Toronte 4, Niagaras 6.

The championship lacrosse match at Niagara Falls on Saturday between the Torontos and the Niagara seniors resulted in a hollow Holtory for the Queen City boys in four straights Time: 5 min., 20 min., 12 min., 10 min. In all the games some excellent lacrosse playing was done, and the large concourse of spectators were liberal in their applause. There was little or no roughness exhibited on either side. The Toronto boys left the Falls at 3 o'clock in the evening and arrived home at 12.25 yesterday morning.

The match showed that the Torontos have some fine stuff outside of their first twelve. The team was: Ross Eckhardt, goal; J. Drynna, Archie Mackouzie, Fred Carmichael, L. Boyd, W. Mehurg, W. J. Johnston, H. Davis, T. K. Henderson. Paul Carmichael, P. Scholfield and F. Boxall. All except Eckhardt, Drynan and Scholfield may be said to be colts. Henderson, Boyd, Johnston and Davis played a remarkable game.

Paris, June 4.—The Brants of Paris played their second came in the senior championship lacrosse series here this afternoon with the Athletics of St. Catharines. Fifteen hundred people witnessed the match, the large attendance being largely due to the alleged feeling between these teams, occasioned by the slugging match at St. Cathariness last season. Considerable betting was done, the St. Catharines men taking all the money offered at even figures. The game was called at 2.54 p.m., and the play was sharp and vigorous from the start. The defence fields were equally good, but the home of the Athletics Roger (coal), Williams, McCarthy, Yielding, Chaplin, O'Brien, McAteer, Frailek, Downie, Notman, Lynden and Fairfield; W. R. James, Field Captain. Brants: Robinson, Wilson, Clarke, Comors, Whitehaw, Onstead, Skea, Watson, Heath, Walker, D. Adams, J. Adams; D. Stniclair, Field Captain.

The Brants played roughly, the game being interrupted half a dozen times by injuries to the Athletics, The Brants won the match by Drives traight games, when the Athletics yielded. The games lasted 16 mins, 33 mins. Gand 1 br. 15 mins., respectively. S. Alf. Jones of Toronto was referce and Fuller of Brants Ford and McKay of Woodstock umpires.

Shamrocks 3; Brockvilles 1.

Bitockville, June 4.—Fully 3000 people visited the lacrosse grounds this afternoon to witness the lacrosse match between the Shamrocks of Montreal and the Brockville Lacrosse Clab. The weather was all that could be desired, and all who attended felt satisfied that the vinning club would have to do some hard two winning club would have to do some hard work. Shortly after 3.30 o'clock the referred, Mr. J. A. Michaud of the Montrealers, told the teams to get ready, and when they lined up on the field it was plainly to be seen that the Shamrocks had the advantage, being heavier and securingly in better condition than their opponents.

A few minutes classed and the weakers

be seen that the Shamrocks had the advantage, beling heavier and seeningly in better condition than their opponents.

A few minutes clapsed and the rubber was dropped for the first game, immediately it traveled down on the Shamrock flags only to be returned by Creagan, who throughout the entire playproved the backbone of the Shamrock team. After some very fine team play on both sides the ball was passed to Ellard, who by a well directed shot scored the first game for the Shamrocks in four minutes.

There was no time lost in getting ready for the second game, which proved to be of short duration, as the Brockvilles scored in exactly one minute's play. The third and fourth games were taken by the Shamrocks, the fourth being stubbornly contested and lasting over forty-five minutes' actual play. The money behind the Shamrock was plentiful and many bets at ten to sixty found no takers. The umpires, Mesers. Fliot and Teesy of Montreal, along with the referce, gave general satisfaction.

University Defeats Toronte.

On University Inwn on Saturday the Varsity Cricket Club deteated the Torontos by 26 runs in the first innings. Owing to the excellent bowling and fielding of the collegians the Torontos's core was kept very low, their total reaching but 55 runs. The Varsity's total was carried to 85 runs, thanks to the batting of E. C. Senkler, A. A. Macdonald and A. G. class yachts Mischief, Meteor, Caprice, Iris and Ackroyd's skiff Uneasy. The course lay through the western channel to a buoy off the Island lighthouse and return thence to the Eastern Gap and home. The Uneasy proved the specifiest craft, and although she was entitled to a time allowance of some 15 minutes she reached the finishing buoy a good first. The referes refuses to concede the prize, claiming the finish casceded the allotted time a half minute. Although the winners contend the race, through the non-readiness of the Mischief (owned by Mr. Parkinson, jr., son of the referes), did not start for some 5 minutes after the appointed time, the stakeholder and referee persist in having the race salled over.

But the Ottawa Government put down its toot and said it would be no party to a transaction that was purely a dodge to cheat a neighboring state out of its lawful revenue. Mr. Bunting was to the was to subscribe, so it was said, liberally to the Conservative campaign fund. But the Government remained firm. That is the great that day did he begin to grow sour. British kindred will ere long be ashamed of their slow and niggardly recognition of Canada's service, and will be forced into acknowlada's service, and will be forced into acknowlada's service, and will be forced into acknowlada's service, and will be forced into acknowlada and a's service, and will be forced into acknowlada in particular. There is something here to office the protective duties we have ever established or even thought of.

In connection with all this, Canada should insist upon having from dissatisfied Britishiers a plain answer to a question or two of a very practical kind, which we propose to repeat and to keep before the public. Is it not a fact that, taking one year with another, protection or now large the protection, we Canadians do buy about as heavy a bill of British goods as we are comfortably able to pay for? Or are our Old Country credit tors angry because we do not buy more than we are able to pay for, and so make default on our large debt—private, corporate, municipal, railway and governmental, all together? Let them give us some plain English on this point.

Mr. Wiman to the Rescue.

The contention of The World that commercial union would form but the foundation and buttresses for the superstructure—annexation—has received such general acceptance, is in fact so self-evident, that the advocates of the former have been driven into a defence of it against the latter, and Mr. Erastus Wiman, in an elaborate statement published in the Montreal Witness of Saturday, rushes to the research.

The Cowards' Masquerade.

We were told in 1878 that the trade question was not a party question. We were told last year and this spring that the Reil question was not a party question. Looking back now every one can perceive how false both those assertions were. But the same authority tells us now that commercial unnon is not a party question. In the nature of things it cannot be anything else. Unless the Liberal leaders take it up and push it it will never get before the people for decision. Nobody is silly enough to suppose that Sir John A. Macdonald and Sir Charles Tupper are going to champion it. They have distinctly intimated, by word and deed, quite an opposite intention. There may be a Liberal here who is opposed to commercial union, or a Conservative there who favore it, but every and any representative Conservative speaker and newspaper that can be mentioned is opposed to it, while such representative speakers and writers among the Liberals as have ventured to say anything have advocated it.
