Its sparkling black surface is tough and elastic. Never cracks or peels. You ought to keep this paint on hand always.

Its use is the safe, practical and inexpensive way to make fence posts, clothes posts, or porch steps immune to the attacks of weather, earth or moisture. You know the preservative values of creosote. Being a liquid oil it can be applied by simply dipping, spraying or brushing. No expensive method. Makes It Pay

Farming pays. It pays better than any other investment. The way to make it pay easier and bigger than ever is to get our mechanical farm helps to do more of your work at reduced cost. This requires POWER and it requires MECHANICAL EQUIPMENT; but power equipment is what "makes it pay." We offer the best in our lines at most reasonable prices.

ENGINE

Do you remember how our fathers used to toil 20 hours a day, for weeks, to get the harvesting done? That was when the harvest was cradled and bound by hand. You no longer hear of gleaning all night by the light of the harvest moon. The reaper and binder have changed all that. The ordinary chores in farm life have lost their drudgery too. Pumping water for house and barn, grinding feed, pulping roots, churning, washing, and cream separating, are not done by hand any more. Gasoline engines or windmills furnish power to turn machinery and pump water. We manufacture and supply nearly all the helps needed to make farm life easy: Saw Frames, Grinders, Silos, Silo Blowers, Well Drills, Pumps, Water Systems, Litter Carriers, Windmills, Engines, etc.
