CANADA HAS SHIPPED \$257,000,000 GOLD TO NEW YORK

Since the Beginning of War.

The largest foreign shipment of gold that has been sent to the United States from Canada since the European war began was received at the Assay Office, New York, recently, in bars for the account of J. P. Morgan & Co. The metal came in 846 wooden boxes, 73 of which arrived by express, and 733 on Sunday. The boxes averaged \$30,000 apiece. The total shipment was estimated by the Assay Office Officials at \$27,500,000.

Inasmuch as only \$2,500,000 gold was received in New York for the whole of the last week, considerable surprise was expressed in the financial district at the size of the shipment. The total imports since the present moment started early last May has now been brought up to over \$257,000,000.

CHILDHOOD AILMENTS

Childhood ailments in most cases come through some derangement of the stomach or bowels. Baby's Own Tablets have been proved by thousands of mothers to be the greatest medicine known for the cure of these ailments, simply because they regulate the bowels and sweeten the stomach. Concerning them Mrs. Napoleon Lambert, St. Ignace, Que., writes: "Baby's Own Tablets are an excellent medicine for childhood ailments and I am well pleased with their use." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

DENOUNCED HUNGARIAN PREMIER AS A TRAITOR

The assassination of Count Stuerghk lends new interest to the details of a plot to assassinate Count Tivza, the Hungarian Premier, which reached London Wednesday by mail from Budapest. Two young men who were arrested in connection with this plot named Zoltanbri and Zaborsky. Each of them is nineteen years old. They had carefully made their plans, purchased revolvers, prepared measures for their escape from the country afterwards and had communicated with several persons from whom they expected assistance.

At their trial one of the young men pleaded not guilty, but made a defiant military speech in which he denounced Count Tivza as a traitor against the nation and declared he would continue the plot against the Premier's life as soon as he was free. Owing to their comparative youth, Zoltanbri and Zaborsky were sentenced to only five months imprisonment, with the provision that both should join the colors at the expiration of their sentences.

The general opinion expressed is that the removal of Stuerghk is the work of men who wish to free the Austrian Government from a clique of politicians, who are largely controlled by the Hungarian Premier Tivza in the Hungarian interests of the Magyars and Germany. On this theory the assassination is held to represent the Austrian movement to escape from the domination of Berlin.

AFTER THE OLD CHAPS

Germany is calling up men between the ages of 58 and 63 for military examination.

Sugar prices have gone up 50 cents per hundred pounds the last week.

THINK THEY HAVE CHILD PLAGUE IN HAND IN MONTREAL

Montreal, Oct. 23.—Six new cases of infantile paralysis have been reported in Montreal and district since Saturday. No additional deaths were reported today. Medical authorities express the opinion that the situation is well in hand. At present there are twenty-eight cases in Montreal and district. There were six deaths in Montreal last week and eight in Westmount.

RHEUMATISM CONQUERED

"I have been for the last two years a cripple with Muscular and Induratory Rheumatism. I tried almost everything known to medical science to relieve me of the intense pain and inflammation. I sought change of climate in Kentucky and other Southern points without relief. Your manager in this city recommended GIN PILLS and I have since taken eight boxes and am now cured. I consider

C.P.R. Strike May Be Averted.

Ottawa, Oct. 24.—The government has been in communication with the C.P.R. representatives in Winnipeg and with the representatives of the men and there is still a prospect that the strike will be averted. The appeal issued this morning intimates that in the event of a continued deadlock the government is prepared to take action for the protection of the rights of the public. The nature of this action has not been indicated but it is stated here that the government has the power if necessary to take over the operation of the road. Information available here gives strong ground for the belief that no such action will be necessary. The tone in official circles is strongly optimistic. Vice President Bury of the Canadian Pacific is understood to have taken charge of the situation of the company.

THE TRADE OF CANADA AFTER THE WAR

Ottawa, Oct. 24.—The suggestion that the ships and the men now being used by the United Kingdom and Canada and other parts of the empire, be maintained in their present service for a period of five years after the war, but instead of carrying men and munitions, they carry merchandise was made by Sir Henry Drayton, chairman of the Board of Railway Commissioners, before the Dominion's Royal Commission yesterday afternoon. This proposal was made by Sir Henry when asked for suggestions regarding the preservation of trade between the Dominions and the mother country after the war was over. In order to determine rates, Sir Henry suggested that an inter-imperial board be set up, which would fix ocean freight rates, so that undue advantage may not be taken of shortage of tonnage. He believed that no difficulty would be experienced in this direction if a maximum rate were set up in a manner that standard rates on railroads are fixed by the Railway Commission.

