

SHOULD SELL WEST SIDE FISHING LOTS SAYS AID. BELVEA

Gives His Reasons Why Privileges In Dredging Area Should Be Included—Hardship On Fishermen.

Ald. Belvea in an interview with The Standard last evening explained the reason for the stand he had taken in connection with the West Side fishing privileges in the dredging area. He explained the loss that would occur to the men who held the basins last year if they were deprived of privileges next season and put forward other strong arguments in favor of his stand. Ald. Belvea has had much experience in the fishing business and is familiar with the matter on which he speaks.

"It is contended," he said, "by some of the aldermen that because the revenue this year was only \$8, the lots should not be sold at all. I, of course, could not support the motion and gave my reasons for not doing so.

A Loss to the Fishermen.
"I explained that those men who owned the lots this year would not have a chance to use their gear, composed of nets and poles, worth from \$200 to \$500 for each trap or weir, and as there are six of these lots that will not be interfered with by the dredging and wharf building, they should be given a chance to erect their traps.

"If we do not sell them it means the tying up of \$5,000 worth of material owned by men who can ill afford it.

"I suggested that they be sold conditionally. I also pointed out that it would be unfair not to sell them as nine or ten men with families depending on them would have to look elsewhere for a livelihood.

"I pointed out that to get into the Navy Island privileges or any other lot would enforce idleness so far as fishing is concerned, on those men who were driven out of the lots by the competition of others who have of late occupied the lot waters.

"I have felt at times that the lots were sold with a greater eye to the city's interest than with justice to the citizens or small operator, who in time becomes the large operator. I speak from my own knowledge, having been both.

A Good Investment.
"Nine years ago I invested \$300 in the weir business and two years ago \$2,100. I may say that so far as my fishing is concerned, the old saying 'nothing venture, nothing win,' applies very well.

"I contended against Ald. Wilson, who wanted to sell the Carleton shore lots first. This was unfair, as it discriminated, and claimed that the only fair way was to place all the numbers of the lots in a hat and sell them in the order drawn.

"The fishermen figure on at least one hundred year in seven. Traps sold for from \$100 to \$300 will generally earn from \$200 to \$500 in a season. Traps worth from \$500 to \$1,000 will earn as much as \$2,000 in a season, but \$900 is a fair average.

"The season lasts six months; two men at least are required to work and some of the biggest traps require as many as five men at times. So in reality in the business there is nothing better than real good wages for those employed."

from Vice Consul Caldera at Managua, important details of recent happenings there. It has been decided by the department to send Consul Olivares, now on leave in Washington, immediately to Managua to take charge of the consulate.

The department is inclined to attribute Mr. Caldera's recent and therefore unsatisfactory telegrams, to the fact that he is over economical in spending money for cablegrams. Military activity at Managua and on the west coast, it is said, continues. Admiral Kimball's visit to Madrid at Managua in full uniform was without the knowledge of the state department. Stories to the effect that this visit might be regarded as a preliminary step to the recognition of Madrid as president of Nicaragua, are declared to be entirely without foundation.

MRS. GAYNOR OUT FOR WOMAN SUFFRAGE.
New York, Dec. 29.—The wife of the next mayor of New York came out positively today in favor of woman suffrage.

"I believe," said Mrs. Gaynor, as she clasped hands with Mrs. O. H. P. Belmont, "that every woman who pays taxes should have the franchise and every self-supporting woman and every woman who has no man to represent her."

The monorail is to be exhibited at the Canadian National exhibition at Toronto next summer.

Can't Reduce That \$6,000 Deficit

Ald. Potts Tells Ferry Committee He Abandons Hope For The Present—Public, He Says, Must Be Served—Removal Of Part Of Magee Wharf Decided On—Schedule For Two Boats To Be Drawn Up.

At a meeting of the Ferry Committee yesterday afternoon it was decided to take immediate action in removing such portions of the Magee wharf as encroach upon the east side ferry floats, and the owners of the property will be served with notices to put the wharf in proper repair. It developed at the meeting that the proposal made by Ald. Potts to put two steamers on the route at certain hours had not taken definite shape and all arrangements were left in the hands of the chairman, Ald. Potts presided and Ald. Holder, Sprout and Wilson were present with the superintendent and the common clerk.

The chairman brought up the matter of the Magee wharf which was decaying he said, and had moved over so that it obstructed the floats. The superintendent said that the strings of the Magee wharf had rotted off and the logs had floated over and caught on the floats.

