Newfoundland Honored

His Majesty the King has honoured Newfoundland as a State of the Empire by conferring on its Premier a Coronation honour. This special recognition of the Oldest Colony takes the form of appointing its Premier a member of His Majesty's Privy Council. Sir Edward Morris has thus the distinction of being the recipient of this mark of honour, and is now entitled to be addressed as Sir Robert Morris. The honours conferred on him are the highest that can be bestowed on a subject. This is the third time a Monarch has delighted to honour us in this way. At the Diamond Jubilee in 1897 the late Sir William V. Whiteway, K.C.M.G., then Premier, was made a Privy Councillor by Queen Victoria. At the Coronation of King Edward, Sir Robert Bond, during his Premiership, had a like honour conferred on him. Newfoundland now has two Privy Councillors among her sons, the Right Hon. Sir Robert Bond (1902), and the Right Hon. Sir Edward Morris, 1911. We congratulate the Premier, the Right Hon. Sir Edward Morris, on the honour conferred on him.

Annual Rally of St. Bon's Alumni.

The "Old Boys" of St. Bonaventure's College are making great preparations for the celebration of their Feast Day July 14th next. It is intended that this year's event will eclipse all previous ones. The ceremonies will begin at 8 a.m. on St. Bonaventure's Day. One of the oldest ecclesiastical students will deliver the address, which there will be Benediction, imparted by another distinguished ex-pupil, probably Rev. Dr. March. This will be followed by the first feast, where covers will be laid for about 200 city and outport "Old Boys," and it is likely the oration will be delivered by the most distinguished student of the College, His Grace the Archbishop. The Mass will be served by prominent laymen, who have made a name for themselves and have done credit to their Alma Mater. All the other functions will be participated in by ex-students, who are prominent in local business circles. There will be an appropriate souvenir done in the College colours for each member as a memento of the day, and the committee has left nothing undone to ensure the success of the gathering. Several prominent outport business men have intimated their intention of being present this year, thus proving that last year's success will be excelled by the coming celebration.

Coronation Sociable.

An enjoyable evening was spent by the members of Cochrane Street League last evening. A choice programme was rendered, the items being in touch with the event of the week. Those taking part included Mrs. Matthews, Misses N. Nixon, D. Skinner, H. Vincent, S. Milley, Messrs. E. Clarke, T. Young, W. Milley. After the concert refreshments were served by the social committee and a very pleasant time was spent. The meeting ended with the singing of "Rule Britannia" and "God Save the King."

The s.s. Kapford arrived here at 6 p.m. yesterday from Sydney after a run of two days with coal to M. Morey & Co.

Collegians and C. E. I. Draw.

A stubbornly fought match was that which occurred last evening on St. George's Field between the Collegians and C. E. I. Football teams. There was a fair number of spectators on the field, and the line up was:

Collegians—Butler, goal; G. Ayre, C. Thomas, backs; A. Pike, E. Barnes, T. W. Sparks, halves; H. Barnes, H. Noonan, Aitken, C. Quick, C. Fenwick, forwards.
C. E. I.—Hayter, goal; J. Hussey, C. Hunt, backs; R. Stuck, T. Hallett, Oliver, halves; F. Harris, Smith, Godden, James, forwards.

Winning the toss the Collegians played the western goal with a strong wind in their favour, and when the leather was kicked off they made a rush on C. E. I.'s goal but could not pass their backs who put up a splendid defence. Collegians, however, continued offensive measures for a while, but soon the C. E. I.'s worked the ball up field when Harris passed to Ayre and he tried a drop shot which Hayter just cleared from finding the net. Noonan got the ball and shot but it went too high and out over the goal posts. The C. E. I.'s now played good combination, worked the ball west again but Butler saved and the Collegians again got east but could not beat the Institute backs. Harris now got a run and later he and Smith had a look in to Collegians goal and secured an uneventful corner, followed by another soon after. Both teams fought hard to score later but nothing resulted and the teams crossed without scoring.

SECOND HALF.

