Newcastle, N. B. Soldier Killed er Route to the Cape.

To Get Full Benefit of Peace Terms Rebels Must Surrender Before July 10th.

PRETORIA, June 10 .- The Boer commandos that are arriving here bring reports of fresh and striking instances of fraternization between the Boers and the British troops. The surrender of a commando at Balmoral Transvaal, was followed by a big "sing song," in which the Boers and the "Tommies" joined in singing Rule Britannia. The British soldiers sta-tioned at the block houses between Balmoral and Pretoria in some in-

LONDON, June 12.-The war secre tary, Mr. Brodrick, announced in the house of commons today that it was the intention of the government to appoint a small royal commission and institute a general inquiry into the South African war.

PRETORIA, June 11.-In all, 10,225 Boers have surrendered up to date. Many are youngsters of 11 years old and upward. The majority of them are under 30, though some of the burghers who have surrendered are septuagenarians. Reports from all districts say that the burghers are in-creasingly friendly. The only bitterness observable among the leading Boers here is against France and Germany. They declare the war was protracted unnecessarily owing to hopes held out by the French and German press. Some of the Boers are so incensed that they have expressed the hope that some day they will fight on the side of the British against one of these powers. The anticipated friction between the surrendered Boers and their former comrades of the national scouts has not materialized to any extent. The Boers admit that they re-

CHICAGO, June 12.-A Chicago man believed to have been among the dead burled on the Transvaal battle field The Worst in Central Illinois Since has been heard from. To his mother and sisters who have mourned him as dead, his reappearance is like a resurrection. When the ambulance corps which left Chicago for the Transvaal returned two years ago Thomas Naughton was among the men of the corps reported dead. This report was accepted as final until last night, when a cable message from United State consul Hollis to John T. Keating, pres dent of the Ancient Order of Hiberni ans, brought the news that Naughton was one of the Chicago men now at Lorenzo Marques awaiting funds t secure passage home.

General Dewet says the youngster were his best fighters, and frequently held positions after the older Burghers had cleared out.

The Boers of the Orange River col-ony are handing in only a small percentage of their ammunition. They explain that they used most of it in stances held up the trains and profferhunting game since the peace agree ment was signed.

Addressing the surrendered Boers a Kroonstadt, Orange River colony, General Elliott said the only wish of King Edward, his government and the British people was to help the Burghers and get them back to their farms as soon a possible. The King, the general added telegraphed congratulating the Burghers on the good stand they made. Thi announcement was greeted with lusty cheers for the King and Lord Kitcher

PEORIA, Ills., June 11.-The double storm that struck Peorla at 10 o'clock last night and again at 2 o'clock this morning was the worst Central Illinois has experienced since 1843. Rain fell in torrents, and the damage caused by the high winds cannot be estimated at this time. Probably the werst damage in proportion to the size of the town was at Kingston Mines, a small mining town twenty miles below Peoria. There three people were killed outright and ten were injured, three, fatally.
