

of the state in this ²³¹⁷⁷⁷ gathering
not to mention the interest
locally - If, by chance,
you should still be in Colo.
next week & in this section
of the state on the 15th or
16th, it would certainly be
an honor if you and Mr
Rockefeller would drop
in at any of our sessions
though for only a short time.
I feel sure we are win-
ning friends among those
who are interested in better
schools - both in and out
of public office.
