Places in Our Hands the Remainder of Their Greatest Publication

Ridpath's History of the World

9 massive royal octavo volumes, 4000 double column pages, 2000 superb illustrations. New, perfect books, latest edition, beautifully bound in Half Morocco at less than even damaged sets were ever sold.

We will name our price only in direct letters to those sending us the Coupon below. Tear off the Coupon, write name and address plainly, and mail to us now before you forget it.

Dr. Ridpath is dead, his work is done, but his family derive income from his History, and to print our price broadcast for the sake of more quickly selling these few sets would cause great injury to future sales.

The reason for Dr. Ridpath's enviable position as an historian is his wonderfully beautiful style, a style no other historian has ever equalled. He pictures the great historical events as though they were happening before your eyes; he carries you with him to see the battles of old; to meet kings and queens and warriors; to sit in the Roman Senate; to march against Saladin and his dark-skinned followers; to sail the southern seas with Drake; to circumnavigate the globe with Magellan; to watch that thin line of Greek spearmen work havoc with the Persian hordes on the field of Marathon; to know Napoleon as you know King Edward. He combines absorbing interest with supreme reliability, and makes the heroes of history real living men and women, and about them he weaves the rise and fall of empires in such a fascinating style that history becomes intensely interesting.
