**Get Well—**

**Quit Laxatives; Purges; Try NR**

**NR Tonight—Tomorrow Feel Right**

It is a mistake to continually dose yourself with so-called laxative pills, calomel, oil, purges and cathartics and force bowel action. It weakens the bowels and liver and makes constant dosing necessary. Why don't you begin right today to overcome your constipation and get your system in such shape that daily purging will be unnecessary? You can do so if you get a 25c box of Nature's Remedy (NR Tablets) and take one each night for a week or so. NR Tablets do much more than merely cause pleasant easy bowel action. This medicine acts upon the digestive as well as eliminative organs—promotes good digestion, causes the body to get the nourishment from all the food you eat, gives you a good, hearty appetite, strengthens the liver, overcomes biliousness, regulates kidney and bowel action and gives the whole body a thorough cleaning out. This accomplished you will not have to take medicine every day. An occasional NR tablet will keep your body in condition and you can always feel your best. Try Nature's Remedy (NR Tablets) and prove this. It is the best bowel medicine that you can use and costs only 25c per box, containing enough to last twenty-five days. Nature's Remedy (NR Tablets) is sold, guaranteed and recommended by your druggist.

**15 Murderers Under Sentence of Death In Canada**

Ottawa, Dec. 15—Never in the history of Canada have so many men been in jail awaiting execution for the crime of murder. Three men have lately been hanged in western Canada. Five Toronto Bulgarians now in a Peterboro jail will expire on the scaffold on January 14 the crime of robbing and killing a fellow countryman, unless clemency is granted. Two convicted murderers, called Ivan Petroff and Stocky Boyeff, who are in jail because they were connected with the robbery and murder of a man whose body was found in a sand pit are condemned to die on January 23, and January 26, respectively.

Patrick Delorme, alias Jean Baptiste Lemoy, Murdoch Allen and Roméo Lacoste are condemned to die at Montreal for the robbery and murder of an old farmer on January 23, although their cases are still under consideration, and Paul Kowalski, who recently killed two guards in a Hamilton prison, will die on December 19, for the first murder of which he was convicted, no further consideration being given to his case in view of the later crime. Frank Walter Fountain, who was to have been hanged on December 17, for the murder of his wife and two children, has been granted a new trial as information bearing on the sanity of Fountain has come into the possession of the government. Fountain is an East Indian, somewhat dusky in complexion. There was no motive for his crime and he seemed anxious to die in order that he might join the family he had sent before. Feeling that important evidence was not before the court on the first trial the retrial has been granted August.

Frank Swerowsky, who was to have been hanged in November 18, had his sentence changed to life imprisonment as the body of the rancher, whom he murdered, was never found. To the mounted police, however, he has confessed that he took the body on a wheelbarrow from the scene of the murder near Fort Saskatchewan, and dumped it into the river. The body will probably never be found and may have been carried out to the Arctic Ocean by this time. Joseph Grenier, an old man of 75 years of age, who was to have been hanged on December 16, at Andover, N. B. for a murder committed while in a passion, has been reprieved on the ground of senility bordering on insanity. His sentence has been commuted to life imprisonment.

Volca or Lovica Thompson, a married woman, who was under sentence to be hanged on December 17, for killing her baby, has, as a Christmas present, a reprieve. She was not living with her husband at the time of the murder. She will spend her life in prison.

John Kitral was sentenced at Winyard, Sask., on December 7, to be hanged in January for murder, his case is now before the department of justice and he is the fifteenth of those now under the shadow of the gallows.

**GROWTH OF SPRUCE**

It takes about forty years for seedling spruce trees to attain a diameter of one inch, 100 years to make a 6 inch tree, and 150 years to reach the minimum diameter limit of 18 inches established by the cutting regulation for pulpwood in Quebec for white and black spruce, according to the ninth report of the Commission of Conservation.
