The Biggest Burroughs

Hardly a month passes that this Company does not produce something new that makes adding machines do more than they have ever done before; that shortens accounting work, increases office efficiency, all at a price that can be saved in the course of a year.

If you have not seen the new 17-bank Burroughs, you have not seen the very latest thing in the way of adding machine development in size. This is the machine that the United States Census Department used in handling its big figures.

LEGAL QUERIES

INQUIRER.—Mr. M. has a suburban residence valued at \$6,000, with a mortgage of \$1,000 on it. His wife has the money and her husband wants it to pay it off. How will she let him have it in order to secure the money for herself and her children in case of any change? What is the proper course to take, or is it advisable to lend it at all? A.—The wife can take a mortgage on the property from her husband, and if she were a stranger to him, with the

same legal effect. Consult a lawyer as to whether it is advisable, if you have any doubts otherwise.

HARVESTER.—A writes to B for a job, saying he will work for a certain sum a month for two months. Can A at the end of one month, when the harvest begins, leave B's employment and demand one month's wages? A.—A is liable for damages for breach of contract if he leaves before the end of the two months. He is, however, entitled to be paid monthly upon the facts stated.

MR BECK HEARS MANY BUT DOESN'T TELL MUCH

Makes the Usual Promise of
Efficient Service From
the Hydro.

Toronto, July 24.—Hon. Adam Beck was in his office Wednesday at the hydro-electric service, caused by the ters. Most of the time Secretary Pope and Chief Engineer Gaby were with him, and the trio were immersed in the accumulation of business since the chairman went to England.

There were scores of visitors, many of them on business visits. Practically everyone saw Mr. Beck. Minister of Power was eager to hear them talk and to learn everything about the local electrical situation. He fired questions at everybody on every phase of the much-talked-of negotiations between the city and Sir William Mackenzie with the zeal and persistence of a legal cross-examiner. But he volunteered nothing himself. He was manifestly grateful for all the information anyone had to convey regarding any matter connected with the subject. But he was sphynxlike and unresponsive when queries were aimed in his direction.

"There is nothing before me," he naively told the press, "and it would be most unwise in me to comment prematurely and without adequate knowledge on what appears to be a somewhat important situation."

Regarding the interruption in the hydro-electric commission headquarters during his absence, Mr. Beck promised that in the future the service would be kept at the point of highest efficiency.

He stated that he had received many expressions of sympathy from municipalities and private persons, for which, he said, he was grateful.

STRIKERS LOCKED OUT

Found Their Places Filled When They
Wanted To Return.

[Canadian Press.]
Montreal, July 24.—Sixty-five bridge workers, who went on strike at Chaudiere, Que., today found themselves unexpectedly minus their jobs. They had been getting \$2 a day and wanted \$3. After they saw there was little prospect of getting it, they went back to work, to discover that their places were filled and that there was no chance for employment.

CLAIM \$5,500,000.

[Canadian Press.]
Vancouver, July 24.—The total amount of damage claims submitted by Canadian seelers, according to a table prepared for the sealing commission about to assemble here, aggregates three and a half million dollars.

SAIL FOR LEPER COLONY.

[Canadian Press.]
Vancouver, B. C., July 24.—The three Montreal sisters of charity who are going to spend their lives in a Chinese leper colony, sailed yesterday on the steamer Montreal. A large crowd stood on the wharf and sang "Lead, Kindly Light," as the vessel pulled out.

PAVING PLANT WAS IN BAD SHAPE AND DELAYED THE WORK

But Engineer Says Queen's Ave.
and Waterloo Will Be Fin-
ished in Few Days.

Complaint Made of Bad State
of Roads in All Parts of
the City.

The fact that London has put down little or no asphalt in the last four or five years has been responsible for the delay in the putting on the facing of the Queen's avenue and Waterloo street pavements.

The plant of the Barber Asphalt Company has fallen into a sad state of repair, gone to pieces, according to the city engineer. It was necessary to secure new drums, and there was a strike of iron workers at Buffalo, which prevented their being repaired.

Ready in a Week.
"They are getting the plant into shape now," said Mr. Ashplant. "It has been in a bad condition for some time, owing to the fact that London had stopped putting down permanent roadways. The repairs have been made, and both streets will have the asphalt on them and be ready for traffic within a week."

