, Frank Herns, A. F. McLaren, ex-M.P., H. B. Cowan, John Weld and J. B. Wheaton, while Mr. J. E. K. Herrick, president of the association, acted as toastmaster.

"Mischief E.," the pure Scotch Shorthorn heifer that carried off the grand championship for the best

"Mischief E." the pure Scotch Shorthorn heifer that carried off the grand championship for the best beef animal in Canada at the Guelph Winter Fair two months ago, was yesterday sold by auction for \$700, which averages something like fifty cents per pound live weight.

"Mischief E." was bred by Messrs.

W. R. Elliott & Sons of Guelph, and after being exhibited at the Winter Fair, was sold to Mr. Robt. Miller of Stouffville, who disposed of her yesterday to Mr. Frank Harding of Wankesha, Wisconsin.

The Guelph heifer brought the highest price of a string of sixty-five Shorthorns which passed under the hammer at the Union Stock Yards. The animals were from the herds of Messrs. J. A. Watt, Salem; Peter White, K.C., Pembroke; John Miller, jr., Ashburn; W. R. Elliott & Sons, Guelph, and Robert Miller, Stouffville.

Breeders from all parts of Canada and the United States to the number of three hundred were present, and bidding was fairly keen though hard.

of three hundred were present, and bidding was fairly keen, though hard-ly as spirited as in former years.

LIVINGSTONE CENTENARY.

Canadian Sunday Schools To Honor

Memory of Missionary.

TORONTO, Feb. 6.—Every Presbyterian Sunday school in the Dominion will this week receive the copy of a call to celebrate the approaching Livingstone centenary. The call is being sent out by Rev. J. C. Robertson, general secretary of Presbyterian Sabbath schools and young people's societies. It announces that the actual anniversary, March 19, will be celebrated throughout the entire Christian world.

brated throughout the entire Christian world.

In addition to the anniversary celebration Easter Sunday is to be marked by a Livingstone service, termed the message of light, in which prominence will be given to graphic episodes in Livingstone's life.

WILL KEEP FAIR.

Guelph Citizens Resent Attempts at Interference.

GUELPH, Feb. 6.—The civic officials are beginning to get thoroughly aroused over the apparent attempt to interfere with the winter fair which is held in this city and which has now is held in this city and which has now reached a point where more accommodation will have to be provided if the show is expected to grow. Mayor Carter discussed the matter with a number of the aldermen yesterday, and all are in hearty sympathy with the movement to send a strong deputation to Toronto to interview the Government along the lines of securing a substantial grant in order that the necessary extensions may be made, or rew buildings put up.

Fight To Keep Shops. BROCKVILLE, Feb. 6.—The Brock-ville town council and Board of Trade have united in signing a strong memor-ial to the Minister of Rrilways and Canals, the Board of Railway Com-missioners for Canada, the Ontario Legislature and the Ontario Railway Board, protesting against the propos-ed removal of the G.T.R. shops from Brockville.

Fitzhugh Steps Out.

MONTREAL, Feb. 6.—At a meeting of the directors of the Montreal Southern Counties Railway, held yesterday, the resignation of E. H. Fitshugh, president of the line, was excepted, and a new president, William Wainwright, elected.

Hon. Mr. Burrell Returns to Ex- Allies Seeking to Get Control of the Dardanelles.

FIRST MOVE IS A SUCCESS

If Bulgarians Can Control the Peninsula Constantinople Will Se at the Mercy of the Allies — Turkish Monastir Army Said to Have Won Signal Victory — Porte Is Desperate for Money.

LONDON, Feb. 6.—The Bulgarians are devoting their chief attention to the bombardment of Adrianople and in an attempt to capture the Gallipoli Pennsula and so take the Turkish forts in the rear. An official despatch issued at Constantinople indicate that the Bulgarians have been successful forts in the rear. An official despatch issued at Constantinople indicate that the Bulgarians have been successful in their first operations in the latter quarter, and, according to a Sofia despatch the capture of Gallipoli is the chief object of the Bulgarian ambitions for the time being, and no attempt will be made to force the Tchatalja lines.

The same despatch says that the Bulgarian attack in Gallipoli is supported by the Greek navy in the Gulf of Saros. Fifty thousand Bulgarians were landed along this coast last November, and it may be presumed that during the armistice this force was strengthened by artillery.

Should the Bulgarians capture the Turkish forts, there is nothing to prevent the Greek fleet from entering the Dardanelles, where, in the opinion of naval officers, it could easily defeat the interior Turkish fleet, in which case Constantinople would be at the mercy of the allies.

The Constantinople correspondent of The Standard sends a strange story, reporting that the remnant of the

The Constantinople correspondent of The Standard sends a strange story, reporting that the remnant of the Turkish army of Monastir, which has never been precisely accounted for, is still operating in that district and has captured the important town of Koritza, less than 50 miles from Monastir.

captured the important town of Koritza, less than 50 miles from Mcnastir.

