Scrofula

Is a disease as old as antiquity, and as young as the newest born infant.

It has infested the blood of humanity from ancient times down to the present minute.

It is hereditary or may be acquired. It appears in swollen glands, scrofplous sores, hip disease, boils, pimples, eruptions, and, as believed by high authorities, even in the forms of catarrh and rheumatism.

It can be cured by taking Hood's Barsaparilla faithfully and persistently. We know this, because Hood's Sarsaparilla has done it.

It will cure you if you give it a trial. You should begin to take it today. Mip Disease - "I suffered from hip disease; had 5 running sores; used crutches and each winter I was confined to my bed for weeks at a time. Hood's Sarsaparilla has accomplished a perfect cure-saved my dife. I have a good appetite and feel strong and well." ANNIE ROBERT, 49 Fourth St.,

Fall River, Mass. In Her Eyes-"My little girl had scrofals and sores appeared in her eyes. A few bottles of Hood's Sarsaparilla entirely sured her and she has never had scrofula since." Mas. Howard Popz, Alpha, Oregon. N. B. If you decide to take Hood's Sarsaparilla do not be induced to buy any other.

Attractive Programme for Grossmith's Appearance Here.

Grossmith for his appearance at the New Grand tomorrow night is well worthy his reputation as an eminent entertainer. He introduces his programme with a piano solo "Home, Sweet Home" with variations never before heard upon this well known theme. "A Few Idle Thoughts" being experiences in the one-and-one-halfbrick-thick mansions of the London apartments house district, serves to introduce two famous love songs, "'Twas in the Time of Turnips" and "Oh! That Today Were Tomorrow." The second part consists of the new sketch "Some-bodies and Nobodies" in which Mr. Grossmith describes the London police-"Twas in the Time men, the butler, somebodies on a train, somebodies at an English banquet. a college student, and the major and his song. The songs introduced are "How to Work Up a Pedigree" and "The Merry Bankrupt." The third part will be made up of selections of laughable stories, anecdotes, etc., from Mr. Grossmith's immense repertoire.

Inhabitants of Many Towns Have to Desert Their Homes and Flee for Their Lives.

New York, March 2.—The floods along the line of the New York Central and Hudson River railroad are interfering extensively with traffic, according to reports given out at the Grand Central station in this city. No through trains for the west are being dispatched in the afternon and evening. The 3:35 train for Albany left on time, but went only to Hudson. No passengers would be taken beyond that point, as bridges are down and tracks washed away be-

tween Hudson and Albany. The greatest trouble, however, was reported at points along the main line between Albany and Buffalo, where trains are stalled or have not been sent out because of the floods along the

TRAVELERS IN DESPAIR.

All day long hundreds of passengers wishing to reach Rochester, Syracuse, Buffalo, Detroit and Chicago were in despair and making anxious inquiries as to when trains would start for these points, only to be told by the station master that "it might be any minute and it might be hours."

ROWBOAT TRANSPORTATION. Albany, N. Y., March 2. - Railroad traffic has been badly interfered with and not a wheel has turned on a street car line today as a result of the Hudson River overowing its banks. The entire southern portion of the city is under water and residents have to use rowboats to get to and from their

In the Matter of Telephone and Telegraph Tolls.

Terms of the New Bill of Which the Minister of Justice Has Given Notice.

Ottawa, March 3.-The bill of which the minister of justice has given notice in regard to telegraphs and telephones is to be known as the telegraph and telephone act. The provisions of the measure are largely founded upon or adopted from clauses in the railway and telegraph acts. The bill provides against any increase in telegraph or BOY DROWNED AT SCRANTON, PA. telephone rates, and gives the railway ed in the basement, and it made its Scranton, Pa., March 2.-Incessant committee of the privy council power rain all day caused the Lackawanna to inquire into and determine complaints or disputes respecting tolls charged or demanded, or charges of

Mr. Fitzpatrick's bill gives telegraph and telephone companies the right to construct lines on roads and highways, provided the public use of such roads and highways is not incommoded, or free access to any house or building shut off. Subject to the provisions contained in this act, or in the special act. a telegraph or telephone company is authorized to fix by bylaw the tolls to be taken for messages or services. The tolls may be fixed for the whole or any particular portions of the company's lines, but they are to be charged equally to all persons, and no reduc tion is to be made either directly or indirectly in favor or against a particular company or persons. The works of all telegraph and telephone companies and the country for miles around the incorporated under provincial laws are city is under water. structures. benefit of Canada. The bill will fix a period after the passage of the act within which telegraph and telephone companies must submit their bylaws fixing tolls to the governor in council. through the public works department, for approval. The government is given power at any time to assume temporary or permanent possession of any tele phone or telegraph line, and the rights privileges of such company are then vested in the crown. In the event

of differences between a company and the crown as to the compensation to be paid, reference will be had to arbitration. The clauses relating to government ownership are taken bodily from the present telegraph act. Upon the application of any person to a telephone company, and tender by him of the lawful amount of toil, the company is required, with all reasonable dispatch, to install telephones upon such person's premises, situated within any city, town, village or territory within which a general service is given by the company, and adjoining or within 150 feet of any highway or street upon which the company has a main or branch line, and to make the necessary connections with its system. Except as otherwise provided in