Some criticism has been made by citizens because the gravel and broken stone taken from these streets had been used for improving one or two blocks. Some of it was used in front of the Grand Trunk freight sheds and some was taken to the south side. It served to regrade only a couple of blocks. Citizens stated that it could have been used to fill the neglected holes in many blocks in several parts of the city.

Streets in Bad Shape.
"I ride a bicycle and drive over the city all the time, and the streets are in the worst shape I have known for 30 years," said one. "This gravel could have been used for the general good, and not for one or two blocks."

The same ratepayer stated that the street railway was not keeping its tracks properly gravelled, neither in the centre nor on the 18-inch strip on either side, which the law compels it to maintain. In some places about the city the tracks are three or four inches above the roadway, a dangerous condition.

DEATHS SH RDL W YPalmf wytaa

Lewis McDonald Dead.
Lewis Charles McDonald, second youngest son of James McDonald, of 88 Dundas street, died at Victoria Hospital on Wednesday after an illness of over six months. He went to San Antonio, Texas, last February for his health and returned two weeks ago and entered Victoria Hospital, where he died. He was 72 years old, and had been a dentist in Chicago for some years. His father, three brothers and two sisters survive him. The brothers are Francis J. and George Y., of Chicago, and Basil W., at home. The sisters are Mrs. M. Springer, of Detroit, and Miss Leone at home. The funeral will be private on Saturday morning at 7:45 to St. Mary's Church, where requiem high mass will be being at 8 o'clock. Interment will be made in St. Peter's Cemetery.

Rowdies Threaten to Hang Pastor

Broke Up Meeting of Seventh Day Ad-
ventists in Montreal.

[Canadian Press.]
Montreal, July 24.—Before Pastor Jean Vuilleumais had a chance to give out his text, rowdies last night rushed into the canvas tent, where Seventh Day Adventists were holding a meeting in the North End, drove out the congregation, and then wrecked the tent.

Pastor Vuilleumais was told that if he ever attempted to hold a meeting there again he would be hanged from the pole and the tent burned.

The district in which the attack occurred is near where John Roberts was attacked and blackjacked a couple of weeks ago, while holding an open-air temperance meeting.

The Adventists have been holding a series of meetings, and after the Tuesday evening gathering had been interrupted with, they asked for police protection, but only one constable and a plain clothes man appeared last night.

Shot Himself After Decorating Grave

Aged Resident of North Bay Had Lost
All His Children.

[Canadian Press.]
North Bay, July 24.—John Kruger, an old resident of North Bay, shot himself last night while decorating his grave. He was over 60. All his children had died and the old man had never recovered from the shock of the death of a son several years ago. Yesterday Mr. and Mrs. Kruger visited the cemetery and placed flowers on the son's grave. Having returned home the old man walked upstairs, and placing the barrel of a revolver in his mouth, pulled the trigger, death resulting immediately. Mr. Kruger was 14 years a foreman of the C. P. R. mechanical department staff at North Bay and was well-to-do.

Tried to Assault Premier Asquith

[Canadian Press.]
Doncaster, Eng., July 24.—An attempt by a militant suffragette to assault Premier Asquith while he was on his way today to the town hall of Morley, Yorkshire, to receive the freedom of the city, was frustrated by the police.

Miss Key-Jones, a well-known suffragette of this city, sprang on to the step of the premier's automobile shouting "Stop torturing women, you scoundrel," and tried to clutch Mr. Asquith, but the police caught hold of her and dragged her away.

FIRE VICTIMS WILL BE GIVEN PUBLIC FUNERAL

Full Investigation To Be Made
Into the Holocaust at
Binghamton.

Dead Will Number at Least
Fifty and Likely Many
More.

[Canadian Press.]
Binghamton, July 24.—State and local authorities today began an investigation of the circumstances surrounding the fire of the overall factory of the Binghamton Clothing Company, in which at least 50 persons—mostly women and girls—lost their lives.

Representatives of the state department of labor, the state fire marshal, the state factory investigating commission and the committee of safety of New York, were present at today's inquest, which is being conducted by the coroner.

Workmen today continued to search the ruins of the burned factory building. Of the 28 bodies thus far recovered, but three have been identified. The others are burned beyond recognition, and will be buried in a plot to be set apart by the city for the unidentified dead. A public funeral is planned for Sunday.

May Not Recover.
The task of computing a list of the victims of the disaster is progressing slowly. Of those in the hospital Mrs. Mary Benny, Ruth and Edna Croft, and Mrs. May Leighton, are so badly injured, that their recovery is not expected.