The recorder said there was a question whether the ferry floats pressed upon the Magee wharf when the wharf leaned over against the floats.

Ald. Wilson said if it was practical, it would be better to drive spilling between the wharf and the floats.

His Mind Made Up.
The chairman said all he wanted to know was that logs from the Magee wharf had been taken out from under the floats. The floats were held down by logs jammed in between the two structures.

The recorder said this would not help the city's case unless it could be proved that the wharf was encroaching on the city property.

The committee adjourned at this point to inspect the wharf and found that logs were pressing against the floats.

On resuming the recorder said that legal notice should be sent to have a portion of the wharf renewed.

PETITION FOR NEW TRIAL DENIED MORSE
Continued From Page One.

Mr. Littleton's recent application for a new trial for Morse was made on the ground that the jury was improperly guarded and that some of the jurors drank to excess during the trial. With respect to this charge, the court holds that the fact that the jurors were in the custody of secret service men instead of regular deputy marshals, was well known to both counsel and jurors when the trial began. The court also notes that more than a year had elapsed since Morse was convicted and sentenced and that the judgment had been affirmed by the United States Circuit Court of Appeals and a writ of certiorari had been denied by the United States Supreme Court.

As to the drinking charges, Judge Hough says that it was by direction of the court that the jurors be permitted to lead their usual lives. "And it is not pretended that anyone was at all intoxicated," adds the court. All parties agreed, the memorandum continues, that no liquor was served to the jury after the case had been given to them.

"The same juror who has deposited for the defendant as to the drinking habits of the jury," says the court, "is by the same juror who has deposited himself so sudden with drink as to be incapable of clear, cool and undisturbed judgment."

"As to the charges that the jurors were permitted to read in newspapers 'hostile' accounts of the trial, Judge Hough said:

"The newspaper accounts were in complex and confused, but there is no evidence that they were hostile or biased, as even probably to affect the minds of men quite able to perceive their incompleteness and inaccuracies. Unless all reading of daily journals by jurors is unlawful this point requires no further consideration."

Morse who has remained constantly loyal to her husband throughout his fight for freedom, is greatly upset by the turns of affairs today. If he must serve his sentence, it is said, she will probably accompany him south. Mr. Littleton's motion for a writ of error on Judge Hough's decision, however, acts as a temporary stay of execution.

MORSE, BANK PRESIDENT, "ICE KING."
Master of a steamship trust and high financier, was convicted of misappropriating the funds of the Bank of North America, of which he was formerly vice-president on Nov. 6, 1902, after a trial lasting three weeks. He was locked up in the Tombs until last June. While there he was allowed unusual liberties. A desk was fixed up for him in his cell, and to this "office" came three daily waiters with the choicest of food. He ate his meals either prisoners jibed and jeered at him from the long steel-barred rows of cells. But he never lost his spirit.

Mrs. Morse worked night and day to obtain his liberty. She at last succeeded in getting \$125,000 bail for him among 20 old associates, and he was freed. Morse rode from the Tombs to Fifth in an automobile, opened an office in the financial district and in a few weeks had rehabilitated a fortune that was thought lost.

appeals affirmed the lower court's conviction on Oct. 11, and Martin W. Littleton, Morse's counsel, at once applied to the supreme court for a writ of certiorari, which was refused Dec. 5. The motion for a retrial was the only hope left to him at the last.

This motion, as framed by Littleton, was one of the most bitter attacks made on Theo. Roosevelt in legal records. Littleton charged that Roosevelt had been "bribe-taking," that secret service men were in charge of the jury and that the jurors were allowed to read newspapers.

On motion he was instructed to do this. He said it would be legal to cut out the projecting pieces.

The chairman—"Tear the whole thing out. We might as well have a monument to our memory."

The superintendent said that he had another float ready and would put it in when the time was up. It would mean the service being interfered with for two or three days.

The recorder said the city would be justified in tearing out every piece which endangered the floats.

The superintendent said, Messrs. R. Roberts' Sons, Ltd., had the plant for pile driving and Ald. Holder was authorized to meet Mr. Roberts and arrange a meeting for 9 o'clock this morning at which plans for the work will be discussed.

No Increase for Collectors.
The application of the four collectors for an increase in pay was laid on the table on motion of Ald. Holder.

The chairman brought up the matter of having two boats on the route. He had expected to have Mr. H. C. Smith of the West Side appear before the committee with reference to the matter but he had not come and he (the speaker) did not think it worth while to take up the time.

