Recommends Lydia E. Pinkham's Vegetable Compound to Other Mothers

Hemford, N. S.—"I am the mother of four children and I was so weak after my last baby came that I could not do my work and suffered for months until a friend induced me to try Lydia E. Pinkham's Vegetable Compound. Since taking the Vegetable Compound my weakness has left me and the pain in my back has gone. I tell all my friends who are troubled with female weakness to take Lydia E. Pinkham's Vegetable Compound, for I think it is the best medicine ever sold. You may advertise my letter."—Mrs. GEORGE I. CROUSE, Hemford, N. S.

My First Child

Glen Allen, Alabama.—"I have been greatly benefited by taking Lydia E. Pinkham's Vegetable Compound for bearing-down feelings and pains. I was troubled in this way for nearly four years following the birth of my first child, and at times could hardly stand on my feet. A neighbor recommended the Vegetable Compound to me after I had taken doctor's medicines without much benefit. It has relieved my pains and gives me strength. I recommend it and give you permission to use my testimonial letter."—Mrs. IDA RYK, Glen Allen, Alabama.

BATHURST HAS ARMY BANQUET

Premier Veniot At Reunion Of North Shore Regiment

Bathurst, Feb. 7.—The annual reunion and banquet of the North Shore Regiment, "132 Battalion," held this evening in the Hotel Gloucester was a successful event. About 40 former officers of this unit and their friends gathered round the festive board and did full justice to the menu provided by the hotel management. Music was supplied by an orchestra composed of Lieut. Robert Doucett, pianist; Edgar Smith-Morse, and Mrs. T. J. Leger, violin; Miss Lucie Doucett, cello; Herbert G. Landry, cornet.

The toast list was as follows: Our Regiment, proposed by Major H. S. Murray, of Chatham, and responded to by Mayor H.H. Troy of Campbellton. Our O.C., proposed by Lieut. McKnight of Douglastown and responded to by Lieut. Cuthbert Donald. Our Guests, proposed by Lieut. E.J. LeBlanc, and responded to by Hon. P.J. Veniot, Premier of New Brunswick.

In his address the Premier dealt with militia matters, and voiced the hope that the Federal government would see its way clear to restore the militia units to full strength and provide the usual training facilities for them.

Colonel Houlston, M.D. No. 7, and Hon. J. P. Byrne were unable to be present and sent messages of regret. The Town of Bathurst toast, proposed by Lieut. Harry Culligan of Campbellton, complimented the town on the go-ahead spirit shown by its citizens and the progress which had been made in every line. This toast was responded to by Mayor J. B. Hachey who tendered the keys of the town to the "Boys" and told them the place belonged to them for this occasion.

The last toast was that to "Our Fallen Comrades." This was drunk in silence. Two former chaplains of the battalion, Rev. E.J. Murdock,

Winter Weather Hard On Little Ones

Our Canadian winters are exceedingly hard on the health of little ones. The weather is often so severe that the mother cannot take the little one out for an airing. The consequence is that baby is confined to overheated, badly ventilated rooms; takes cold and becomes cross and peevish. Baby's Own Tablets should be given to keep the little one healthy. They are a mild laxative which regulate the stomach and bowels and thus prevent colds. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

THE INFLUENZA GERM DISCOVERED

Schenectady, N. Y., Feb. 3—Hopes of thousands of sufferers from epidemic influenza for a cure or preventative of the disease were raised today by the announcement of the discovery of the cause and the isolation of the germ by two doctors of the Rockefeller Institute of Medical Research.

The isolation will permit experimentation with antitoxins and antitoxins. So small is the germ that it must be magnified one thousand times before it is seen distinctly under the microscope. The germ lodges in the nose and throat during the first 36 hours of influenza infection, then attacks the lungs in such a way as to make them susceptible to other germs in the nose and throat, notably those of pneumonia and bronchitis.

The report which contains an announcement of the discoveries regarding the flu germ issues this warning:

"Recent reports received from abroad and from points in the United States," it says, "indicate that a secondary wave of epidemic influenza, relatively mild in character, is passing over parts of Europe and America

Here and There

St. John, N.B.—J. M. Woodman, general superintendent of the C. P. R., New Brunswick district, announced that the only large expenditure in his district during the year will be for ballasting and bridges. Mr. Woodman returned from Montreal, where he was on a business trip.

Edmonton.—The northern railway extensions, which under the recently announced agreement with the Union Bank will be proceeded with next spring, are to be built by the Canadian Pacific Railway Construction Department. One of the conditions of the agreement between the provincial government and the bank interests is that the C. P. R. do the construction work, it is stated by Premier Greenfield, and the conditions will be complied with by the government, which had originally intended building the roads under its own railway department.

Port Arthur.—Additional track-age accommodation will be constructed by the Canadian Pacific Railway in its Port Arthur yards this coming summer, especially at Current River, to take care of the increasing grain trade to be created by the elevators there. Other work will also be done locally and at Fort William considerable will be undertaken, including the replacement of the two large freight sheds destroyed recently by fire, with buildings of an improved and fireproof type.

Carlton Place, Ont.—On the occasion of the retirement of roadmaster Jelly and section foreman J. Millikin from the C. P. R. Company's service, the fellow employees and their wives gathered at the town hall, Saturday, and a social evening was spent. The tables were laden with the very best that a caterer from Ottawa could provide, and about 150 people were present from all classes of the company's service.

St. John, N.B.—C. E. McPherson, Assistant Passenger Traffic Manager of the Canadian Pacific Railway, with headquarters at Winnipeg, was in St. John recently, the guest of his brother-in-law, Dr. W. W. White. Mr. McPherson is always a welcome visitor to St. John where he was for many years as the representative of the C. P. R. up to 1897 when he went to Toronto, and later in 1899 to Winnipeg, his headquarters since. He has watched this Western metropolis grow from a town of 40,000 to a city of 200,000.

Yorkton.—Another milestone in the history of railway development in Yorkton and district was marked when the members of the clerical staff of the C. P. R. freight department took up their quarters in the offices of the new freight shed. This building is 240 feet long and 40 feet wide, and provides accommodation for eighteen cars of freight. The building and track alterations involved an expenditure of nearly \$70,000.

Winnipeg.—Great interest in the increasing of facilities for the storing and handling of grain at the head of the lakes was reported by Charles Murphy, general manager of the Canadian Pacific Railway, who returned from Fort Williams. Mr. Murphy stated there would be an enlargement of at least 4,000,000 bushels in the storage capacity during the coming summer, and it was hoped the new equipment would be in working order in time to take care of the next crop. Two privately owned elevators were to be erected and the buildings of the Saskatchewan co-operative company to be enlarged he stated. One construction outfit was already on the ground and construction would be pushed as soon as weather conditions permitted.

Are Red Rose Ads. read?

We often wonder—

The following letter appears to answer the question.

Halifax, N. S., January 26th, 1923.

Halifax Herald: Re your contest for display advertising. In my opinion, today's best advertisement is that which appears on page Thirteen, displaying "RED ROSE TEA." This ad. is noticed immediately on account of where it appears on the page, also the black ground and white letters. This cannot but be noticed. The wording is very brief, and would be read by most people reading this paper.
