ST. ANDREWS, SEP. 26, 1866. From the Intercolonial Journal of Commen

mercial nations teaches no truer lesson than this—that they have owed, and still owe, their with spacious harbor foom. this—that they have owed, and still owe, their prosperity to the fact that they possess harbours which can attract everything in the value floating upon the high seas. In fact, it may be haid down as a rule that the possession of a good harbour is worth more to a nation that the possession of a gold mine; and there are few, we think, who will be disposed to doubt large amount of property now competion with a wharf here constructed, a large amount of property now competion with a wharf here constructed a large large would be assessment. If railway connection be obtained by way of the water, a large amount of private capital would be expected from the property of the water and the property that the port of San Francisco has done more, or as much for the state of California, as the existence, in its interior, of vast deposits of \$10,000 would be saved in cost of construc-

communication: the one is the Mississippi, the other the river St. Lawrence. Those rival rivers, draining the greater part of the northern portion of this continent, are both adoptions of the continent, are both adoptions of the inhabitants, a question of more vital war supposed to belong to the brotherhood have also been found secreted in various places. the Mexican gulf, unaffected by the temperature of the seasons and unobstructed by ice of winter, it has been supposed that the other great northern artery of commerce, the St. Lawrence, on account of its almost Arctic position, cannot find it possible, the whole year round, to compete with its western rival.—

Canada. Had our Railway been completed in the steamer to Eastport. He has plans of in accordance with Legislative Acts passed the fortifications in every part of the Proover thirty years since, our Canadian friends vince, and his visit to his native City, was would now be in possession of the necessary made for no good purpose, but whether or no, "portage." If it be worth their while to load it is surprising that the leader of the late unears at Quebec for Riviere du Loup, surely it successful raid on Campobello should have cars at Quebec for Riviere du Loup, surely it would be much more convenient to follow been permitted to visit this Province without sions among the leaders, quarreling about finances, and disatisfaction with the failure in nances, and disatisfaction with the failure in

involves only an expenditure of little more parations to thwart their nefarious designs.

CEMETERY .- The new Cemetry on the rising ground near Katie's Cove, has recently been marked off into lots; drains have been made, and a large piece of road graded. The made, and a large piece of road graded. The "Telegraph" of Tuesday, gives an indication wharf, and there being no lights in the viciniing ground near Katie's Cove, has recently now in the Province. made, and a large piece of road graded. The site is one of the most picturesque in this neighborhood, and has been laid out with much taste by our townsman W. M. Buck, Esq. C. E., who also surveyed and originated the plan of the St. Stephen Cemetry, a plan of which of the St. Stephen Cemetry, a plan of which of the St. Stephen Cemetry, a plan of which of the st. Stephen Cemetry, a plan of which of the st. Stephen Cemetry, a plan of which of the st. Stephen Cemetry, a plan of which of the st. Stephen Cemetry, a plan of which of the st. Stephen Cemetry, a plan of which of the st. Stephen Cemetry, a plan of which of the st. Stephen Cemetry, a plan of which of the st. Stephen Cemetry, a plan of which of the st. Stephen Cemetry, a plan of which of the Fenian programme:—

It is said that before a blow is struck there is to be an army of thirty thousand of well drilled and equipped troops, ready for the field to let him go, as the current was too strong.—

He was drowned with the horses. The of the structure of the vicinity, he drove into the water. The two officers got out of the cab with much difficulty, and tried to save the cabman, but were compelled to let him go, as the current was too strong.—

He was drowned with the horses. The of the structure of the structu

place is now in the hands of the Sheriff. We be the main army. Other bodies of troops

### PUBLIC NOTICE.

We Must Have a Winter Port.

There are many things which go to make up the commercial prosperity of a secontry—internal resources, national patronage and encouragement, and private enterprise. But find and beyond all these advantages is the one one that may be described as coming under the designation of a open seapont. Nothing can be more palpable than the fact that free and uninterrupted communication with the sea is one of the first and most necessary requisites by first and most necessary requisites by fixed the prices of singers are, owell claim of the prison of the past, that we may say, these provinces assume a position in the world of matters of the interest of the inhabitants to abandon the present imperfect act, and other one that may be described as coming season to construct a construct of the first and most necessary requisites by fixed and wisdom of the first order, keep and uninterrupted communication with the sea is one of the first and most necessary requisites by fixed and wisdom of the first and most necessary requisites by fixed and wisdom of the first and most necessary requisites by fixed and wisdom of the first and most necessary requisites by fixed and wisdom of the first and most necessary requisites by fixed and wisdom of the first and most necessary requisites by fixed and wisdom of the first and most necessary requisites by fixed and wisdom of the first and most necessary requisites by fixed and wisdom of the first and most necessary requisites by fixed and wisdom of the first and most necessary requisites by fixed provided at \$75, by the St. Stephen Catholic Choir of which she was a member. It is seldom that the services of singers are, so well Justices of the Peace, for the County of Charlotter, was made on Monday night to be of the first and that the services of singers are, so well Justices of the Peace, for the County of Charlotter, was member. It is added that the services of singers are, so well by the county of the first and the first of the first and the theory of the first an example will be made of him which will make all such evil-doers tremble.—[Ib.

We learn that several young men intendleaving Basswood Ridge next week to try their young men leaving us, still the desire of improving their circumstances is a laudable one, and we hope they will meet with success wherever they go. At the same time we think that the same labor and still judiciously employed at home which they will expend abroad would produce quite as satisfactory results.—[Ib.
