

878229.

Ottawa, February 9th., 1911.

Gentlemen:-

With reference to your letter of February 8th enclosing specification and plan of certain Saw-mill machinery required by this Department, I have to request that you will prepare and ship at the earliest possible date two complete outfits of the machinery, etc., shown by the specifications. It is desired to substitute an Inserted 48" tooth Saw instead of the solid 40" tooth Saw. The extras as suggested by you <sup>and Mr. Conroy</sup> should also be included in the order, as per page 5 of the specifications.

We desire the Boilers not to be mounted on wheels but on the usual frame, as mentioned by you to Mr. H. A. Conroy, Inspector of Indian Agencies.

You will also kindly follow the directions given by the Inspector with reference to plugging the Boiler and making it air tight.

Would you kindly use the utmost despatch in filling this order, and by return mail state the date when you will be prepared to ship from Brantford. The machinery should be addressed to - "A. J. Bell, Esq.,

Indian Agent,

Edmonton, Alta."

Your obedient servant,

the Engine Works Company,  
BRANTFORD,

Ont.
