« Tabitha, arise! Receive the crown of immortality which God hath prepared for thee. . . . .  
Arise and live! no longer a life, imperfect and corruptible, but a life immortal in the Brightness of Eternal Light! »

At the conclusion of this touching tribute, the casket, containing all that was mortal of our regretted benefactress, escorted by the members of our Community and the different Congregations present at the obsequies, was transferred to the crypt below the chapel, and deposited in a brick vault underneath the altar dedicated to St. Joseph. There may she repose in peace and continue from high Heaven to be the Friend and Protectress of our Community.
