

EDMONTON NEWS

LAW SOCIETY EXAMS. The results of the second intermediate examination of students-at-law, conducted by the Law Society of Alberta, which have been delayed, have now been issued, and they show that the following students have been successful in this examination: W. D. Gow, Calgary; F. de Roussay de Salen, Calgary; F. L. Shoolbred, Calgary; H. B. Churchill, High River; C. A. Grant, Strathcona; F. Potage, Edmonton; N. R. Lindsay, Edmonton.

C.N.R. MOVING MUCH GRAIN. W. A. Brown, superintendent of Canadian Northern, returned Friday morning from a trip east as far as Warman. He reports that a large amount of grain is already being shipped east over the C. N. R. The quantity in transit at this time being much greater than at a similar period last year. Mr. Brown states that the weather has been very good, but with a prospect of continued fine weather now the outfits are again getting down a work.

IMPERIAL VETERANS MEET. A meeting of the association will be held on Wednesday evening at eight o'clock at the armory of the 101st Edmonton Fusiliers, Second street, back of Thistle link, for the election of officers for the Edmonton command. All veterans and men of ten years' or more service are requested to be present. It is the desire of the organizers to complete the names of every man in the Edmonton district. Great interest has been shown in the movement and the list has already grown to over thirty members.

STRATHCONA SELLS BONDS. That there has been a very marked slump in the market for municipal bonds during the past two months was forcibly brought home to the Strathcona city council Tuesday when they opened the tenders for the recent issue of debentures totalling \$184,800. The offers were not nearly as high as were expected but after consideration in committee of the whole for some time it was decided to accept the offer of Amelius Jarvis & Co., Toronto, at 104 1/2 for the entire issue of four and a half per cent.

EUR TRADERS ARRIVE. Joseph Bowers and Angus Clifford, of Hyslop and Nagle, reached Edmonton Wednesday with a large consignment of fur and musk ox. They report that market, silver fox and musk ox, have been plentiful during the past season. A large number of prospectors are going north to Fort McMurray for oil. Gold has also been found in the mountains back of Wrigley. The past winter was very dry, without much snow, but the summer has been very wet and Bowers and Clifford encountered almost continuous rain during their trip down the Mackenzie river.

TO ADVERTISE EDMONTON. Leaflets setting forth the growth of business in Edmonton by a comparison of the figures for the last eight months with those of the same period in previous years are being distributed from the offices of the Edmonton Board of Trade. These leaflets are of a size convenient for use as enclosures in letters sent to people outside, who may be interested in Edmonton. The secretary has also a supply of picture postcards, to be had on application at the office, intended for similar use. The illustrations are chosen with a view to displaying some of the attractive features of the city and district, and one set of the card is printed of the Board of Trade in addition, with a request for information and a space for the name and address of the applicant.

CIRCUS MEN IN TROUBLE. A correspondent from Lacombe tells of some trouble that men employed with the Barnes Circus, that recently visited Edmonton, got into in that town. He says: "A couple of the bandmen with Barnes' circus made an attempt to steal a couple of geese from the Adelphi rotunda on Thursday night. They got the geese all right but were observed by Constable Miller and dropped them and made their escape. Before the circus train pulled out a couple of police from Camrose for a man implicated in a robbery in that town on the day previous." They were unsuccessful in locating him here but had better luck at Stettler, where he was taken into custody.

HOMESTEADER CARRIED WHIP. Goodward Thompson, a big, burly Icelandic, who, for the last eight years, has been living in Raymond, Washington, arrived at the Immigration station Wednesday carrying with him a long rawhide whip. The official at the office crouched below his desk as the burly Icelandic entered. But his mission was necessary enough for laying aside his whip, Thompson seized the pen at the desk and registered. "Do you always carry a whip around with you?" asked the official. "Well, you see," answered Goodward, "I'm going to Kametsted and I bought the whip in Washington so that I wouldn't forget to buy a team of horses when I arrived here."

"Blessed," he added after some reflection, "I've got my wife and family with me and it came in awfully useful on the journey out."

