The 'park pond' has presented a busy scene during the fine moon-lit nights of the past week and is becoming very popular. Old and young enjoy an out-door skate when opportunity offers and the pond is proving a boon especially for the young people. Lights have been placed along side which will add to the convenience when the night gets dark. The action of the town authorities in thus encouraging good healthful sport is a wise one and will be appreciated. Christmas Boxes of Chocolates. Best yet, at RAND'S. Mrs. Cecelia Chisholm gave a very enjoyable veranda tea last Friday afternoon at her home on Acadia street. Personal Mention.

Mr. Freeman West, of Winnipeg, a native of this county, is visiting Nova Scotia after an absence of thirty-two years. He was the guest recently of his brother-in-law, Mr. H. G. Collins, this town. The many Wolfville friends of Mr. W. E. Prouty will regret to learn that he is a patient at the Cottage Hospital, Springhill, having injured himself seriously at College in Halifax, by a burning chemical. Miss Hattley, vice principal of Acadia Seminary, who was prevented by illness from returning to Wolfville after Christmas, arrived on Wednesday to resume her duties. Her many friends will be glad to learn that she has fully regained her health. Mr. A. L. Davidson, M. P., returned on Friday evening last from Antigonish and spent Sunday in Wolfville, leaving to resume his parliamentary duties at Ottawa on Monday. Mr. Davidson was the only federal member on the Conservative side who participated in the campaign for Antigonish. Practically all the Liberal federal members took part in the fight. Dr. Walter Chipman, one of the attendant physicians at H. R. H. the Duchess of Connaught, is a native son of Bridgetown who has spent his boyhood in Acadia and Edinburgh, and holds a high position on the staff of the Royal Victoria Hospital at Montreal.—Monitor. Dr. Chipman is a son of Mr. W. A. Chipman, of this town, and is well known and popular in Wolfville. Misadventures of the Fruit Inspector.

Newtonville Notes.

Our public school is very small just at present, an account of so many of the children being sick, some with whooping cough, others with scarletina. Mrs. Lydia Buchanan, of Grand Fox, is visiting at the home of Mr. and Mrs. Herman Schofield. Miss Mary Palmer, of Antigonish, N. S., who recently accompanied the remains of her mother, Mrs. Annie Randall, to Cupersin, for interment, spent a short time visiting at Wolfville here. Our school teacher, Miss Neve MacDonald, spent the week end with friends in Wolfville. We are enjoying very pleasant weather but our farmers who keep good teams would like to see some snow. They are afraid their wood piles will be small this year. Misadventures of the Fruit Inspector.

The Boy Scouts.

The hockey team had their trip to Windsor on Monday, going down by the afternoon express and returning on Tuesday morning.

The result of the game, though of course a disappointment, was hardly a surprise as our boys have only been on the ice a few times. In fact the team as a whole have never had a practice together. Their opponents have been playing for three years and have competed for various trophies. The team is made up of boys of about a uniform size, who looked very neat in their uniform of dark blue and red sweaters and stockings and white trousers.

Though all their forwards played a fine game, special mention must be made of the rover, Ross Cochrane, who is a very speedy skater and clever stick handler. For the Wolfville boys, Fred Eagles and Max Brown played a star game and by hard work kept the score down to 6 to 2 until the end of the second period. In the third period the Windsor boys by a continuous bombardment added 2 to the score.

The lineup of the Wolfville Scouts was as follows: Goal—Fred Eagles. Point—Max Brown. Cover—Eugene Stackhouse. Centre—Paul Tingley. R. Wing—Ralph Bishop. L. Wing—August Elderkin. Spare men—Wm. Johnson, Romeo Shaw. Manager—Asst. Scoutmaster, Theo. Stackhouse.

The Scoutmaster accompanied the team. All were most hospitably entertained by the Windsor boys at the Somerset House and much enjoyed the trip. The severe beating administered to our boys will make them get hard to work and they hope to turn the tables on their opponents in the next game which is expected to take place in the Wolfville rink about Tuesday, Feb. 11th.

On Friday evening next, Jan. 24th, after the regular scout meeting, a special meeting of the Wolfville Boy Scouts Association will be held at the Club Room for the purpose of considering the matter of a new Club Room.

Dr. Robert B. Welton.

Dr. Robert Bradlee Welton died yesterday, after a brief illness, and following an operation at the Long Island College Hospital. Dr. Welton descended from old English and Welsh stock. His first ancestors on his father's side emigrated to America in 1632. He was graduated from Harvard in 1868, took a post graduate course at Dartmouth and later at Bellevue. He came to Brookline and began to practice his profession in the Sixth Ward. About eleven years ago he moved to the Park Slope. He leaves a widow, Henrietta L. Welton, and three sons, Wendell P., who attends school in Nova Scotia; Weldon B. and Dr. Thurston Welton, who practiced with his father, and who married Miss Edith Schultz, last June. He was a Mason and a member of the Strong Place Baptist Church, the Kings County Medical Society, the Brooklyn Medical Society, the Pathological Society, the Surgical Society, the American Medical Association, the Williamsburg Medical Society, the Alumni Society of Harvard University and the Long Island Harvard Club. The funeral services will be from his late residence, 422 Union street.

Opera House.

On Tuesday, Jan. 28th, the Academy Players will be seen in the famous comedy drama, 'The Travelling Man,' in which Sydney Toler was starred for two seasons under the management of Vance and Sullivan. This play will be an innovation for the Academy Players for while being a comedy-drama, it is also a comedy-drama with music of the Colosseum school and has enjoyed a great popularity in the 'Miles from Boston,' 'Forty-five Minutes from Broadway,' and the other George Cohan musical dramas. There will be all the original musical numbers and Mr. Toler will sing several of his well known songs which were written expressly for this play. Such a production is out of the compass of the average stock company but the Academy Players are a versatile organization and almost every member has at one time or other taken a flier in musical comedy. The play will be staged with special scenery and electrical effects. The Academy of Music Orchestra will furnish a fine musical program.