The statement attributed to the Greek Premier, M. Venizelos, that peace will speedily be concluded, tends to confirm the report current in European capitals in recent days, to the same effect, although there has been no evidence in the shape of fresh diplomatic movements to support it. The Turkish Government, however, is evidently in dire straits for money, even attempting to dispose of the crown jewels and making despairing attempts to place treasury bonds in Turkey, Egypt and among the Moslems in India. The Ottoman consul at Bombay claims to have applications for bonds amounting to \$5,000,000. \$5,000,000.

\$5,000,000. It is announced that the ambassadors' conference at London has arrived at an agreement upon the formula settling the pian under which the allies will take over a portion of the Ottoman public debt, and settling also the allies' liability with regard to the Ottoman railways.

AFTER BIG FELLOWS.

New York Graft Enquiry Results In

New York Graft Enquiry Results In Startling Evidence.

NEW YORK, Feb. 6.—As a result of further disclosures in the police graft situation, made to the district attorney yesterday by Eugene Fox, the policeman who has confessed to levying tribute as collector for superior officers, it was decided, with the consent of Supreme Court Justice Goff, to hasten the investigation of the extraordinary grand jury, by having that body convene to-day instead of Monday next. District Attorney Whitman conferred with Justice Goff after Fox and a relative had been on the stand all afternoon, and it was agreed to subpoena a police inspector, mentioned by Fox, to appear as a witness before the grand jury to-day. A direct trail to the much-talked-of "men higher up" in the police department is thought now to have been struck by the prosecutor.

The inspector under subpoena is declared to be the one mentioned by Geo. Sipp, resort-keeper, who declared a fund of \$1.000 was raised to keep

The inspector under subpoens is declared to be the one mentioned by Geo. Sipp, resort-keeper, who declared a fund of \$1,000 was raised to keep him out of the state so that he could not testify before the grand jury regarding Fox's graft telling. Sipp gave sworn testimony, which was speedily followed by Fox's indictment, the patrolman later pleading guilty and agreeing to disclose facts in graft collecting of the police extending back over five years. Supplementing these facts with further details yesterday, Fox mentioned 21 resorts which contribute "protection money" in amounts aggregating \$1,500 monthly. These collections were all confine 1 to one small section of the city.

Prize Kature Contract

Paris, Feb. 6.—The President of the Chinese Republic on the suggestion of his French military adviser, the Chinese Republic on the chiese ther chinese Republic on the chiese the chinese

Prince Katsura Censured.

TOKIO, Feb. 6.—Most exciting scenes were witnessed during the dispersal of the Japanese Diet yesterday, after a vote of censure on the Government under Prince Katsura had been carried. The exits from the chamber were thronged with people, who cheered the members of the Constitutional party when they assaulted Saburo Shimada and other so-called renegades of the National Liberal party. They were thrown out of their rikishas when they attempted to drive away, and attempts were made to duck them in the canal, but these were frustrated by the police.

May Cause Famine.

TORONTO, Feb. 6.—An embargo on coal and other imperishable freight has been placed at Black Rock by the Grand Trunk Railway, the given reason being the freight congestion at the international bridge and lack of sufficient G.T.R. locomotives.

It is quite likely that the matter will be brought before the Dominion Railway Board, which meets here today. It is pointed out that, although Toronto is pretty well supplied with coal, the supply in Western Ontario towns is short, and a continuance of cold weather might result in much hardship.

Sir James Whitney Eulogizes Late Col. Matheson.

LEADER ROWELL IS ILL SENSATION IS IN SIGHT NIGHT SESSION IS HELD

Liberal Chief Has an Attack of Influenza Which Will Keep Hi.a Out of the House For a Few Days-Members on Both Sides Unite

In Paying Warm Tribute to Character of Late Treasurer.

TORONTO, Feb. 6.—"I can trust myself to say very little indeed about the life of the Hon. A. J. Matheson. the life of the Hon. A. J. Matheson. He was so closely associated with me and I feel his loss so keenly that the task of speaking about his life and character is more than I can do." It was very slowly and with evident effort that Sir James Whitney spoke of the death of the Provincial Treasurer. In the Legislature verterday.

fort that Sir James Whitney spoke of the death of the Provincial Treasurer. in the Legislature yesterday.

The House convened at three o'clock and rose about twenty minutes later during which time the Premier and members of both parties gave dignified expressions to the loss to the province, the Dominion, and the British Empire, by the death of Col. Matheson. The second chair on the right of the Premier, which had been occupied since 1905 by the veteran official, was vacant and on the desk was placed a large vase of lilies.

"In the moving that the House adjourn out of respect to the late Col. Matheson I desire to say but a very few words," said Sir James. "I ask the House to take this action as a tribute of respect to the memory of a gentleman who for many year, eighten I think, was a member of the Legislature for the constituency of South Lanark.

"He was a man with definite and

South Lanark.

"He was a man with definite and clear-cut ideas and beliefs," continued the Premier, "and he was always ready and determined to live up to them. The lives of such men where ready and determined to live up to them. The lives of such men where government by the people and free institutions prevail can hardly be overestimated, and they are indeed, in my opinion, the salt of the earth. Col. Matheson was my colleague, my comrade, my intimate friend for a number of years, and I will aiways feel indebted to him."

