When you see this Trade Mark on any Medicinal or Toilet Preparation you purchase, it is an assurance to you that every ingredient entering into that preparation is of the highest quality that money can procure. What is even more important, it is an assur-ance that these ingredients have been compounded, according to the best formulæ known, by expert chemists of long experience, in the employ of one of the largest wholesale drug firms in the world,

the National Drug and Chemical Company of Canada. As you have probably noticed, "NA-DRU-CO" is made up of the first parts of the words "National Drug Company". It is pronounced "NA-DROO-KO", with the accent on the second syllable.

Being aware of the extensive use in Canada of simple household remedies and toilet preparations, we felt certain that Canadians would welcome a line of these goods, sold under a distinctive trade mark, that they could be sure were not only of the highest standard and guaranteed purity, but were compounded by expert chemists, from formulæ that had been well tried out.

If we put this Trade Mark on one ar-What the Laws Say ticle only and proceeded to advertise For the protection of the public the law of each Province in Canada states it, plain common sense would tell us that we must make that article good or we would lose out-for people will law of each Province in Canada states that only thoroughly qualified men are allowed to dispense prescriptions— these men being physicians or graduates of recognized Colleges of Pharmacy. Formulae The National Drug and Chemical Company of Canada, Limited, ac-quired the businesses and maintains the honorable traditions of 21 of the principal wholesale Drug Houses in Canada, from Halifax to Vancouver. All of these firms had long and suc-cessful careers, some of them fifty to one hundred years, and during their existence they had accumulated a splendid lot of formulæ which all be-came the property of the "National." After giving these formulæ careful stu-dy and practical tests for several years we have now brought out, based on them, the NA-DRU-CO line of about 125 medicinal and toilet preparations. Formulae NA-DRU-CO preparations are so much better than the preparations whose prices are cut that discerning people prefer to pay full prices for the NA-DRU-CO goods, because they have the guarantee that every NA-DRU-CO article is compounded by expert che-mists from the very best ingredients. The Fourth Guarantee them, the NA-DRU-CO line of about 125 medicinal and toilet preparations. All the ingredients in these preparations are the best and purest that money can buy, and they are compounded by a staff of expert chemists, each of whom ranks high in his profession. We have such implicit confidence in NA-DRU-CO Preparations that we offer them with

is the firm behind the NA-DRU-CO Trade Mark. The National Drug and Chemical Company of Canada, Limited, is one of the largest wholesale drug firms in the over Five Million Dollars. We have wholesale branches in the principal distributing centres in Canada so that you can at all times satisfy yourself that there is such a firm. We are the argest buyers of drugs and do the greater part of the wholesale drug business in Canada. We employ a staff of about nine hundred people and distri-bute in salaries, dividends and other expenses over One Million Dollars an-among our Branches of about Two Million Dollars, and in addition we own real estate and buildings which are to-day worth about Five Hundred thousand Dollars, and other large

All this stands as a guarantee behind each package bearing the NA-DRU-CO Trade Mark.

The Second Guarantee of NA-DRU-CO quality is the NA-DRU-CO Trade Mark itself.

Ine Fourth Guarantee of NA-DRU-CO quality is short and very much to the point. If after try-ing any article bearing the NA-DRU-CO Trade Mark you are not entirely satisfied, return it to the druggist from whom you bought it and he will hand back your money. He will do it wil-lingly, too, because we guarantee to stand the loss and return to him every cent he gives back to you. **NA-DRU-CO** Preparations Not "Cure-Alls" There is no NA-DRU-CO prepara-tion that will cure everything, and we don't ask you to believe that there is. But there is a separate NA-DRU-CO remedy for each common ailment—a remedy that will command the confi-dence of the public. **Consult Your Physician** NA-DRU-CO medicinal preparations are not intended to take the place of your physician's prescriptions—far from it. When you are ill you need the physi-cian's skilful diagnosis and treatment, and it would be folly to depend on your own diagnosis and any hou remedy. But in emergencies when you cannot get the doctor quickly, and in many other cases, a reliable household remedy is a real blessing.