With the wind in their favour it was expected the C. E. I.'s would put in a "winner." The Collegians were again aggressive at the start of the half, and Quick was on the goal as well as Noonan but the C. E. I. goal keeper was alert and nothing could pass him. Getting down field the Church Institute lads now kept the ball on the goal but their shooting was erratic and no scoring resulted. Shortly after the Collegians were again up field and Aitken and Quick and Fenwick distinguished themselves but the goal keeper and backs of the C. E. I. were impregnable. The Collegians from a foul conceded their opponents a free kick, but the ball fell into Butler's hands and he saved very cleverly. After this the struggle to find the net was a keen one on the part of both teams but it was fruitless and the game ended a draw, neither side scoring.

Lieut.-Col. Pitts Resigns Command.

Yesterday Lieut.-Col. Pitts, C.M.G., informed His Excellency the Governor that he had resigned his commission as officer commanding the Methodist Guards owing to his failure to secure united action in the matter of a joint parade in connection with the Coronation festivities, and to his lack of sympathy with the decision determined on by the officers under his command. This is one of two regrettable outcomes of an old dispute between the M.G. and the C. I. E. The Guards are losing the support and counsel of one who has done much to bring the Guards up to their present high standard of efficiency, and the Coronation festivities will be diminished in lustre and in that good feeling which such an august occasion calls for by the absence of the Methodist Guards from the joint parade, and the acerbity which the dispute has engendered. The public will regret profoundly the two outcomes of the dispute.

Police Court.

To-day two drunks were discharged. A third, drunk the third time this season, was fined \$2 or 7 days. John Martey, who attempted to commit suicide by hanging himself in the cells yesterday evening, was remanded for 8 days, as was a sailor taken in for safe keeping. A drunk and disorderly, who also used obscene language, was fined \$10 or 30 days. Thirty civil cases were adjudicated upon in the C. D. Court.

Schooner Strikes Boat.

While Albert Sparkes and George Garland of the Battery were sailing up the harbor to Baine Johnston's for salt yesterday afternoon, a western craft which came in the harbor collided with the boat, taking the mainmast and mainmast out of her and doing other damage. Sparkes said that he did his best to avoid the accident but the skipper of the craft did not do so. He further alleges that the craft had no name painted on her, forward nor aft, which is an infraction of the law and for which the owner is liable to a heavy fine. Sparkes is delayed in fishing as a result of the accident, and besides has his boat badly damaged. He looked up the skipper of the craft to-day and informed the police of the occurrence.

Farmer Leaves Unique Will.

Document Allows Just Enough for Widow and Does Not Allow for Waste Provisions.
Allentown, Pa., June 12.—In disposing of his estate, Stephen Bloss, of Washington township, made a will which is one of the most original ever put on record at the court house. After providing for his widow's rights, the testator directs that the executors supply for her each year ten bushels of wheat, rye and oats; twelve bushels of corn, five bushels of potatoes, twenty-five pounds of lard, one hog, weighing about two hundred pounds, about thirty pounds of beef in the fall, eight pounds of sugar and coffee, a bushel of salt, two gallons of good molasses, four gallons of oil and five gallons of apple butter. If the apple crop is a failure, she shall receive less apple butter, says the testator, and he directs that if she goes away they shall bring her back, and if she gets ill they shall hire a doctor, but she shall pay him, and they must furnish the wood and coal and make fire for her, and "if my wife makes trouble when she is ill for my daughter Flora, she shall get the real estate \$1,000 cheaper." The estate is valued at \$20,000.

Some time ago a lady living in North London, G.B., who was young and extremely pretty, went to fancy dress ball. The costume—that of a Chinese lady—was pronounced perfect in every detail. Unfortunately the wig she wore was only too real. It came from the East. About a week ago a strange mark appeared on the girl's forehead. She consulted her doctor, who first treated her for zema. The mark, however, showed no signs of improvement, and the doctor called in a specialist, who diagnosed the case as being one of leprosy. Arrangements were immediately made for her removal to a leper colony. Diligent inquiries have been made by the health authorities to discover the antecedents of the wig, as it is believed that it must have been worn one time by a leper.