Sam Clark, Liberal member for West Northumberland; J. W. Johnson, of Hastings; G. H. Ferguson, of Grenville; Hon. Thomas Crawford, and T. Marshall, Liberal member for Monck, also spoke.

Immediately after the opening of the House, S. H. Armstrong, the new member for Muscka, who succeeded Judge Mahaffy, was introduced to the Speaker by Hon. W. H. Hearst.

J. A. Ellis of Ottawa West will introduce a bill shortly aiming at reciprocity of automobile licenses between Ontario and Quebec. For some time there has been much agitation by motorists of both provinces, as now there is a heavy tax placed on those passing the boundary.

Two license inspectors who have not given satisfaction have been discharged. They are Samuel McDougall of Dundalk, inspector for Dufferin, who has been succeeded by Thomas J. Robinson, of Orangeville, and Andrew Innes of Port Dover, who has been replaced by John A. McBride.

It has been announced by Hon. W. J. Hanna that for Inspector J. A. Ayres, who resigned to go west some time ago, will return to his old posi-

E. M. Macdonald Flays Ministers Who Refuse to Explain Their Naval Act to House.

OTTAWA, Feb. 7 .- Liberalism is OTTAWA, Feb. 7.—Liberalism is developing an aggressive spirit with the retreat of the Government in the naval debate. The Ministerial gag has been adjusted, and the Conservatives have been prohibited from taking any further part in the discussion. The field was accordingly left to their adversaries, who are taking full advantage of the situation. More than once yesterday they broke out into applause which overstepped the customary desk-thumping and found expression in vocal cheering. The situation is tightening, and vigorous passages by the speakers touched responsive chords.

uation is tightening, and vigorous passages by the speakers touched responsive chords.

E. M. Macdonald and Hon. Charles Marcil made the silent Ministers squirm more than once during the debate yesterday.

The House adjourned at 12.50 a.m. Hon. Mr. Marcil (Bonaventure) resurced the debate yesterday afternoon. The loyalty cry had been worked to death in Canada, he submitted; it had been worked by both sides. "But it is the essence of loyalty to Canada which imposes itself now." he added. The Premier's policy was not opposed because of its thirty-five millions. That was a small matter. Its danger was in the declaration of an unsound principle, the opening of an era of contribution which would be unfortunate to British rule, and thus to Canada herself. "We must sit six months if necessary, but we must sift this thing to the bottom," commented Mr. Marcil.

E. M. Macdonald, Pictou, followed. He declared that the whole policy had been a procession of blunders. The measure itself had not yet been regularly introduced into Parliament by the Premier, who now sat silent. By the Borden policy Canada was making a confession that she had no men, no artisans, no capacity for a naval scheme like Australia. "What

men, no artisans, no capacity for a naval scheme like Australia. "What will future Canadians think of this miserable confession of incapacity?" he asked.

he asked.

Continuing at night, Mr. Macdonald defined the difference that divided the House. "The Borden policy is a policy of contribution," he declared. "The Laurier policy is a policy of construction." The Pictou man dealt personally with each of the Ministers sitting opposite, eliciting no reply save in the case of Hon. Mr. Doherty, whose reply could not be heard for the uproar.

in Legislature.

Debate on Speech From Throne Takes on a Sanguinary Aspect When Mr. J. C. Elliott. In Absence of Mr. Rowell, Pours Hot Shot Into Sir James For Blocking Assess-

ment Bill In the Committee. TORONTO, Feb. 7.-After attacking the Government, particularly Sir James Whitney, because of the opposition to tax reform, J. C. Elliott, ex-Liberal member for West Middlesex, in the Legislature last night moved an amendment to the motion favoring the adoption of the speech from the throne, to the effect that the House

the adoption of the speech from the throne, to the effect that the House regretted that the Government had not-acted upon the will of the people in revising the Assessment Act.

Mr. Elliott spoke in the absence of N. W. Rowell, the leader, who has been indisposed during the past week. He replied to the two Government members—A. H. Musgrove of North Huron, and Captain Machin of Kenora—who took up the afternoon in applauding the policy of the Whitney administration.

Mr. Elliott rose to speak when the House convened at eight o'clock, and turned his verbal artillery on the Government benches for one hour and a half. He was followed by Thos. W. McGarry, the Conservative member for North Renfrew.

A. H. Musgrove (N. Huron), who moved the reply to the address, dealt with every phase of the speech, and even went outside of this to show that criticism of the Government policy was entirely out o' the question. He started off by relating statistics to illustrate the growing wealth of the farming community, which had increased to \$213,000,000 in four years. With this great increase, chattel mortgages had decreased from \$40,690,000 to \$2,600,000.

Dairy farming had improved so much in recent years, that poor butter was almost an unknown quantity. He called attention to the fact that farmers should pay more regard to "pedigreed" seed and less to pedigree stock.

The speaker referred to the question of tax reform, and denied that the Premier had influenced him or any other member of the committee in the matter of favoring his resolution and upsetting the bill presented by Mr. Rowell. He said that the Liberal leader's motion was crude and unworkable.

Captain Machin's address dealt
