I Will Cure You of

Rheumatism

Else No Money Is Wanted.

Any honest person who suffers from

Any honest person who suffers from Rheumatism is welcome to this offer.

I am a specialist in Rheumatism, and have treated more cases than any other physician, I think. For 16 years I made 2,000 experiments with different drugs, testing all known remedies while searching the world for something better. Nine years ago I found a costly chemical in Germany, which, with my previous discoveries, gives me a certain cure.

I don't mean that it can turn bony joints into fiesh again; but it can cure the disease at any stage, completely and forever. I have done it fully 100,000 times.

I know this so well that I will furnish my remedy on trial. Simply write me a postal for my book on Rheumatism, and I will mail you an order on your druggist for six bottle Dr. Shoop's Rheumatic Cure. Take it for a month at my risk. If it succeeds, the cost is only \$5.50. If it falls, I will pay the druggist myself—and your mere word shall decide it.

I mean that exactly. If you say the regulate are not what I claim I don't like the convicted and used over 40 years, and other throat a fill the proportion of the ceremony. Which was performed by Rh. C. R. conductor, St. Thomas. About 60 guests were present to witness the ceremony, which was performed by Rev. H. W. Crews, M.A., of the Central Methodist Church. The bride, who was handsomely gowned in white convicted and used over 40 years, and other throat a fill the proportion of the ceremony which was performed by Rh. C. R. conductor, St. Thomas. About 60 guests were present to witness the ceremony, which was performed by Rev. H. W. Crews, M.A., of the Central Methodist Church. Consumption is

No matter how much corn falls on a bare rock, it wont grow there. Neither will consumption germs grow in perfectly healthy lungs. But if the lungs become weak and inflamed they are good soil for consumption germs, and if these enter they may take

root and grow. There is no medicine that will directly weed them out. The thing to do is to make the lungs so healthy that the germs will have to stop growing because there is nothing for them to thrive on.

The lungs must be nourished with plenty of good more sleep; less work and worry. Perhaps some medicine. The doctor will know.

The most important thing is nourishment. When the body is weakened by consumption, the digestive powers cannot obtain from ordidinary food enough of the elements needed to make good blood. The lack is best supplied by the use of Scott's Emulsion. It is extremely rich in the substances which make good blood, and it also helps the digestion to obtain nourishment from ordinary

Scott's Emulsion is a foodmedicine; not a stimulant; not a mere "extract" or soare united with hypophosphites of lime and soda into a combination which rapidly builds healty tissue throughout the whole body, and particularly in the lungs.

SCOTT & BOWNE. 55 Front St., W.,

British Coal For America. London, Feb. 10.-After a lull in buying, which was very marked during January, the United States is again coming into the British market for supplies of coal and iron. One firm of London agents is said to have received an American inquiry for 100,000 to 500,000 tons of coal, and shippers on this side are now talking of sending coal to the United States for the remainder of the year. Ten steamers have been chartered within the last few days to convey Cleveland iron across the Atlantic, and in consequence the iron market is holding its own with considerable firmness.
