QUICK TO BOLSTER UP THE RED SOX

Manager Deneau Lands Four New Players to Shake Up Team.

That Rubé Deneau doesn't propose to allow his Brantford team to take any toboggan ride at this stage of the Canadian League race, was evidenced to-day when a deal was put through with St. Thomas for the transfer of Mickey Barney, from the ownership of that club to Brantford. Brantford purchased Barney outright, and he will report here in time for to-morrow's game against London. Barney has been secured to strengthen the infield, and while the management refuse to make any announcement as to whom he is to replace it is pretty well known among fans generally that Wagner has been the weak pivot. Besides Barney, Deneau is after still another infielder, but his intentions in this regard can only be guessed.

Not alone the infield, but the pitching department and the outfield will be strengthened and a man being added to each. A pitcher of big league calibre will be secured right off by the Rube, while an outfielder who can sting the ball will also be secured.

There is no question about Rubé Deneau being able to secure the players he wants and it is only a question of a day or two, once the Rube has made up his mind what he wants.

ARRIVE IN LONDON

American Delegates of Salvation Army, 700 Strong, Arrive Welcome To-day.

[By Special Wire to the Courier]
LONDON, June 9.—The American delegates to the World's Congress of the Salvation Army, 700 strong, with Miss Eva Booth, chief of the army in the United States at their heads, accompanied by three bands, marched this morning from the army headquarters in the City of London, to American embassy in Victoria Street where they were reviewed by Ambassador Page.

Mr. Page afterward received Miss Booth and the leading officers of the delegation, to whom he expressed his keen appreciation of the appearance of the delegates and of the work of the Salvation Army. Miss Booth thanked the ambassador on behalf of her comrades.

The delegates will attend the opening of the Congress to-morrow.

VOTED IT DOWN

Methodist Ministers Not Supported to Support Political Party From Pulpit.

The participation in the approaching political campaign of Methodist Ministers in pulpit and on platform, was discontinued, yesterday at the session of the Hamilton Conference, St. Catharines.

Rev. H. B. Christie, Burlington, declared in favor of going on the platform, but Rev. A. E. Lavell, Brantford, said he would not care to go into his pulpit to advocate this political measure.

Mr. Irving of Palmerston uttered a warning against making the pulpit a political platform. He appealed to the ministers to not advocate support of one party against another. If they must let them do it another way.

It was decided to amend the following clause in the report: "We urge all our ministers, both from pulpit and platform, to advocate the election of candidates who will pledge themselves to support the most advanced temperance legislation," by striking out the words "both from pulpit and platform."

Heat Wave Hits High Mark Of 91 This Morning

The heat wave struck this city yesterday along with the Cockney Baseball nine from London, and its doubtful which caused the citizens the most discomfort. Both appeared to worry Rubé Deneau yesterday, and his a cinch it worried the fans in the bleachers to say nothing of the players and scorers cooped up in the press box. The mercury kept climbing higher all day, and finally about 3 o'clock decided to stop at 92 degrees. Today it is actually hotter to the extent of 9 degrees, the mercury registering 91 in the shade. So far there has been no prostrations in the city, though in Toronto two were overcome by the heat yesterday.

LORDS TO PLAY PART IN HOME RULE FRAMING

They May Amend the Amending Bill, Thus Disconcerting Asquith.

[By Special Wire to the Courier]
MONTREAL, June 9.—A London cable to The Gazette says: If the Lords decide to postpone consideration of the second reading of the Home Rule bill until the amending bill is before them the government would be willing to accede to their wishes, declares The Daily Chronicle.

A section of the Conservative party is urging the Lords to reject the amending bill, the calculation being that the government would then flinch from enforcing home rule and be driven to appeal to the country. What seems more probable is that the Lords will modify the amending bill in such a way as to ensure the exclusion of Ulster without a time limit.

The Standard says that while it is certain that while a decision antagonistic to home rule will be registered in the House of Lords, the amending bill will be modified so as to secure better terms for Ulster. These modifications will necessarily be at the mercy of the coalition majority when the amending bill reaches the commons, but this course will place the ultimate responsibility for strife or peace upon the shoulders of the government.

STILL UNCONSCIOUS

Robert Curran Is Still in Precarious Condition at Brantford General Hospital.

For over 60 hours Robert Curran, the young laborer who fell off the new post office building on Saturday afternoon, has lain unconscious in the general hospital, where he is being attended by two physicians, Drs. Stinson and Hicks, who still hold out but a small chance for his recovery. The man's nervous system seems to have been completely paralyzed, and no examination of the brain as to his internal injuries can be made until he regains consciousness.

