ment Grain Elevators Act" and we bind ourselves, each one for himself and not for the others, not to do business with or patronize or in any way make use of any other grain elevator at or near the said.....as long as there is a government grain elevator maintained and operated there.

Dated this.....day of.....19.....

"Signed and sealed by the undersigned respectively in the presence of."

Neither the government nor the said commissioners shall act upon any such petition until they have satisfied themselves that the same has been duly signed and executed by the necessary proportion of all grain growers that would or might be contributory to any such proposed elevator when purchased, leased or constructed.

14. In this Act the words "The Government of Manitoba" or "The said Government" shall mean "His Majesty in the right of the province of Manitoba," and the powers hereby conferred upon the said government shall be from time to time exercised by the lieutenant-governor by order-in-council, and may from time to time be delegated by order-in-council, in whole or part, and subject to such limitations, restrictions, regulations as such others, or any subsequent order or orders-in-council, may provide, to the minister of public works or to the said commissioners, when commissioners have been appointed under the provisions of section 12 hereof.

NO COMPROMISE 'BY GRAIN GROWERS

The executive of the Grain Growers' Association after carefully considering the bill drafted by the government forwarded the following resolution:

Whereas at the convention of Manitoba Grain Growers' Association, held at Brandon in the month of December last, a resolution was adopted following the announcement there made on behalf of the Manitoba government, that the government was prepared to establish a system of government owned elevators, that the administration of the system should be vested in a commission, which should be kept free from political influence and control;

And, whereas, in a memorandum prepared by the undersigned committee of said association, presenting the views of the association to the government, it was defined that the commission to be appointed to carry out provision of an act establishing a system of government owned elevators, should be appointed by the governor-in-council from names to be submitted by said association, and that the members of such commission should be removable by the legislative assembly above, in order to ensure that such commission should be independent and non-partisan in character;

And, whereas, said committee have presented to the government a bill with provisions embodying the instructions contained in said resolution and the terms laid down in said memorandum, but vesting the control of the moneys to be expended by said commission in the governor-in-council;

And, whereas, the government have in conference with said committee stated that the government cannot support legislation which does not provide that said commission shall be subject to control by the governor-in-council, and have submitted a bill containing the government's views in this respect whereby the power of appointment, control and dismissal of said commission is vested in the governor-in-council, and have declined to waive or modify said conditions;

Therefore, resolved by the undersigned committee, that while it regrets the position taken by the government as constituting a difference in a matter of essential and fundamental character between the committee and the government, it still affirms that it is unable to assent to the government's proposals, believing that they involve results prejudicial to the successful carrying out of the legislation the association has in view, and are at variance with the instructions given by the association to the committee.

HASSARD'S HORSES

I have just landed a fresh importation consisting of Clydesdale and Hackney stallions and Clydesdale fillies, direct from Scotland. The stallions are sired by such notable sires as Lord Fauntleroy, Revelanta, Baron of Buchlyvie, Sir Everest and Prince Thomas; these stallions range from 2 years to 6 years old and are horses with lots of size and extra quality. The fillies are two and three years old and are sired by such horses as Prince Alexander, Benedict, Prince Attractive, Prince Maryfield and others. These are good big fillies with a lot of quality—the kind to take to the show ring. In fact, it is said by those who have already seen them that they are the best bunch that has ever come to the province. I have 18 more fillies coming that will reach Deloraine by November the 15th; further particulars of them later. Come and see me or write. I am always ready for business with small profits.
