**Why not a Modern Roof?**

The old wooden shingle has to go the way of all other unsatisfactory building material and is being rapidly replaced by the twentieth century *Brantford Asphalt Shingle*.

Everyone knows how the old-fashioned wood shingle was high in price but low in quality, would warp, curl, get loose, split and rot. The

**Brantford Asphalt Shingle**

will do none of these things. It is practically imperishable, although costing little more than wood shingles. Again, you save on the laying, as *Brantford Asphalt Shingles* are easier to lay and can be put on

not only quicker, but more effectively. Quite fireproof too, therefore reduce insurance rates. Never need re-painting, because colors are permanent and fadeless. *Brantford Asphalt Shingles* undoubtedly make a house warmer and more attractive in appearance. They are finished with a coating of crushed natural rock, in green, red and black. Artistic effects can be obtained without extra cost by using shingles of different colors. Write for free booklet to-day.

**'Roof Leak'**

For protecting tin, iron, wood or felt roofs. Makes any leak watertight and old roofs as good as new. Write for booklet.