Sir George Foster questioned the possibility of inducing private owners to maintain their ships in the British-Canadian service, when perhaps they could get better rates between, say New York and South America.

Montreal reports to Bradstreet's say that business in general has improved this week following the coming of milder weather. The wholesale dry-goods trade is active. Sorting orders are liberal, as was expected, fall orders from travellers have been encouragingly large.

SMASHED GERMAN MACHINES

Three enemy machines were brought down. One fell to the north of Azannes, another dropped near Ormes and a third was seen to fall with a broken wing north of Ramagne.

Following an engagement fought by one of our air squadrons with an enemy group in the vicinity of Verdun, one of our pilots descended within 100 metres of the ground in order to set on fire a shed and to open with his machine gun on a motor car.

In Lorraine two German machines were forced down in a damaged condition.

In Alsace, one of our pilots felled an aeroplane, which landed near Cerney.

Yesterday our bombing aeroplanes dropped three heavy calibre bombs on the railway station at Spincourt, and about 20 on enemy bivouacs at Azannes.

A "BLUE NOSE" OF COURSE

(Rev. Lieut. Smith, who is in command of a British mine-layer, is still pastor of Avondale Presbyterian Church at Tillsonburg, Ont., and was formerly pastor at Chipman, N. B. He is a native of Merigomish, Pictou Co., and is a graduate of Dalhousie University—Truro News.)

THE SHADOW OF BROKEN HEALTH

Can Be Quickly Dispelled
Through the Use of Dr. Williams' Pink Pills

When the shadow of poor health follows your life; when hope begins to fade and friends look serious, then is the time you should remember that thousands just as hopeless have been cured and restored to the sunshine of health by the use of Dr. Williams' Pink Pills. These pills actually make new rich blood to anaemic cheeks; cures indigestion, headaches and backaches, drives out the stinging pains of rheumatism and neuralgia, strengthens the nerves and relieves as no other medicine can do the aches and pains from which womanfolk alone suffer. In any emergency of poor health give Dr. Williams' Pink Pills a fair trial and they will not disappoint you. Here is a case that will bring hope to many a weary sufferer. Mrs. E. C. Taylor, Ascot Ave., Toronto, says: "A few years ago I was so run down with anæmia that I could scarcely walk about the house, and was not able to leave it. I had no color; my appetite was poor and I was constantly troubled with headaches, dizzy spells and general disinclination to move about or do anything. I tried many medicines, but none of them helped me, and my friends thought I was in a decline. One day a friend who was in to see me asked if I had tried Dr. Williams' Pink Pills. I had heard of this medicine often, but had not used it, so I determined to give it a trial. I certainly got a pleasant surprise, for after using two boxes I could feel an improvement in my condition. Continuing the use of these pills I began to regain my health, the headaches and dizzy spells were disappearing, and I began to gain in weight. People began enquiring what I was taking and I was not slow to give Dr. Williams' Pink Pills the credit. I took the pills for less than two months, and completely regained my old time health and strength. I hope my experience may convince some doubting person as to great merit of Dr. Williams' Pink Pills, as I certainly have cause to be a firm champion of them."

You can get these pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville.

For Sale—Property owned by E. L. Harvie on Elm St. including house, barn, and 1-2 acre of land set out in fruit trees.

The high cost of living is occupying the minds of more people than ever before, but they still live high. People who demanded so much service must pay for it.

The bakers may do some good by their advanced bread prices. More women may make home made bread which is cheaper, more healthful and better for everybody, the baker.

Mr. and Mrs. C. H. Crowe, Montrose, have returned to their home after a pleasant trip of three weeks spent in Boston and other American cities.—Truro Citizen.

Sawdust as a Fire Extinguisher.

Sawdust will extinguish small fires in garages, and its value is greatly increased by the addition of bicarbonate of soda (baking powder).

The sawdust floats and forms a blanket over the burning oil, while bicarbonate of soda, when exposed to heat, gives off carbon dioxide gas, which helps to prevent combustion by shutting off access of air. A mixture of 10 pounds of bicarbonate to one bushel of sawdust has been found to be satisfactory.