AFTER WORLD'S PRIZE. The entry of the Provincial Government of Alberta in the fifth Dry Farming Congress at Spokane, October 3rd to 5th, carries with it official notice that the province will compete for the world's cup. The government's exhibit will occupy 72 by 8 feet, giving the province a total of 184 square feet of space. The farmers are aroused and seem to be determined to win big honors. Cities and districts in California, Oregon, Oklahoma, New Mexico, North Dakota, Colorado and Montana and the province of Alberta have made reservations and keen rivalry is looked for.

NAMAYO RESIDENT DEAD. The death took place at the General hospital Wednesday afternoon from appendicitis, followed by pneumonia, of J. Frank Johnson, a well known resident of Namayo. Mr. Johnson, who was thirty-nine years of age, lived 12 miles due north of Edmonton on the Namayo trail. He was a storekeeper and postmaster in his district and was one of its best known residents. He came to Namayo about six years ago from Iowa. A few days ago he was taken ill and was brought to the city but medical aid was in vain to save his life. He leaves to mourn a wife and one child. The funeral will take place on Friday afternoon at 2 o'clock from the residence of Rev. C. D. Campbell, 611 Helmick street, to the Edmonton cemetery.

GUILTY OF SANDBAGGING. Pleading guilty to the charge, Theault and Johnson, who for the past months have been incarcerated in the Port barracks, appeared Tuesday before Judge Taylor at the sitting of the District court in Strathcona and were remanded for one week, pending sentence. The defendant Sam Chung, the Chinese proprietor of the B. C. restaurant, on the last Sunday in June. N. C. Wilson appeared on behalf of the defendant and urged the judge to deal leniently with the pair as they had evidently committed the act without any real criminal intentions, and this was apparently their first indiscretion. His honor said he preferred to look into the history of the boys and would require a week for so doing, consequently he remanded them until next Monday in Edmonton.

LOCATE STOLEN GOODS. Smart detective work on the part of Chief Lantry and his men resulted in the locating of stolen property valued at about one hundred and twenty-five dollars. The goods are alleged to have been stolen by Morris Pettipiece, one of the four alleged crooks and sharpers who were arrested in the Victoria Hotel some days ago. In looking over some of Pettipiece's belongings, the police discovered a pair of trousers which he had stolen from the Douglas Stationery Co., forty dollars worth of cigarette coupons, taken from the Hub Clear Store; four razors and one pair of hair clippers complete. The pair of trousers will come up for trial today on a charge of theft and his three companions will be charged with vagrancy.

BUSINESS IS SATISFACTORY. H. E. Shaw, assistant general manager of the Bank of Montreal, and F. W. S. Crispo, western superintendent, are in Edmonton on a tour of inspection of the western branches of the bank. Mr. Shaw is returning east from Edmonton over the G. T. P. He has already spent six weeks in the west and comes here from British Columbia, where he visited Prince Rupert. "I have found business as a whole very satisfactory throughout the West, notwithstanding the pessimistic reports," said Mr. Shaw to the Bulletin Wednesday. "You have good crops here I understand. I think that the estimate of a hundred million bushels for the three provinces is a fairly conservative one and will be easily realized." "Prince Rupert is now quite a busy place and I think it is going to be a really big city one day. In fact I don't see how it can help becoming a great city. It is difficult, of course, to expect any city to progress rapidly without railway facilities. Lack of labor is a serious obstacle to the construction to the Pacific section of the Grand Trunk Pacific, which will have to overcome it if the work of construction is not to be greatly delayed."

TRANSPORT FROM NORTIL. The last of the Hudson's Bay Company's transports to arrive from the far north before the close of the summer, arrived at Athabasca Landing a few days ago and the passengers reached the city last evening. The party included J. Curtis, who wintered last year at Fort McPherson on the Peel river; Messrs. Cote and Engler, members of the geological survey party engaged for some time in work in the north; Mr. Wm. Hay, who with his wife and family of eleven children will stay in Edmonton during next winter; Mrs. Mills, wife of Captain Mills of the Mackenzie River steamer, with her three children; Mrs. Peter Loutit and six children, and the Warren brothers. Bishop Brangan, Fr. Lefevre, the Graymans brothers, A. Von Hammerstein, Pierre Mercet, and Mr. Jack-son of the geological survey, came on ahead of the transport, arriving in the city several days ago. H. W. Admison, 26c.