Beside the seven known dead, 34 have been reported missing, and probably are dead, and 54 survivors have been accounted for.

Not until the office safe has been opened can a complete list of the employees of the clothing factory, dead, living and missing, be made. The safe was opened late yesterday afternoon, but it was so hot that no attempt was made to open it.

FINE SEASON FOR RESORTS

Every Hotel and Cottage at the
Beaches Is Now
Full.

MANY LONDONERS THERE

SARNIA BRANCH OFFICE,
209 Front Street,
Office hours, 9 a.m. to 5:30 a.m., 3:30 p.m. to 5:00 p.m.

[Special to The Advertiser.]

Sarnia, July 24.—The resort business at the Sarnia beaches is a record-breaker this year, and promises to more than make up for the bad season last year.

Every cottage was taken before the season opened, and from the number of requests for accommodations, it is likely that a number of new cottages will be put up next year.

The hotels are all filled, and in many cases two sittings are required to seat the guests at the dinner table.

Among the new arrivals at the beach are Mr. and Mrs. Cowan, of London; the Cows, of London, and some 25 or 30 more from the States.

STRUCK BY AUTO

Manyard Wallis Had Close Call While
Out Wheeling.

[Special to The Advertiser.]
Sarnia, July 24.—Manyard Wallis was struck by a passing automobile last night while riding his bicycle on the street. The auto was thrown to the pavement but escaped without serious injury. The wheel, however, was demolished. The auto is said to be owned in Hamilton. The numerous accidents in Sarnia of this nature are due to the narrow streets here.

Hold Young Man As White Slaver

[Special to The Advertiser.]
Sarnia, July 24.—Mrs. Mamie Smith and Neal Jeffereys, both of Sarnia, are under arrest in Port Huron on complaint of the woman's husband. The couple crossed the river early in the evening and were found by the police in a resort.

The husband, who was suspicious, telephoned to the American city, and immediate action was taken by the authorities.

Chief Marx, of the Port Huron force, stated that the woman, according to one of the Canadian immigration officers, has borne a good reputation. Jeffereys is a young man of not more than 21.

It is understood that the woman was allowed to return home, but the man will be held to stand trial under the white slave act.

The case will likely be prosecuted in the district court at Detroit.

P.M. Freight Sheds and Car Robbed

[Special to The Advertiser.]

Sarnia, July 24.—The Pere Marquette freight shed and a Pere Marquette freight car were broken into last night and a considerable quantity of merchandise stolen. This is not the first robbery, and the police are determined to catch the culprits.

Keeping an Eye on Mexican Trouble

[Canadian Press.]
London, July 24.—Sir Edward Grey, the British foreign secretary, is keeping in communication with the British admiralty in case the presence of a British warship in Mexican waters should be considered advisable. Thus far, however, the British minister in Mexico City has not reported British subjects to be in danger. It is pointed out by the foreign office today that the British in Mexico in common with other foreigners have suffered from the continued disturbances.

Caught Militants Firing Mansion

[Canadian Press.]
Glasgow, July 24.—Two suffragettes, Margaret Morrison and another woman who refused to give her name, were arrested here today when on the point of setting fire to a large mansion in a suburb of Glasgow, which was at one time the residence of the late Sir John Muir, a former lord provost.

The attention of the police was attracted to the house today and they entered. Inside they found a woman standing with a match in her hand in front of some piles of combustibles, which had been banded against the doors. Shortly afterward Margaret Morrison descended a chimney in which she had been secreted. She was covered with soot.

A quantity of suffrage literature was found in the house.

CORRESPONDENCE

Street Car Accommodation.

To the Editor of The Advertiser:
Kindly allow me through your valuable columns to make a few suggestions on the above important matter, and also to register a few complaints.

In the first place, should the company continue the present schedule I would suggest that they place a switch midway between Richmond street and Adelaide street, on Central avenue, and run the cars both ways, on that much-travelled line, continuing on to Dundas street as before.

In the next place I would suggest that the company allow the conductors a little more liberty to use their own brains, at least in some important instances, or conditions.

A case in point. I, with some other gentlemen, waited at the corner of Princess avenue and Adelaide street for a south bound car. After waiting for ten minutes a car hove in sight, but to our consternation and vexation it halted at Central avenue, waiting for the north bound car to make its appearance from off Dundas street.

