GERMANY DESERTED
BY HER ALLIES

Austria-Hungary has accepted the terms of the Allied Governments for an armistice. Germany is now alone. Deserted by her allies and hated by the rest of the world, were her crimes less heinous she might almost excite pity. But of pity there will be none. Nothing but execration remains for the beastial nation that has dragged the sister nations through rivers of blood and Gethsemanies of agony. The fear of Germany has forever disappeared. Instead, in the hour of her defeat, even the little nations that have been held in check by her policy of "frightfulness" will no longer hesitate to show their contempt for the Hun. Holland shows this new situation in her notice to Germany that she will allow none of her troops to cross into The Netherlands. There is for Germany only one course open—complete surrender. Whether she quits now or later the result is not in doubt.

"On account of the flu," is competing with "on account of the war" as a standard explanation of the sudden advance in the price on nearly every article that the epidemic has caused a demand for. It is one "uplift" movement that does not require assistance or sympathy.

Victory Loan Sole
Topic for Canadians
During Next 10 Days

To This All Other Features
of the War Must be Completely Subordinated.

The Victory Loan must monopolize the attention of Canadians during the next ten days. There will be lots of time after the campaign, to speculate on the prospect of peace. In the meantime the call comes to all—"Carry on." The people in the rural districts especially should realize this.

Canadians at home must take their cue from Foch. When he says "Let up," they may be justified in doing so. But while the men are overseas the need for supplies will continue.

Bear in mind also that Canada's war expense will not cease at the moment when the soldiers lay down their arms. A long time must elapse before the boys overseas can be brought back. Probably 450,000 of them have gone over, and good judges say that they cannot be brought home under 15 months. In the meantime they must be kept.

Be it also remembered that a large proportion of the Victory Loan money will go to finance the sale of Canadian products abroad. The farmer is dependent on it for the sale of his wheat, beef, pork, butter, cheese and eggs to Great Britain.

So if the Canadian Army is to be maintained, and the farmers, manufacturers, mechanics and businesspeople generally are to be kept busy the \$500,000,000 wanted must be raised.

BUY VICTORY BONDS.

Victory Loan Promotes
the Farmers' Interests

The Victory Loan and the Farm go together.

Canada's surplus farm products could not be sold without the Victory Loan.

If the surplus could not be sold, prices in the home market would go to pieces.

It is one thing to raise farm products, but it is another thing to sell them for cash.

A large proportion of Canadian farm products could not be sold for cash, if it were not for the Victory Loan.

The farmer who invests in Victory Bonds thus helps to protect his own business.

LEND TO YOUR COUNTRY.

MANY YOUNG FARMERS

HAVE GONE OVERSEAS.

From the farms of Canada thousands of young Canadians have gone overseas. These boys have acquitted themselves splendidly. Now when the call comes for \$500,000,000 to support the army, and keep the business of the Dominion going on a war basis, the people in the homes from which these boys have gone will not be lacking.

Liberty Loan Set

Canadians High Mark

The United States did so well in the recent Fourth Liberty Loan campaign that Canada, in justice to herself, must do unusually well in the present drive, or she will suffer by the contrast.

The Americans started out with \$5,000,000,000 as their objective. They actually raised \$5,866,000,000. The number of subscribers is placed at 21,000,000, or about one for every five of the population.

To do as well as this Canada must raise over \$500,000,000. If she secures the same percentage of subscribers to the population, instead of having 1,000,000, she will have 1,600,000. As can readily be realized Canadians have their work cut out, but they are equal to it.

HAS YOUR COMMUNITY AN
HONOR FLAG WITH CROWNS?

See to it that your community gets an Honor Flag, and gets it at once. What is more, see that it gets a few Crowns on it. An Honor Flag is good; but Crowns are better. It is a fine thing to reach the objective set, but it is much better to go away beyond it.

Don't rest until you see that Honor Flag flying in your district. When it is hoisted you will think so much of it that you will insist on a few Crowns being placed there.

The Canadian Government recently fixed a price for creamery butter for export and the Guelph Herald rings the bell when it asks why another step further could not have been taken and the price for the local consumer fixed as well?—Simcoe Reformer.

The cause of the present epidemic promises to be as fruitful a subject of discussion as who was responsible for starting the war. It has been already attributed to war diet, prohibition, German poison germs, and lack of sugar.

It is said that nearly ten thousand lawyers and law students from Chicago have gone to the front. It is hoped that they will not take exceptions, file demurrers or question the constitutionality of any orders issued by their officers.

How dear to my heart is the steady subscriber,
Who pays in advance at the first of each year,
Who sends in his money, and does it quite gladly,
And casts round the office a halo of cheer.

He never says "Stop it, I cannot afford it."
Nor "I'm getting more papers now than I read,"
But always says, "Send it, the family likes it,"
In fact we all find it the thing that we need."

How welcome his letter when'er it comes to us,
How it makes our hearts throb, how it makes our eyes dance,
We outwardly thank him, we inwardly bless him,
The steady subscriber who pays in advance.