His idea had been to have one crew come on three hours earlier and pay them for the additional time. He could not consider the question of having another crew. Some people were talking all the time about the \$10,000 which the city claimed the chairman had agreed to save. There was no use thinking of this now, for the public had to be served.

On the motion of Ald. Holder, the chairman was empowered to meet those interested and draw up a working plan.

The matter of purchasing a spare rubber for the Ludlow was left with the superintendent.

The committee then adjourned.

MURDER AND SUICIDE IN DANCE WITH CUPID

Football Of Love God Comes To Grief In Indiana—Hero Of Many Affairs—His Story.

Peru, Ind., Dec. 29.—The carefully laid plan of a loveless and discouraging man, involving robbery, murder and suicide, culminated today in the slaying of Miss Dora Chapell, 21 years old, a waitress in the dining room of the Bears Hotel, by Roy McKinney, 24, a waiter in the same hotel.

McKinney entered a lunch room there early yesterday and rifled the cash register while he covered the man behind the counter with a revolver.

Letters found in the dead man's pocket indicate that the holdup and today's crimes were planned. It is thought McKinney committed the robbery to get money to come to Peru.

The letters were addressed to the coroner, the girl's father, Frank Chapell, of Peru and to McKinney's wife at East Germantown, Ind.

In the letter to the coroner, McKinney first directed that his body be sent to a medical college, and then added:

"I left my first wife because she was not true to me. I left my second wife last March. On March 18, 1902, I met Dora Chapell and went with her two months, at the end of which time I found that she was the only girl for me. I could not leave the girl I loved. Several days ago the girl's father told me that she was to be married to a man named Roy McKinney. I was much troubled and brought Dora to Peru. It was impossible for me to forget her, so I came to Peru. I asked her to go to the theatre with me and to have other arrangements. I could not sleep and God only knows Dora has been a hell. May God help Dora and take pity on me. Before I close I hope that everybody will take a great deal."

In the letter to his wife, McKinney said:

"I only wish you were with me so I could take you with us, too."

PASS RESOLUTION OF REGRET ON DEATH OF DR. A. W. MACRAE

Liberal - Conservative Executive In Session Last Evening Feelingly Recognize Merits Of Standard Bearer.

A largely attended meeting of the executive of the Liberal Conservative party was held last evening in the York Assembly rooms, at which a number of important matters were considered. In the absence of Mr. W. H. Thorne the chair was occupied by Mr. J. B. M. Baxter.

As the meeting was the first since the death of Dr. A. W. Macrae, a resolution of appreciation and sympathy was unanimously passed on motion of Mr. W. H. Harrison, seconded by Dr. J. W. Daniel, M. P.

The resolution read as follows:—Resolved, That this Association place on record the great regret of the Liberal Conservative party in this constituency at the sudden death of Dr. A. W. Macrae.

Always a staunch Conservative, Dr. Macrae, by his ability, energy, and sound political sense, soon raised himself to a leading place in the councils of the party and in October 1902, he was unanimously chosen to be the Conservative standard bearer for the city and county of St. John for the Dominion election of 1903.

To his bereaved wife and children we extend our heartfelt sympathy, realizing how great is their loss, the suddenness of his death, and the untimely death of the campaign proved that in ability as an orator, and political canvasser, Dr. Macrae was second to none.

And further Resolved, That this resolution be entered on the minutes and that a copy be sent to Mrs. Macrae.

AT THE OPERA HOUSE
The Robinson Opera Company in Carmen with Miss Nola singing in the title role and Mr. Nelson as Escanillo, played to a most fashionable audience at the Opera House last evening and it was agreed that this popular opera had been given one of the most brilliant interpretations ever seen in St. John.

Although Miss Nola scored a brilliant success and Mr. Nelson won most applause, the stars shared their honors with Mr. Charles Fulton, who was heard in the part of Don Jose and Miss Minna Storm, as Michaela, the peasant girl, who was quite equal to the task and made a decided hit in the touching song to Don Jose in the St. John's Cave.

Esther Barton filled the minor parts of Frasquita and Mercades very acceptably and Mr. Charles Hillman in a double role gave a good performance.

Tonight Balfour's famous opera, "The Bohemian Girl" will be presented and those favorite songs, "Then You'll Remember Me," "The Heart Bowed Down," "I Dreamt I dwelt in Marble Halls," will be heard.

Mr. Nelson will be heard in the part of Count Arnheim and will not sing it with his usual force and grace. He has never sung better than he is singing this season. Miss Nola will sing Arline and as it is one of her favorite roles she will no doubt repeat her triumph of last night.