We took out our watches and timed the event and found the south bound car had time to make Dundas street twice over before the north bound car appeared. Consequently we concluded that if the company have cast iron rules that cars must pass at given points, whether on time or not, the sooner such rules are changed the better for the long-suffering public.

Yours very truly,
CITIZEN AND CONSTANT USER,
London, July 24.

Quick Work Saved From Accident

Metorman Plugs Car That Was Run-
ning Down Rig.

There is a woman alive and uninjured today who owes that fact to the prompt action of George Sinclair, metorman on Oxford car No. 76. Sinclair stopped his car within its length on Horton, between Clarence and Richmond streets, about nine o'clock this morning.

The car had just left the switch at the corner of Horton and Richmond streets and was travelling at a fair rate of speed, when a woman driving what appeared to be a farmer's buggy, and accompanied by a little boy, drove right onto the rails in front of the approaching car.

The metorman rang the gong, and at first did not attempt to slow down, as he thought the woman would get out of the way. When he saw that she did not heed the signal he shut off the power and applied the brakes, but before he could bring the car to a stop the rear of the buggy was lifted to the side of the road. The rig was not overturned, and a pedestrian prevented the horse bolting.

Hurt His Spine May Not Recover

[Special to The Advertiser.]

Woodstock, July 24.—As a result of an accident in the hayfield, H. G. Penfield, of the Thirteenth Line, East Zorra, a prominent farmer and cattle breeder, lies in the hospital here with but a slight chance for recovery.

He was standing on a load of hay when the wagon struck a stone and threw him off.

Landing on his shoulders and neck he injured his spine, and it was necessary to hurry him to the hospital for an operation. Two pieces of bone were removed, and he may live if kept in quiet.

HANG ON!

[Canadian Press.]
Every man who owns anything in Canada at the present time should hold it if he has to live on porridge. Yes, hang on. Don't let the bank manager scare you. Don't listen to the broker who advises you to sell because the market will go lower. Grip the saddle with both knees and sit tight. Don't be stampeded.

PORT STANLEY

Port Stanley, July 23.—Mrs. Newton, Miss Dorothy and Master Ted, of Sarnia, are the guests of Mrs. R. K. Lawson, Idlewild, Orchard Beach. Mrs. Melbourne, of Winnipeg, and Mrs. Lamb, of London, spent Tuesday with Mrs. Gurd at her cottage, Bonnie View, Idlewild, Orchard Beach.

Miss Rahanah, who has been visiting with Mrs. Cox, Orchard Beach, has returned to her home in London.

A garden party will be held Friday evening, July 26, at the residence of Mr. J. J. Cox, in the interests of Summerholm.

The Canadian Order of Foresters
picnic from Norwich and vicinity was
held here yesterday. About eight hun-
dred came down by G. T. R. via Pere-
Marquette. They brought with them
a band of about 20 pieces, which helped
to liven up the day.

Hotel guests are as follows:
Invererie—Charles Whitley, of
Rochester; T. H. Dincombe, wife and
daughter, of Detroit; M. Woodford, of
St. Thomas; W. F. Ferguson, of Till-
sonburg; C. Giffin, E. W. Davis, of
London.

Berry Season Is Now at Its Height

Lots of Fine Fruit Being Brought to
Ingersoll Market.

[Special to The Advertiser.]

Ingersoll, July 24.—The berry crop
is now at its height. The berries are
being marketed daily in large quanti-
ties, and the demand, even at prices in
excess of previous years, is keen. The
weather since the fruit began to ripen
has been especially favorable.

Occasional showers with just suf-
ficient sunshine and cool nights, have
done all that could be expected. Few
of the berries have been found un-
sound, in fact, just the opposite condi-
tion prevails.

They are large, highly-colored and
of splendid flavor. In all the local
patches a big crop is reported. The
prevailing prices are two boxes for a
quarter.

Mr. Delbert Haycock, who has been
a patient at the Alexandra Hospital
since his serious accident nearly a
week ago, when he was run over by
a binder in a harvest field, is progress-
ing as favorably as can be expected.
Owing to the terrible manner in which
his legs were broken it will be a long
time before he is around.

Interest continues to grow in the
town baseball league. The Colts are
smugly at the top of the heap, with the
Morrows next in order. The Ram-
blers have showed symptoms of re-
juvenation, and will likely put up a
strenuous argument near the close of
the season.
