## REBELS BEFORE NANKING WALLS

Manchu Forces Make Last Stand in  
City besieged by evolu-  
tionaries. Naval Vessels Aid  
Besiegers.

Nanking, Nov. 27, 1 a.m.—  
After more than half a century of  
silence, to-day the hills overlooking  
the walled city of Nanking, the  
ancient capital of China, swarmed  
with rebellious forces eager for its  
occupation and determined to take  
the stronghold where the Manchus  
are making their last stand south  
of the Yangtze. From the Tiger  
Hill forth, for several hours Sun-  
day morning, big guns spoke re-  
peatedly, while further up, along  
the northeastern range from the  
top of Purple Mountain over-  
looking the Ming Tombs, for a  
fifteen mile semi-circle westward  
to the Yangtze, smaller forts  
scattered shells into every section  
of the city. So far as is known  
the casualty list is not large.

General Wong, second in com-  
mand of the defenders, is among  
those killed.  
During the earlier part of the  
day the imperialists attempted a  
sortie against the attacking forces,  
with a view to recapturing their  
positions and guns, but were  
driven back inside the walls with  
considerable losses. The Tiger  
Hill Batteries meanwhile were  
pouring shells into Lion Hill.  
They succeeded in silencing the  
batteries there, which is suspected  
were of little value.

The object of the first seizure of  
Tiger Hill was shown by the early  
appearance of four cruiser and  
later in the day of other warships.  
In the evening a dozen torpedo  
boat destroyers and cruisers were  
lying menacingly near the city.  
These are all armed and well  
supplied with ammunition.  
Doubtless they will quickly reduce  
the lower section and drive the  
defenders to the south.

## ARE YOUR HANDS CHAPPED?

Zam-Buk Will Cure Them.

The particular danger of chapped  
hands and cold cracks (apart alto-  
gether from the pain) is that the cold  
is likely to penetrate and set up in-  
flammation, festering, or blood-poison.  
Directly the skin is broken by a cut,  
graze, or scratched, or chafed or  
cracked by the action of the cold winds  
and water, the one necessary precau-  
tion is to apply Zam-Buk freely.

The pure herbal juices from which  
Zam-Buk is prepared are so perfectly  
combined and refined that the imme-  
diate effect of the Zam-Buk dressing  
is soothing, antiseptic, and healing.  
Pain and inflammation are allayed,  
disease germs expelled from the wound  
or sore, and the latter is quickly  
healed.

Zam-Buk is not only a powerful  
healer and skin purifier; it is strongly  
antiseptic and germicidal, and so  
forms the ideal protection for the skin  
against disease germs.  
It quickly heals cold cracks, chaps,  
chilblains, cold sores, etc. Alta-  
Mrs. O. M. Phoen, eu. writes:—  
"I must tell you I am pleased  
I am with Zam-Buk. My husband had  
an old frostbite on his foot for many  
years, and had tried almost every  
known remedy without any effect,  
but the first application of Zam-Buk  
seemed to help him so much that he  
persevered and the sore is now cured.  
We would not be without Zam-Buk in  
the house."

Zam-Buk is also a sure cure for  
piles, eczema, ulcers, abscesses, scalp  
sores, blood-poison, bad leg, eruption  
etc. Its purely herbal composition  
makes it the ideal balm for babies  
and young children. All druggists and  
stores sell Zam-Buk 50c. box or post  
free from Zam-Buk Co., Toronto, for  
price. Try also Zam-Buk Soap, 25c.  
tablets.

that they will have the assistance  
of the department as much as  
possible. The show will be held  
at Moncton from the 10th of Jan-  
uary till the 14th. The others  
have not decided on their dates  
yet.

## N. B. TERRITORIAL REVENUE 1910-11

The very satisfactory growth in the  
territorial revenue of the province  
for the year ending Oct. 31, 1911,  
was largely made up by the increased  
collections from stampage. That there  
was growth in other directions, how-  
ever, is seen by reference to the de-  
tailed items of the account as follows:  
Timber sales \$ 2,176 00

## DOMINION WILL GUAR- ANTEE N. B. BONDS

To the Extent of \$1,000,000 for  
Construction of Bridges on St.  
John Valley Railway.

In discussing the St. John Valley  
Railway in St. John on Wednesday  
Premier Fleming said that in the  
contract between the government and  
the company there is a provision that  
will safeguard the province against  
being called upon to make good any  
shortage which would arise if the 40  
per cent. of the gross earnings should  
prove insufficient to meet "the interest  
on the bonds."  
"As regards the construction of the  
big bridges the federal government  
has undertaken to guarantee the in-  
terest on the bonds covering the cost  
of their construction to the amount  
of \$1,000,000 for a period of years.  
The estimate for the construction of  
the bridges is between \$1,200,000 and  
\$1,300,000, and the construction com-  
pany will provide for any additional  
cost over the amount guaranteed by  
the federal government. So the con-  
struction of the bridges will entail no  
outlay on the part of the province.  
At the expiration of the period of  
years for which the federal govern-  
ment guarantees the interest on the  
bridge bonds, a portion of the 40 per  
cent. of gross earnings payable to the  
government and determined by the re-  
lation of the cost of the bridges to  
the cost of the railway as a whole  
will be applied to the payment of the  
interest on the bridge bonds, and to  
the provision of a sinking fund to re-  
imburse the federal government."

## Know an Auto From Hood to Tires

Expert knowledge of automobile con-  
struction is essential to car owners and  
drivers alike. To the owner it means cer-  
tainty when judging a car, and a great  
saving in cost of up-keep. To the driver  
it means a greater demand for his services,  
larger salary, and a permanency of position.  
To both it means knowing if a car is right,  
and when not right, exactly what to do and  
how to do it.

All this valuable knowledge is set forth in  
the Automobile Course of the International  
Correspondence Schools—the most thor-  
ough and practical Automobile Course in the  
world. The subjects covered are: Gas-  
oline Automobiles, Gasoline Automobile  
Engines, Automobile Engine Auxiliaries,  
Automobile Carburetors, Automobile  
Transmission and Control Mechanism, Be-  
tunes and Lubrication, Automobile Tires,  
Automobile Operation, Troubles and Re-  
medies, Overhauling and Repairing—Infor-  
mation that enables you to thoroughly un-  
derstand any auto, from hood to tires, and how  
to handle it.

This Course has been prepared by recog-  
nized experts actually in the business. In  
other words, it is practical as well as  
theoretical.

To learn about it, and how you can most  
easily become an automobile expert, write  
today to
