OTTAWA CONVENT.

Under the Patronage of His Lordship the Right Reservend Dr. GUIGUES.

THIS Institution, established some Twenty years ago, is well calculated by its position between Upper and Lower Canada, to afford the greatest iscilities to French and English Young Ladies, for acquiring a complete education in their mother tongue and at the same time, in another tongue that is foreign.

Nothing has been neglected that could contribute a attam this double end, and the ample and honourble testimony constantly, rendered, proves the effort e have been successful?

Among many means employed to develope the intellect and cultivate a literary taste, are a well regulated Post Office and a Weekly Newspaper, edited exclusively by the young Ladies.

In the Commercial course a practical emulation is excited by a Bank and Commercial Rooms, howhich business is transacted in both languages.

It is a particular point of the rule that some of the recreations of the day are, each alternate week, strictly French, or entirely English, for those who are capable of speaking both languages.

Those who study Masic will find everything that could see are them rapid and brilliant success; for this, it suffices to say that no fewer than Six Teachers are devoted to this Department, which am braces the Harp, Piano, Guitar, Melodan, Organ, &c.

A similar number of Mistresses preside over the

gan, &c.

A similar number of Mistresses preside over the different kinds of Painting in Oil, Pastille, Poonah Painting, and the different kinds of Drawings, Embroidery, Wax Work, Artineial flowers, &c. The Ornamental is not permitted to supercede the useful; for all the pupils are obliged to learn the theory and practice of Domestic Economy.

Ne distinction of Religion is made in the admission of pupils. Children of different denominations, though obliged to conform strictly to the order of the Rouse, are not required to assist at the Religious exercises of the community.
