SIXTH DISTRICT BAPTIST MEETING

Annual Sessions Begun at Gondola Point, Thursday

JACOB TITUS, CHAIRMAN

In Annual Session, Rev. A. B. Cohoe Says Baptist Principle of a Regenerational Church Membership Needs Enforcement—How to Effect This.

Friday, June 12
The annual meeting of the sixth district of the United Baptist church at New Brunswick opened yesterday afternoon at Gondola Point. Jacob Titus, of St. Martin's, was elected chairman for the ensuing year. Rev. A. B. Cohoe delivered the annual sermon. The sessions will be resumed this morning. There was a good attendance of delegates and church members.

The meeting opened at 2:30 p.m. with devotional exercises, led by John Slipp, Sussex, and prayer by Rev. W. E. McLaughlin, St. John.

The election of officers took place and Mr. Titus was chosen president and Rev. H. G. Kennedy, of Sussex, the retiring president, was elected vice-president. Rev. J. W. Kierstead was nominated for secretary-treasurer. On the plea of much additional work he asked to be excused. He was nominated Charles Wason, Mr. Wason, however, declined on the ground that he would be unable to attend all the meetings. On the question being put to the meeting the nomination of Rev. Mr. Kierstead was unanimously confirmed. The following were chosen members of the executive: Rev. E. J. Grant (Hampton), Rev. David Hutchinson (St. John), Rev. A. B. Cohoe (St. John), A. H. Chipman (St. John), Mrs. W. E. McLaughlin (St. John), and Mrs. C. W. Weyman (Appaquaj).

Sermon by Rev. A. B. Cohoe.
Rev. Mr. Cohoe of the Brunswick street church then preached the annual sermon. The occasion, he said, ought to be used as an opportunity for gaining a somewhat wider and truer conception of the work of the church than with its traditional activities and interests of the local congregation engaged the attention. He discovered in the thought of the day an idea that religion was destined to become a comparatively unimportant phase in the world. There was a very general conviction that society required the religious sanction to lend dignity and force to the moral requirements of civilization, that the refinement of spiritual thought was needed to save from the degradation of the crass materialism of a commercial age, and that the down-trodden and oppressed classes needed the hope of religion to reconcile them to their lot. But such conceptions of religion were not the conceptions of Jesus. His teaching was not to provide the means for such a purpose in the world and that purpose had to do with the human soul. The teaching of the human soul revealed itself in Jesus, and the means whereby the soul was to be reconciled to God was to be found in the life of Jesus. It was his life that was to be the model for the Christian. It was his life that was to be the model for the Christian. It was his life that was to be the model for the Christian. It was his life that was to be the model for the Christian.

THROWAWAY LINIMENTS

Here's the Prescription to Cure Rheumatism.

Liniments only reach the skin and the muscles directly under the skin. Now, liniments can't cure Rheumatism. They simply deaden the nerves for a time. When the effect wears away the pain returns worse than ever.

If the bowels do not move regularly—if the kidneys are strained or weak—if the skin is dry or harsh—the blood is sure to be filled with impurities or urea. This urea is changed into uric acid which is the poison that causes rheumatism.

Now, the only possible way to cure Rheumatism is to prevent uric acid from forming. Logically, the only way to do this is to keep the bowels, kidneys and skin in good working order, and prevent the stomach from being too acid. And the only way to do this is to take "Fruita-tives."

These marvelous tablets of fruit juices and tonics act directly on the three great organs—bowels, kidneys and skin—and put them in perfect condition. That is the only secret of their great success in curing rheumatism, eczema and pimples.

50c a box—8 for \$2.50. "Fruita-tives," Limited, Ottawa.

OBITUARY

William Hazlett, Sr.

The death occurred at Whitehead, Kings county, on the 3rd inst., of William Hazlett, Sr., aged 87 years, a life long resident of the parish of Kingston. He was a son of Ralph Hazlett who came from the county of Tyrone, Ireland, to New Brunswick in 1828 and here he established himself on what is now known as the "Frost farm," near Hampton village, where the subject of this sketch was born. Five or six years later he purchased a large tract of land at Whitehead, and removed his family thence. Later he enlarged his holdings by the purchase of another farm near by. It was on this farm that William Hazlett, Sr., lived from the age of five or six years until his death. Of his brothers and sisters but one survives, Mrs. James Belyea, of St. John West. At the death of Ralph Hazlett his landed property was divided between his three sons, William, Andrew and James, all of whom have passed away. Andrew's farm is now owned by Charles Hazlett, and James by his widow, William Hazlett, Sr. was a good husband, a kind father and respected neighbor. He was not ambitious to acquire wealth or to be known as a landowner, but his name was known all over Kings county, and no one had aught ill to say of him, while many had reason to remember his kindness of heart and many charitable deeds. He was buried on the 5th inst. in St. Paul's church yard and by the side of his youngest daughter, Florence, who died 17th December last. The conditions on the Kennebec have greatly changed since the late Mr. Hazlett's youthful days. There were once few if any frame houses in his section of the parish of Kingston; the roads were little better than cattle trails, farming was conducted in a most primitive fashion, and to market their produce the farmers had to go to St. John in canoes or row boats, and this involved a good deal of labor and some danger, for Kennebec Bay, extending twelve miles or so above Bear's Head is in places five to six miles wide and at times is almost as rough as the open sea. But the farmers all along the shore as far as Hampton had no recourse but to leave the discomfited and dangers of the trip in order to exchange their products for household and other necessities. Some of these voyagers, by reason of the weather, were delayed for several days and some of them met in disaster. The late Mr. Hazlett never met with any serious mishaps, but he was once in a narrow escape. It is never met with any serious mishaps, but he was once in a narrow escape.
