THE RUSSELL WATCH!

A FEW REASONS THAT MAKE IT SUPERIOR TO ALL COMERS

es itself a reliable time-keeper beyond all question

2nd—The RUSSELL WATCH being made on correct and scientific principles, t must follow as a latural consequence that it will keep time.

3rd—Each part of which the RUSSELL WATCH is composed is a reflex of the perfect machine be which, under skilful direction, it is produced.

Atha—Truth is the essential of each part.

5th—Uniformity and conformity must therefore characterize the several parts in fulfillions for which they are made and brought together.

7th—The greatest variety of price, quality and size, that confidence and perfection will admit, afforded by the RUSSELL WATCH.

8th—The RUSSELL WATCH stands pre-eminently above all competitors for public favor and

patronage.

9th.—Proofs of the foregoing—the universal testimony of all Watchmakers who have sold, and the positive statements of the thousands in Europe, the United States and Canada, who have worn the RUSSELL WATCH.

To Robert Cuthbert, Watchmaker, Wyndham Street, Guelph. If Society was as perfect in its organization, and was as obedient to the dictates of truth as the RUSSELL WATCH I bought from you is in indicating time, evil would be swallowed up in good and bounds as would be swallowed up in
