destroyed by fire at an early hour on Monday morning. The fire is believed to have been set by some sneak thieves, who have been plundering in that district. The same parties, it is thought, also set fire to the Upper Sheffeld school, which, however, escaped distruction. The sneak thieves, at last account, were on their way to this city.

Fredericton should soon be well lighted A short time ago, the City Council granted the Gas Company permission to erect polls, etc., for the introduction of the electric light. At last night's Council meeting similar powers were granted to the new Electric Light Company; and the Corporation appointed Ald. Limerick, Richey, Tabor, Gaunce and Smith a committee to accertain the best means of lighting the city by electricity, the city itself to do the lighting.

Tuesday's St. John Telegraph, save :-"Ald. Macnutt and Mr. Hedley V. B. Bridges, arrived in town yesterday and registered at the Royal. They went to Halifax last evening. To-morrow, at 4 30 P. M., at the residence of the bride, Waterloo road, the interesting ceremony will take place. The bridal party will arrive in St. John, Thursday morning, and remain for a day or two. The aldermanic editor was the recipitate of the party of the party will arrive and original conent of many premature and original con-gratulations yesterday afternoon, from his newspaper friends in this city.

The main auditorium of the Methodist Church will be re-opened on Sunday next. Rev. Dr. Carman, general superintendent of the Methodist Church in Canada, will preach in the morning, and Rev. Dr. Lathern, editor of the Weeleyan of Halifax, will preach in the evening. The choir are preparing special music for both services. Mrs. Gilchrist, (Miss Prudie Hartt.) will sing in the morning and evening. It is also expected that ing and evening. It is also expected that Mrs. Bridges will take at least one solo. Our Methodist friends look forward to the re-open-ing with great interest, and will welcome to either morning or evening service the mem-bers of other denominations. Since the extensive repairs have been made by contrac-tor Scarr, and the painting done by Mr. Robt. Winters, the church is really very handsome.

Mr. Fenety has succeeded in securing, for one night only, (Tuesday evening, Sept. 13th) the engagement of the famous "Boston Stars," comprising the following eminent actors, Medora Henson-Emerson, the distinguished soprano, Walter Emerson, the greatest cornet player living, Rudolf King, the great pianist and composer, and Nells F. Brown, America's most gifted and popular reader. The ap-pearance of such a fine organization as the bove in the city is a matter of congratulation, and an entertainment of such a very rare order, our amusement loving people can but seldom have an opportunity of seeing. As considerable expense is attached to the bringing of such a company to our city, it is to be hoped that our citizens will show the appreciation of the ent-rprise by purchasing their tickets early. The best feature is the remarkably low price at which the reserved seats have been placed, viz., 50 cents. Admission 35 cents.

THE RAILWAY BRIDGE.

How the work Progresses—Emp loyment for all wishing it.

Work at the new Bridge is progressing rapidly. Pile driving for the pier foundation was completed yesterday. About 2,000 piles, 35 feet each, have been driven, which is considered a good month's work. The piles in three of the piers have been cut off, ready to receive the caiseons the first of which will be put down to-morrow. Three caiseons are mpleted and two others well under way. Free stone is coming in rapidly from the Miramichi quarries — Indiantown, Nelson's Hollow, Newcastle and Doaktown. Contractor Hogan has now 165 men at work in Fredericton and vicinity, and 110

nore at Spoon Island, the latter getting out wharf at Gibson.

The contractor is opening a quarry on the Rainsford property on the Hanwell road. From it will be got large stone to be used for backing,
All the granite to be used in the bridge will be prepared at Spoon Island and when brought to Fredericton will be ready to build

into the piers,

Mr. Hogan is still engaging stone cutters and masons, and offering the best wages. Since he increased the wages of granite cut-ters to in some cases as high as \$3.75 per day, men have been coming in rapidly, bu all the men wanted have not yet been secured.

Photographs of the work are being taken from time to time as it progresses.

DETWEEN eight and ten years ago, a medicine was introduced to the public, and a humanity was invited to try the same.

The proprietor knew from experience, that success was certain, but the human breast outd with prejudice that it forms one of the strongest barriers to break down and the enemy to overcome before any headway can be made towards the maneous has often proved itself to be "stranger than fiction," and it is a fact as solid as truth that SMITH'S CHAMOMILE PILLS have now become one of the leading Patent Medicines of the present day, from north to south, and from east to west, they are to be found in the homes of the rich and poor. All classes of society use them, and they are by thousands declared to be Worth their Weight in Geld.

For a Weak Stomach, impaired Digestion, and all disorders of the Liver, they set like "MASIC," and a few doses will be found to work wonders on the most important organs in the human machine. They strengthen the whole muscular system, rectore the long-lost complexion, oring back the keen edge of appetite, and arouse into action, with the rose-bud of health, the whole physical energy of the human frame. These are "facts" admitted by thousands, embracing all classes of society; and one of the best guarantees to the nervous and debilitated is, Smith's Changemille Fills have the largest sale of any Fatent Medicine in the Dominion.;

REFIERIENCES: H. W. Goddard, F. M. Murchie, George E. Sanda, F. H. Andrewa, H. & P. Cullinen, G. W. Abbott, Daniel Regan,! Eev. G. M. Camp Edward Price, J. D. Chipman, J. H. Ganong, J. F. Grant, J. Birectiens for tahing Smith's Chamomile Pills.

If the bowels are costive, the countenance sallow and the tongue furred, take 3 or 4 pills on going to bed; if they do not operate in ten hours, then take two more afterwards. Take one pill every (or every other night), just enough to keep the bowels genity moved. For ordinary Hillious Complaints one or two doses are sufficient. These pills act on the system very similar to bine pills, or blue Mass, but do not contain the least particle of mercury or calomes.