the bill, no higher tolls than those usually collected in any place within which a telephone company has a general service are to be asked, to be chargeable, payable or recoverable. Any sum paid in excess after the act comes into force may be recovered in an action at law or deducted from any tolls unpaid. Every bylaw fixing and regulating tolls is made subject to revitolls, the revised rates are to prevail

vision from the railway act against the granting to any person of any secret special toll, rebate, drawback or concession is embodied in the present bill. Authority is conferred upon the directors of any telegraph or telephone company to enter into arrangements with any other similar company for the regulation and interchange of messages or services, and for the working of the lines for a maximum term of 21 years, subject to the approval of the governor in council. The provisions of the present bill are not to apply to existing contracts. The railway committee of the privy council is given power to inquire into, hear and determine any applica-tion, complaint or dispute respecting (1) tolls charged or demanded by any telegraph or telephone company, (2) unjust preference, discrimination or extortion by any such company, (3) any matter, act or thing which by this act or the special act is sanctioned, required to be done or prohibited. Fire Broke Out On Union Loan Building.

Janitor's Family Had a Narrow Escape-Loss Estimated at \$30,-000 to \$40,000.

Toronto, March 3 .- Fire broke out at 1:30 o'clock this morning in the office building, 28-30 Toronto street, formerly occupied by the Union Loan and Savings Co. It is supposed to have startway up the elevator shaft with great

NARROW ESCAPE.

The caretaker, James Massen, jun., his wife, and his father, Jas. Massen, sen., were asleep in their rooms at the rear. When they were aroused the flames were all around them. They made their way out through a window to the roof of an adjoining building, and from there they escaped safely to the street below. The building is an old one, and it lent ready fuel to the flames. In a short time the upper floors were a mass of fire. Shortly be fore 2 o'clock, when it was seen that the building near by, including the Canada Permanent Building, the Dominion Government offices and the warehouse of Rice Lewis & Son were

in danger, a GENERAL ALARM WAS SOUNDEL. The full force of the brigade was then exerted towards saving the adjoining

The building is a five-story structure, and is now owned by the To-ronto Mortgage Company. It has been built for many years, and contains a large number of offices. H. O'Hara & Co., John Stark & Co., C. C. Baines, brokers: Maclaren, Macdonald & Shepley, barristers; Burke & Horwood, architects, are among those who occupy offices there.

THE LOSS. At 2:15 a.m. the fire was confined to the rear of the building, the action of the brigade preventing its spread to the Toronto street front. At that time the upper floors were badly gutted, and it was not possible to tell what the outcome would be. The building has a wide frontage, and was in good repair. The value of it has been roughly estimated at between \$30,000 and \$40,000; while the contents, including office furniture, law libraries, records, etc. are

A Physicians Testimony For Labatt's Stout.

ALEXANDRIA, DEC., 20th. 1901. Speaking from personal experience I can state that your Stout is excellent in building up the system—I was very much run down and was advised to use Labatt's Porter—this I have done for some time and I largely attribute to its effects my steady improvement in strength and weight. I deem it but justice to you, and it certainly is a pleasure to me, to add my testimony to its sterling qualities, and I gladly recommend your Stout as an excellent tonic and food in cases where such is required. APPOINTED MANAGER

Mr. F. H. McGuigan, formerly general superintendent of the Grand Trunk and well-known in city railroad circles, was appointed manager of the Grand Trunk on March 1. By making the new post the services of a general superintendent will be dispensed with. By his appointment, Mr. McGulgan will have under his control, maintenance of way and all transportation matters, which includes the company's bridges, tracks, etc. Mr. McGulgan will now report to the general manager instead of to Mr. Morse, third vice-president.

The appointment is a popular one, and

members and adherents of. Adelaide Street Baptist Church celebrated the opening of their present place of worship at the corner of Adelaide and King streets. This church has had a varied experience. Its membership—composed chiefly of working people—has been subject to great fluctuations, and was largely depleted when the G. T. R. carshops were destroyed by fire. Then, too, it has on two occasions been without a pastor for a long period. In spite of all-drawbacks however it has brayely drawbacks, however, it has bravely struggled on through difficulties and dissteady, healthy growth, extended its influence, inaugurated a mission (Egerton street), given several young men to the work of the ministry, furnished four missionaries for the foreign field, maintained a large Sunday schoot, and has fully met its financial liabilities each year, the only liability being a \$1,400 mortgage on the church property, its assets being \$11,525 in excess of its lia-During the past year the church raised in all \$2,812 16, of which \$423 01 was given for home missions and \$398 19 for foreign mission work. As the pastor, Rev. T. S. Johnson remarked, the outlook for the church is bright, and it is evidently stronger than ever before in its At yesterday's services Professor A. L. At yesterday's services Professor A. L. McCrimmon, M.A., principal of Woodstock College, gave two masterly discourses. The preacher's morning theme was "The Relationship of the Church to Christ Jesus." the text being Ephesians i., 22, 23. After speaking of God's manifest desire to bring a fallen world back to himself through the gift of his son, and of Christ, after leaving the world, designating a band of people to carry on his work, the preacher showed the relationships of Christ and his people by scriptural figures—Christ the cornerstone of a great spiritual edifice, the scriptural ngures—Christ the corner-stone of a great spiritual edifice, the church; Christ the vine, his people being fruit-bearing branches; Christ the head of the body, of which his children are all members. In these varied relations they were representatives of the incar-nate God, commissioned to carry on and fill up the work that he had become
