SENIORS TO MEET PRESTON
The Seniors will proceed to Preston this evening and engage the intermediate team there in a benefit game for Short, their former goal-keeper who is now at Gravenhurst suffering from consumption. This will be good practice for the locals, besides being for a worthy cause and the local fans who make the trip will not be disappointed.

JUNIORS AND NEW HAMBURG
Tonight will see the local kids up against something bigger than themselves and what promises to be a real fight. Young Werner Schnarr up against big Shirk will be well worth seeing, and the game will not do the kids any harm.

THE FIRST ROUND.
At the East End rink last evening an argument between newspapermen was opened but not settled. The usual manner of debate, however, was not used. Hockey sticks and a puck were the means.

The first round of the combat went to the opponents of the Record staff, the tally by goals being 6 to 3.

The exhibition of the grand old national game while strenuous all the way from start to finish was not just what the two teams can

put up. For that reason in order to convince the skeptical in both camps the next game should not long be delayed. The game last evening while a fast one was more like an initial practice and an incentive to try conclusions in another fixture in the near future.

The teams got off to a start at 7 o'clock and the play became hot and checking close. It continued such throughout the first period. Both sides showed that they had some promising men on the ice. In this conspicuousness some of the carrier boys figured. The Record team pressed their opponents but fell down when they reached the defence and also missed many opportunities to put the rubber into the nets. The contemporary six-tette getting near the goal several times, scored several counters. The fourth goal of the period went to the Record and before the half ended another was added by the opposing team.

In the second period the play again was like in the first period. The contemporary men were able to stave off many attacks on their defence and goal. Two to one was the tally for the last half, the last goal of the game going to the Record team.

There are no axes to grind after the exhibition last evening but nevertheless it is suggested that the teams should again line up. The condition of the ice was such that the best exhibition was not possible. It is suggested that the contemporary boys fix a date immediately.

GUELPH-KITAEHER FEUD GROWS MORE SPIRITED AS MEETING DRAWS NEAR

Feb. 18.—"Knotty Lee, who is completing the organization of the Ontario-Michigan League, was in the city yesterday and conferred with some of the backers of the proposed Kitchener franchise respecting the organization meeting to be held in Saginaw next Monday. It was learned that Guelph intends sending a delegation to the organization meeting with a view to making a bid for the franchise, but there will be very little chance if the determination of the local backers is any criterion.

the lead. Ten seconds before time was up he repeated.

The ice was keen and hard, and play started fast from the face-off. The locals tried some nice combination and made things interesting for Dunlop, but it was well on in the period before Berger scored on a pass from Morense after a mix-up around the net. Notwithstanding the visitors' hard efforts to equalize, there was no further scoring until well into the second period.

JACK JOHNSON DOWN AND OUT.

Paris, Feb. 18.—Jack Johnson is boxing ten-round bouts with various "ham" boxers, and is lucky to get a mere thousand peetas in purses. Guy Garner, the jockey, who has just returned from riding at St. Sebastian, says the negro is in evidence everywhere looking pretty seedy, wearing a shabby old fur coat, which he boasts cost \$5,000, but he does not say how long ago, and every little while one of Jack's or Mrs. Johnson's diamonds disappears, presumably going to a pawnshop.

A few days ago Johnson boxed an interned German "U-boat" sailor, whom he nicknamed "Bill Flint of Brooklyn," at Madrid. In the first round the sailor poked Jack in the stomach, wounding the negro, but in the second round the German walked straight into Jack's stiff arm, turned around three times and dropped like a dead man for the count. Jack said afterward he