Charles Fulton will sing the tenor role of Thaddeus and Jack Henderson will be seen in the comedy role of Forstein. Mr. Hillman will sing Devilshof. Miss Esther Barton will appear as the Queen in which character St. John audiences know her so well.

Ferry Evening At Industrial Home

Santa Claus Paid Visit To Boys At Croucheville—Many Friends Of The Institution From The City Present—Speeches By The Mayor, Judge Ritchie And Others—Excellent Entertainment Provided.

The wind view cold over the Marsh toward Croucheville last evening. The road through Croucheville toward the Boys Industrial Home was swept by snow and the company who were invited by the mayor and the other members of the managing board to pay a Christmas visit to the home, rode on backboards. Nevertheless there was a cheerful party of three or four score of people.

It was a greatly improved home that they found. Much has been done to the building recently. Especially there is a fine equipment of baths and lavatories with places to keep clothes, so that the boys can keep themselves clean and their clothes with true nautical abandon and are to do their own mending, to wash their own clothes, make their own beds and keep their rooms in order. Everything is so remarkably tidy last night, including the boys.

Received by Lady Tilley.
In the large room of the home the visitors were received by Lady Tilley and Mrs. Bullock, with other lady members of the board. Lady Tilley, who is always remembered in connection with the foundation of the institution, was in attendance at the Christmas reception for the sixteenth time, having never missed a year.

Among the other visitors was Master Laurence MacLaren, who is especially mentioned because no one else contributed so much as he to the entertainment of the pupils. His towering success was the dance of the Sallor's Hornpipe, which he had to do twice on the platform. It was admirably done, in nautical costume.

Before this the boys, twenty-four in number, had marched in following the bagpipes, and had gone through an elaborate military drill in which they appeared to good advantage. They also sang with a spirit only an Army band could equal.

Two of the lads gave a duet, Miss Myles, who was one of the visitors, gave a charming violin solo.

The Mayor.
After these and other proceedings there were speeches, becomingly short and few. His Worship the mayor, who was a skillful and exuberant master of ceremonies, said that of the twenty-four boys in the place, some five were guilty of nothing.

INTER-COLLEGIATE HOCKEY SCHEDULE ARRANGED YESTERDAY

Post Graduates To Be Allowed To Play—Prospects Are Bright For Fast Games This Season.

Delegates from the three colleges of the Maritime Province Intercollegiate Hockey League met in the Victoria Hotel yesterday afternoon to arrange a schedule and make plans for the season's work on the ice.

N. B. University, which called the conference, was represented by Mr. C. J. Jones, Mt. Allison by Mr. Chas. McDougall and Acadia by Mr. Rex E. Eaton. King's College, which had sent in an application to be admitted to the league, did not send a representative, so their application was refused.

The following schedule was drawn up: Feb. 9, Acadia vs. U. N. B., at Fredericton; Feb. 17, Mt. A. vs. U. N. B. at Sackville; Feb. 24, Mt. A. vs. Acadia at Wolfville.

The chances of U. N. B. for getting a rink at Fredericton look promising, however, and if so, the game between Acadia and U. N. B. will be played here on Feb. 15.

Intercollegiate hockey prospects appear bright this year. Speaking with Standard reporter last evening Mr. Jones, captain of the University team, said that although the probabilities of getting a rink at the Varsity were right up to the mark, last year's team was: Jones, goal; Stirling, point; Babbitt, cover point; Gibson, rover; Greeney, centre; Stevenson, right wing; Baird, left wing.

No Rink in Fredericton.
That a rink could be obtained was very unlikely, Mr. Jones said. The Arctic rink, the only covered one in Fredericton, was about to be closed down, and the only other hockey rink was the soldiers' open-air rink, which it would be almost impossible to get.

It was likely therefore, that the Varsity would build an open-air rink of its own for practice and that the Acadia match would be played here.

Three of the Acadia team are coming back and strong men are looked for in the freshmen class.

Four Mt. Allison men have come back, not including the spare Trappell. Besides Capt. McDougall, who was captain last year, there are: point, Beside, cover point, and North, rover, Roland Smith, of St. John, is talked of for goal. Mt. Allison hopes to have a strong team this year and to win the cup from U. N. B.

In the conference, Mr. Eaton, the Acadia representative, brought up the question of playing post-graduates, arguing that it would not be fair to play them. His arguments were overruled, however, by the vote of the two other delegates. The new M. P. A. A. rules were also discussed, but nothing definite was done. The general opinion was that all the colleges would register with the Maritime Province Association.
