

makes me shudder to think of my pains with every change of weather. I tried all the Liniments and drops and sweating medicines to be got without any benefit whatever. Fortunately, a friend who knew its virtues brought me some of Dow's STURGEON OIL LINIMENT, and insisted on my using it. I did so, and began to mend rapidly. I gained eleven pounds of flesh in three weeks. I am now as well as ever.

*Dr. Dow, Dear Sir*—It affords me great pleasure to recommend to those who are unfortunately afflicted with Rheumatism—that terrible scourge of our race—your STURGEON OIL LINIMENT. For several years I have been a victim of that dreadful case; my sufferings at times seemed greater than I could endure. I had used every preparation which I thought could possibly relieve me, but continued getting worse. When your Liniment was brought me I was lying helpless on my bed, and had no faith in it helping such a case as mine. But I was induced to try one bottle of it, which, to my great joy, alleviated my distress. After using the second bottle, I was able to leave my bed and walk across the room. I am now quite restored, and able to take care of my family. With my best wishes for your success in your efforts to alleviate human suffering, I am, &c.,

*Dr. Dow, Dear Sir*—I have long been the victim of Chronic Rheumatism, which so affected my joints as to render me almost helpless, and unfitted me to earn my living.

I used a great many kinds of medicine in the vain hope of getting relief, but derived no benefit from any of them. The disease obtained such a hold of my system, that it seemed impossible to remove it, and I feared that it would continue to afflict me as long as life remained. But fortunately for me I was urged to try your STURGEON OIL LINIMENT, and consented. I have used two bottles, which I am happy to inform you has entirely cured me, and I am on my feet again enjoying good health.

*Mr. J. W. Brayley, Sir*—I hereby most willingly and with much pleasure record my testimony in favor of DR. DOW'S STURGEON OIL LINIMENT. A few weeks since I met with a serious accident, having been thrown from my waggon on a stone in the road, with my head downwards, cutting my head severely and quite stunning me. The wound was dressed and the Liniment applied and the application continued for a few days; my head soon got well. The Liniment seemed to have a peculiar soothing and healing influence. A neighbor of mine—John McGowan—was about the same time prostrated with a severe attack of Rheumatism in his back, and on my recommendation he sent and got a bottle of the same Liniment, and by a thorough application, only once, he was cured almost magically. The Rheumatism was fairly driven out, and has not troubled him since. I know it to be an excellent remedy for all trouble for which it is recommended.
