AWARDED A CARNEGIE MEDAL FOR LIFE WORK.

### French Priest Swallows Small Shot and Photographs Effects in Body.

"It may be suicide, but God will par don me," is the comment of Abbe Tau-leigne, priest of a small parish at Pontgny, who has been awarded a Car-negie medal for devoting his life to the interest of science and humanity, says a Paris despatch. He is dying by inches as the result of X-ray burns received while trying to solve the probem of finding foreign objects in the

human body.

Early in the war the abbe became alarmed over the large number of deaths due to inability to discover where shell fragments or bullets were lodged. He decided to use himself both as experimenter and the subject for his experiments, although he real-ized that he was imperiling his life without assurance that he would meet

"I was not attached to any hospital, but I decided to try out my theories on myself," explained the Pontigny priest. For several months I swallow-ed daily a dose of small shot, taking X-ray photographs of all parts of the alimentary system, and when I had perfected a method of photographing the effects I turned all my data over to army officials."

### Thousands Saved.

The result was that thousands of lives were saved. But as the abbe had no essistance in conducting his experiments he frequently burned his flesh.

Although he took immediate precautions physicians warned him just after the armistice that his life was in danger. To-day his right arm is camplete paralyzed and the other is so weak

that he cannot lift a pound weight.
One of his kidneys is completely atrophied. In the last few months his
teeth have begun to fall out and he be-

none record of the ordinary type.

A silk handkerchief, on which a well known piece of classical music had been played, was taken from the machine, tarown across the room, jumped on, replaced on the machine, and made to repeat the tune smoothly and distinctly.

A portion of linen pillow-case was made to give forth a striking reproduction of perfectly-blended stringed in-

alert and discerning young souts with a song only half learned. They know. Another thing, if a conventional style of tone is adopted the singer will make very little headway into the hearts of her youthful listeners. Children are quick to detect and resent insincerity or affectation. The singer who has a notion that she will be able to deceive a child into believing that she is something which she is not will find that she has slipped a cog in her calculations.

All things considered, it is a pretty good test of a singer's all round ability to please the general public if she is a success with children. Singing for

all things considered, it is a pretty good test of a singer's all round ability to please the general public if she is a success with children. Singing for children is the most natural field in which a singer can work, and so it affords invaluable schooling and preparation for the art of singing for men and women who, after all is said, are in reality grown up children in sophisticated and conventional suses.

| All things considered, it is a pretty good test of a singer's all round ability fruit and green vegetables; and drink no alcohol.

Cure Yourself.

The human body is subject to many wills, and there are times, of course, the difficulty of ascertaining their ages is very great.

Since it is usually the largest animals that live longest, we can assume that the whale is very long-lived. Or this fact we have also some definite proof. In 1866 a huge but wha

word was pronounced that way, would you?" It is always safe to send a Dominion Express Money Order. Five dollar costs three cents.

# MRS.BUDGE SO WEAK COULD HARDLY STAND

Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health

River Desert, Que.—'I used to have a severe pain in my side. I would be unable to walk fast and could not stand for any length of time to do my ironing or washing, but I would have to list down to get relief from the pain. I had this for about two years, then a friend told me to try Lydia E. Pinkham's Vegetable Compound as she had had good results. I certainly got good results from it, too, as the last time I had a sore side was last May and I have not had it since. I am also glad of having good nursing for my baby, and I think it is your medicine that helped me in this way.''—Mrs. L. V. BUDGE, River Desert, Quebec.

If you are suffering from the tortures of a displacement, irregularities, backache, headaches, nervousness, or a pain in the side, you should lose no time in trying Lydia E. Pinkham's Vegetable Compound. River Desert, Que .- "I used to have a
