PROSPEROUS SEASON IS PROMISED

Many Planning to Build During Coming Summer—General Business

The coming summer already gives promise of being a most prosperous one.

In the building line a number of buildings will be commenced just as soon as the frost is out of the ground and a number of residences are being planned.

An effort is also being made to have the Waverly rebuilt.

Mr. Asad Landry of Bathurst whose block was destroyed by fire a few weeks ago is planning the erection of a large brick or concrete block to take the place of the one destroyed.

Dr. Syroui is also having plans prepared for a large building he intends to erect on his lot on the subway. This will contain the doctor's office and residence, and two stores.

General business throughout this a record breaker this season. The farmers are prosperous as big prices all kinds of produce prevail and lumber and pulpwood cut on private lands command good prices.

Private John Davidson Court of the 232nd Battalion, North Battleford, Sask., formerly of Esquimaux, P. Q., died at North Battleford, Feb. 25th, aged 35 yrs. His remains were brought to Esquimaux and the funeral service was held at the home of his parents, Mr. and Mrs. Nelson Court, on March 9th.

Pte. Ansell Court, a brother is serving in the same battalion in North Battleford, Sask., and Pte. Ivan Court, another brother is on active service in France. Pte. George Court also is in France. Pte. George Court also a brother was killed in action serving in France last summer.

The following letter shows the esteem in which the late John Court was held in his battalion.

North Battleford, Sask., March 1st, 1917.

Dear Mr. and Mrs. Court:
As Chaplain of the battalion to which your dear son belonged I thought you might appreciate a little word from me relating particularly to his last days with us.

Little did we think when first visiting him that his illness was so soon to end as it did. It appeared like a bad case of biliousness or something of that kind. But as the days passed it revealed itself as something much more serious. I saw him on Saturday before he died and though he appeared very sick the doctor in charge thought he was some better. I could scarcely believe there could be such a change as I saw on Sunday when I called. I saw at once that he was dying. He was however quite conscious and rational. He fully realized that he was near the end and wished me to pray with him. He repeated every word after me like a little child. A little while afterwards I went out and had a talk with the nurse. She spoke quite frankly to him and told me that he fully realized that he was dying but that he was reconciled and not afraid to die. In speaking to those who knew him best they all said he was such a good living lad and that he would be greatly missed.

As a stranger I can say but little but I want to assure you of my Christian sympathy and the sympathy of every officer and the men of the Battalion. We had a short service this morning and then marched in a body to the train. Our prayer is that the God of all comfort and grace will comfort your hearts. You and your noble sons are playing a worthy part in the great cause and the God whose cause it is will freely reward you. May He be near you in your sorrow and loneliness and give you strength to bear it.

Yours in Christian sympathy
DONALD MUNRO
Chaplain 232nd Battalion.

Bathurst Curlers Give Local Enthusiasts an Exciting Time

Bathurst curlers fed up by the victory in the White House Trophy games last week came to Campbellton Tuesday night on the local to play for the Archer cup. They came two rinks strong and they were strong.

The train was very late so that it was eleven o'clock before the game got under way and it was fairly close with Campbellton leading until the last end when the score was tie.

Bathurst was lying the shot when Wetmore took it out with his last stone and scored three for Campbellton thus holding the cup by three points.

The score was as follows:

SHIPBUILDING PLANT NOW TALKED OF

Campbellton Business Men Are Getting Full Information in Reference to Proposals

Campbellton may have a shipbuilding plant established here. A number of prominent citizens are discussing the matter and getting particulars.

Our readers are no doubt aware that the British Government is encouraging the establishment of such plants in Canada by the advancing of some of the capital to finance the undertaking.

Mr. Alexander McLennan of the McLennan Foundry and Machine Works is the principal mover in the enterprise and it is hoped some definite proposal may be forthcoming at an early date.

Those competent to judge say that there should be no difficulty in erecting right here just the class of freighters the British Government is asking for.

JUDGMENTS GIVEN IN RESTIGOUCHE CASES

Graphic Loses Appeal in Libel Action—Prescott Co. Case Also

Fredericton, Mar. 16.—The appeal division of the Supreme Court delivered judgment this afternoon.

In the matter of O'Callaghan vs. the Graphic, on appeal from the Restigouche County Circuit. The application of counsel on behalf of the Graphic to set aside the verdict of the trial judge was refused.

In the matter of Trafton vs. Deschene, another appeal from the Restigouche County Circuit, where judgment was given for the defendant, the court set aside the verdict of the trial judge and ordered that judgment be entered for the appellant.

In the matter of the Prescott Lumber Company vs. Jardine and Clinch, the judgment of the trial for the respondents was sustained.

SAWDUST.

The Tribune says that the Graphic "has slandered too many of our best citizens. We would like to know who they are. At all events we have not yet had our face slapped by any of 'the prominent citizens' and then cried baby and go to court to get satisfaction."

Nor have we been called up by phone and told that but for a fact that we were a paper we would be hauled to court for certain slanderous statements.

We have the men to build the ships. Now the British government is supplying the capital.