TOTAL NUMBER OF DEAD IS FOURTEEN

Five More Bodies Have Been Picked Up on New Brunswick Shore.

[By Special Wire to the Courier]
CARAQUET, N. B., June 9.—Five more bodies of seamen who lost their lives in Friday's terrific gale and snow storm have been recovered after being washed ashore. The known dead now number fourteen, while six seamen are missing. Four large schooners known to have gone down are the R. J. W. Renown, the Hepburn, the Nursulesa and the Flavia.

The force of the gale was terrific, 75 trees, most of them fully three feet in diameter, being uprooted and torn to pieces in the village. Several large slices of land were blown into the seas from the grounds of the sisters of the local Roman Catholic congregation and six houses in the course of construction were blown down and the timbers scattered far and wide.

William Baslager, of East St. Louis, 11 years old, in a spelling match, spelled 1400 words without a mistake. He was in the contest 1 1/2 hours, and will get a gold medal.

CHURCH UNION WAS DISCUSSED AGAIN TODAY

Minority Report of the Union Com. Taken Up At Assembly

[By Special Wire to the Courier]
WOODSTOCK, Ont., June 9.—Church union was discussed at length this morning by the commissioners to the assembly. Dr. Scott, of Montreal, took up the report of the minority of the union committee. The anti-unionists, greeted the speaker with prolonged applause.

"We may be mistaken, but we ever seek the light and are ready to follow the will of God. We do not feel, however, that the pressing of organic union is wise at present," said Dr. Scott. "I hope and trust that the great body of Christian people in our church, even those who favor union, do not favor the pressing forward of the movement. Speaking of how the Presbyterian Church got into the present question, Dr. Scott said, that Methodists invited the Presbyterians to take up this question twelve years ago. (I hope no member of this assembly will leave this court.) Our church responded and for the first eight years there was little opposition in the assembly, even by those who were strongly opposed to the movement. All through the early years the assembly was repeatedly given the assurance that the matter would do left in the hands of the people. It was also assured that nothing would be done unless there was unanimity among the people. This was one of the reasons that there was little opposition to the question of the union. It was not a referendum pure and simple, when it went to the people, but it was a loaded referendum. When the people answered it, the the people did not show unanimity

UNCLE SAM WILL NOT ASK FOR REPARATION

Consequently Peace Conference Was Given a Boost To-day.

[By Special Wire to the Courier]
NIAGARA FALLS, Ont., June 9.—Mexico will not be asked by the United States to pay war indemnity. The Huerta government has learned through the American delegates that the Wilson administration will be content to have set up in Mexico a stable government to succeed Huerta rule.

An intimation that the United States would not demand reparation for the losses sustained at Vera Cruz or expect to be repaid for the enormous expenditures already made in an attempt to pacify Mexico was given to the Mexican delegates soon after the conferences opened. This made it easy for the opposing delegates to meet harmoniously. It was responsible largely for the ease with which a general understanding was reached between them and it lent consistency to the American demand that consideration be given to the Constitutionalist cause.

A Week's Delay In Raising Bodies

[By Special Wire to the Courier]
RIMOUSKI, Que., June 9.—A delay of over a week in raising the bodies now lying in the sunken hull of the Empress of Ireland, has decided on to-day by William W. Weather spoon, the salvage expert retained for the Canadian Pacific Railway for this work. Equipment of an elaborate nature must be brought out from England before it would be safe to undertake the task which has been made very difficult by reason of the depth of the water above the wreck and its coldness.

The jury in the breach of promise action of Miss Mae A. Sullivan against Arthur L. Hoe, disagreed after being out 15 hours. She sued for \$25,000. Eight were in favor of Miss Sullivan.

ANOTHER RAID ON WOMEN'S UNION

Thorough Search for Documentary Evidence Against Society.

[By Special Wire to the Courier]
LONDON, June 9.—Another raid was carried out by the police to-day on the premises occupied by the Women's Social and Political Union, the militant suffragette organization, where a thorough search was made for documentary evidence of the activities of the society. Since the closing of the offices in Kingsway early in May, the women have established new headquarters in Westminster, and to-day the detectives succeeded in collecting there a quantity of documents, books and letters. The descent of the raiding policemen was quite unexpected and caused great excitement among the occupants of the offices, who after being searched were ejected. No arrests were made.