BRITISH COMMENT ON THE FISHERIES AWARD

Generally Held as Victory for Great Britain—Standard Regrets That Head Waters of Newfoundland Are Subjected to Foreign Assumptions—Game Drawn in Favor of Great Britain. London, Sept. 8.—Considerable diversity of opinion is expressed in this morning's despatches as a result of the Newfoundland fisheries arbitration award. Although the decision generally is held as a victory for Great Britain, the Standard, which was a strong supporter of the Newfoundland case, says: "Taken as a whole the decision should give satisfaction to Newfoundland, Canada, Great Britain and America. The main cause of friction has been removed and it will be the business of politicians to keep old sores open. It is unfortunate that the Newfoundland head waters will be subject to foreign assumptions which we cannot give our fellow subjects more than we hold ourselves."

Will Bring Relief. The Graphic, recalling the disputes over the fisheries case, says: "The award will be received with a solid sense of relief. It inflicts no unreasonable hardships upon either side. If Great Britain gains the most important points, America wins the largest number and as the distribution is rendered more acceptable by the qualification providing for the fullest securities, it removes the last serious issue which has divided the American and British peoples, thus crowning the work of rapprochement. The Post commenting on the decision says: "As usual neither side can claim a complete victory. If the verdict was not as favorable to the British claims as could be hoped, the reason is found in the feeble character of the diplomacy of the Liberal government, when the controversy reached an acute state. The Chronicle declares: "The game was drawn but in favor of Great Britain."

Canadian Associated Press. The Post commenting on the decision says: "It would be a bold thing to measure at a moment the precise effect of the various decisions and adjudge the palm of victory to either side. London, Sept. 8.—The Evening Globe, referring to the Hague decision, says: "If the present award quickens the public conscience in the matter of the need for imperial union, sacrifices we are now called upon to make will be vain."

The Times Comment. The Times has this to say with regard to the award: "If, as we trust, the tribunal has disposed of this ancient and sometimes embittered controversy as a substantial victory for the colony, the winning of point one by Great Britain means, it is pointed out, that Newfoundland will have full power to control all fishery legislation and make the American fishermen subject thereto. Newfoundland's victory on question five confirms her mastery over all the waters in which bait fish are obtainable during the summer season."

St. John, Newfoundland, Sept. 8.—The decision of the International Court of Arbitration on the Newfoundland fisheries dispute is looked upon as a substantial victory for the colony. The winning of point one by Great Britain means, it is pointed out, that Newfoundland will have full power to control all fishery legislation and make the American fishermen subject thereto. Newfoundland's victory on question five confirms her mastery over all the waters in which bait fish are obtainable during the summer season.

High Church Men Turning to Rome. Father Vaughan Urges Roman Catholicism to Extend Helping Hand. Not a Blasphemous Fable—Even Protestants Are Adopting the Soul of Religion Says Preacher. Quebec, Sept. 7.—Rev. Bernard Vaughan, the best known society preacher in England, in an interview outlined what he will say in his sermon, "The Winning of Point One," Sunday night. According to what he said Father Vaughan will devote a considerable portion of his address to a discussion of the doctrine and tendencies of the Church of England. "It was the so-called genius of Protestantism in the 16th century to invent a form of Christianity without sacrifice," he said. "In this present century the most active, energetic, and zealous party among Protestants, the High Church party, have discovered the fatal mistake made by the reformers of a past generation. Instead of calling, with those gone by, the mass a blasphemous fable, a dangerous deceit, these High church Anglicans declare the mass to be a true, proper sacrifice, which is the very soul of true religion."

Legislature to Decide. He further declares that the Legislature will decide finally on the matter of the Alberta Railway unit. This statement was made at a meeting of the Liberal Party held at the residence of Mr. Sifton on Wednesday evening. Mr. Sifton appeared in support of the Liberal nominees, including the scale of the Independent-Farmers' Party. In opening his speech he said that only two candidates of the government opposed it. One of the change his mind after one month, or two years, in his thought that the government in the interest of the Liberal Party, it would be the duty of the government to support it. When the legislature have the policy of the government approved, it would support it. He had been told that the government did not care who candidates were elected. He had been told that the government man and would much rather have the Premier's side. The Premier said that the government is going to the Great Waterbury company. That company, he said, had been changed by the Legislature and when the Premier said that I shall be perfectly right in the interests of the country, he said that the Premier's side would support it. He said that the Premier's side would support it. He said that the Premier's side would support it.
